This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

gations and liabilities, and to be held liable to pay and discharge all of the debts, liabilities, and contracts of the said corporation so existing, to the same effect as if such new corporation had itself incurred the obligation or liability to pay such debt or damages, and no action or proceeding before any court or tribunal shall be deemed to have abated or been discontinued by reason of this act.

SEC. 11. That Congress may from time to time alter, repeal, or modify this act of incorporation, but no contract or individual right made or acquired shall thereby be divested or impaired.

Under the direction of A. J. Gantvoort, president, Department of Music Education, members of that department sang the following song (the audience joining in the chorus), which was written by Upton Sinclair.

CANNING THE KAISER
(Tune: "Marching through Georgia")

News despatch—London, June 30: The newspapers declare today that the American soldiers and marines have already found a slogan, which is, "Can the Kaiser!" The British are much puzzled by the ability of the Americans to invent new slang, and the papers explain that the word "can" is used in the sense of hermetically sealing the Kaiser to prevent his further activity.

Bring the good old bugle, boys, we'll sing another song,
Sing it with a spirit that will move the world along,
Sing it as we need to sing it, half a million strong—
While we are canning the Kaiser.

CHORUS
Oh, Bill! Oh, Bill! We're on the job today!
Oh, Bill! Oh, Bill! We'll seal you so you'll stay!
We'll put you up with ginger in the good old Yankee way—
While we are canning the Kaiser.

Hear the song we're singing on the shining roads of France
Hear the Tommies cheering, and see the Poilus prance;
Africanders and Kanucks and Scots without their pants—
While we are canning the Kaiser. (Chorus.)

Bring the guns from Bethlehem, by way of old New York;
Bring the beans from Boston, and don't leave out the pork;
Bring a load of soda-pop, and pull the grape-juice cork—
While we are canning the Kaiser. (Chorus.)

Come, you men from Dixieland, you lumber-jacks of Maine;
Come you Texas cowboys, and you farmers of the plain;
From Florida to Oregon, we boast the Yankee strain—
While we are canning the Kaiser. (Chorus.)

Now we've started on the job, we mean to put it through;
Ship the kings and kaisers all, and make the world anew;
Clear the way for common folk, for men like me and you—
While we are canning the Kaiser. (Chorus.)

At the close of the song, President Aley called the meeting to order, and the following addresses were given:

"The War Danger to Children"—Kate Devereaux Blake, principal, Public School No. 6, New York, N.Y.

"Maintenance of Standards in All Schools as a Necessary Element of Preparedness"—F. E. Bolton, dean, College of Education, University of Washington, Seattle, Wash.

FOURTH DAY'S PROCEEDINGS

FIFTH SESSION—THURSDAY EVENING, JULY 12, 7:00 O'CLOCK

Preliminary to the regular program, the Circuit Court of the State of Oregon for Multnomah County was in session for the purpose of final hearings on petitions for naturalization and administration of oath of allegiance.

John P. Kavanaugh, presiding judge.

Present: Thomas M. Hurlburt, sheriff of Multnomah County; Joseph W. Beveridge, clerk; John B. Easter, deputy clerk, and Samuel W. Poole, bailiff.

The court was opened in due form by the sheriff. Five petitioners and their witnesses were sworn by the clerk and questioned under the direction of the court as to their qualifications by Naturalization Examiner Henry B. Hazard, Portland, Ore., representing the United States Bureau of Naturalization. These petitioners were students of the public

night schools of Portland, Ore., in which they had been trained for their citizenship duties and responsibilities under the supervision of L. R. Alderman, superintendent of schools, and John C. Veatch, supervisor of night schools. The court admitted the petitioners as citizens upon their qualifying, also 136 other petitioners of various nationalities who were present and who had previously past their examinations before the court, subject to taking the oath of allegiance. Their wives and minor foreign-born children, present, derived citizenship thru the naturalization of husband and father. This hearing was made possible thru the desire of the court to aid the Bureau of Naturalization and the public-school authorities in the cooperative work for the better preparation of the prospective citizens.

Following the examination, James F. Ewing, vice-president, Oregon Society, Sons of the American Revolution, Portland, Ore., presented American flags to applicants for citizenship. John P. Kavanaugh, presiding judge, gave an address to the applicants. All of the petitioners renounst allegiance to foreign sovereignties and took the oath of allegiance to the United States, after which the audience and the petitioners, led by W. H. Boyer, of Portland, Ore., joined in singing "America" and the "Star Spangled Banner."

At the close of the singing, President Aley called the meeting to order, and the following addresses were given:

"Cost of the Inadequate Night School"—Caroline Hedger, Americanization Committee Worker, Chicago, Ill.

"Religious Education as a Means of National Preparedness"—Charles E. Rugh, School of Education, University of California, Berkeley, Cal.

Address, E. O. Holland, president, State College of Washington, Pullman, Wash.

At the close of the addresses, Hugh McStay, San Francisco, Cal., gave an illustrated lecture on "Yosemite, the Incomparable."

FIFTH DAY'S PROCEEDINGS

SEVENTH SESSION—Friday Evening, July 13, 7:00 o'clock

Preliminary to the regular program, an illustrated lecture on "Oregon Wild Life" was given by William Finley, of Portland, Ore.

Following the lecture, President Aley called the meeting to order, and the following addresses were given:

"Education and the World War"—W. J. Kerr, president, Oregon Agricultural College, Corvallis, Ore.

"The University and the Nation's Ideals"—P. L. Campbell, president, University of Oregon, Eugene, Ore.

"National Education and World Polity"—E. O. Sisson, state commissioner of education, Boise, Idaho.

President Aley presented the president-elect, Mary C. C. Bradford, state superintendent of public instruction, Denver, Colorado, who spoke as follows:

I feel that the challenge of the present hour is more insistent and fundamental than has been heard by the world or the Association for many decades. The world crisis means the testing of democratic institutions as the product of democratic education. The great experiment in human brotherhood, called "United States of America," can only survive in spirit and in truth if all the children of all the people are afforded the enrichment, discipline, and stimulus of a vital, potent, character-building education.

Europe is suffering today from a war caused by a perfectly organized educational system based upon absolutely false educational and sociological ideals. To turn the tide

of war in favor of the peoples whose educational system has taught respect for the individual, the sanctity of human life, equal and free opportunities for all, has become our great task. And in this mighty effort to win the war that shall end wars, the schools must play their part. "The last line of defense," as President Wilson has called the educational organization of the country, must be kept intact, ready for all the varied forms of service that the world's struggle must necessarily impose upon each unit of our life. But fully as imperative as this is the task of so deepening, broadening, and strengthening our educational vision and vitalizing our educational administration that the rebuilding of civilization, after the war-storm shall have past, may receive its crowning contribution from the school world.

To save civilization thru the agency of the United States, a nation which is largely the product of the public schools, is the task of the present. To rebuild civilization across the sea in a fairer form and on a more enduring basis, is the mission of the future. Neither of these duties can be fulfilled unless we, the school people of the United States, realize our responsibility, dedicate ourselves to the work, assume the burden, and answer the call of the God of Nations with a glad response and the triumphant achievement of willing service.

Let us, the National Education Association, as the composite interpretation of the educational thot and life of the country, offer ourselves to the President of the United States as a unit in the army of soldiers of the common good, to be used by him as the developing needs of our present mighty struggle may indicate, to the end that we may help to "come true" the mighty dream of human brotherhood thrown upon the screen of history when this nation was born.

Let us *each* say in our hearts, with our lips, and in our lives: "*Lord God of Nations, here am I, what wouldst thou have me to do?*"

After brief remarks of thanks and appreciation, President Aley announst the adjournment of the Convention.

D. W. SPRINGER, *Secretary*

MINUTES OF THE MEETING OF ACTIVE MEMBERS OF THE NATIONAL EDUCATION ASSOCIATION FOR THE YEAR 1916–17

PORTLAND, ORE., JULY 13, 1917

The Association was called to order in the City Auditorium at 11:15 A.M., with President Robert J. Aley in the chair.

PRESIDENT ALEY: The annual business meeting of the National Education Association will come to order. Let me ask that when any of you rise to make a motion or to speak you will please announce your name and state so that the official stenographer can make proper note of it.

Some time ago I appointed a very competent committee to report at this meeting upon the decease of members. Owing to the conditions of the country this committee is not present. Their report will appear in the report of the convention in the *Yearbook*.

The first order of business, then, will be the report of the Executive Committee. The secretary will make the report for the committee.

SECRETARY SPRINGER: Before presenting the report, permit me to say that the Executive Committee, in making recommendations, is always limited by the funds in sight. The enrolment at this meeting will be practically the same as the enrolment at the Salt Lake City meeting, which means that our appropriations for work this year must total practically the same as the appropriations for that year. From the requests that came before the Executive Committee they therefore made their selection, bearing in mind two factors: First, certain committees were about ready to complete their work, and it was deemed wisest to give them what funds might be absolutely necessary in order that the work could be completed and the committee discharged. Secondly, there were some committees that, by reason of present conditions which are extraordinary, could very nearly as well, if not in some cases, better, defer their work for a year or two, and so very small appropriations were suggested for them, merely for the purpose of maintaining their organization. Another year appropriations for the purpose of actually carrying on the work can be made if the finances warrant, as we hope they will, at that time.

The Executive Committee presents the following report:

To the Active Members of the National Education Association:

As required by the By-Laws of this Asociation, your Executive Committee has carefully considered the requests for appropriations that have been presented by the chairmen of the various committees, both general and departmental. We believe that the Association should appropriate the amounts named to the following committees to be used by them during the year 1917–18:

Committee on Culture Element and Economy of Time in Education..... $ 25
(This appropriation is made on the understanding that the committee is to make a final report in 1919.)

Commission on the Reorganization of Secondary Education (Department of Secondary Education)..... 350
(This appropriation is made on the understanding that the committee is to make a final report in 1918.)

Committee on Teachers' Salaries, Tenure, and Pensions..... 50
(A year ago $1,000 was appropriated for the work of this committee. Its members felt that conditions were such that they would be unable to do the things that they would like to do and they have not spent any of the appropriation. They believe that the same conditions will exist during the present year, and simply desire to have sufficient to maintain incidental correspondence.)

Committee on Health Problems in Education (Council) 500
(In case the finances of the Association will warrant, the Executive Committee has power to increase this appropriation to a total not exceeding $1,000. This committee has had $1,000 a year, and the American Medical Association has been paying $1,000 a year under the agreement between the two Associations that they will match whatever appropriation is made. The Executive Committee feels that the committee is doing a good work.)
Committee on Economy of Time in Elementary Education (Department of Superintendence) 100
(This appropriation is made on the understanding that the committee is to make a final report in 1919.)
Committee on Vocational Education and Vocational Guidance 50
(This appropriation is made on the understanding that the committee is to make a final report in 1919. As the Commission on Reorganization of Secondary Education has a subcommittee on this same subject we shall have their report next year. The Executive Committee felt that the special work of this particular committee could better be carried out a year hence than at the present time.)
Committee on Superintendent Problems (Council) 100
(This appropriation is made on the understanding that the committee is to make a final report in 1918.)
Committee on Organization 1,200
Committee on Rural Education (Council) 50
Committee on Elementary-School English 250
(This appropriation is made on the understanding that the committee is to make a final report in 1918.)
Committee on Publicity (Department of Superintendence) 500
Committee on National University 25
Committee on Terminology (Department of Music Education) 25

Committees of the Library Department 100

Committee on the Improvement of Physics Teaching (Department of Science Instruction) 25
(This appropriation is made on the understanding that the committee is to make a final report in 1918.)

(This appropriation is made on the understanding that the committee is to make a final report in 1918.)
Committee on Standardization of Schoolhouse Planning and Construction (Department of School Administration) 500

In making these appropriations, your committee recommends that authority be given the Executive Committee for next year to assume temporary responsibility in deciding which expenditures are most important in the work of these various committees and also which expenditures shall be first authorized, if, in any case, it shall be impracticable for all such expenditures to be allowed.

PRESIDENT ALEY: You have heard the report. What shall be done with the report of the Executive Committee?

A MEMBER: I move that it be adopted.

A MEMBER: I second the motion.

PRESIDENT ALEY: It has been moved and seconded that the report be adopted. Is there anything to be said on the subject? Are you ready to vote on the question?

ALMINA GEORGE, of Washington: I want to ask a question, as a matter of information merely. Why is it so important that the Committee on Organization should be given over one thousand dollars as an appropriation for this year when some of the other committees which seem just as vital, if not more vital, to the teaching profession right now, such as the Committee on Teachers' Salaries, Tenure, and Pensions which is dis-

posed of with an appropriation of fifty dollars, altho perhaps now it is not timely to take up that subject? I am wondering why one thousand dollars should be appropriated at such a time as this for the Committee on Organization, when the other should receive so much smaller an amount, because it seems to me that the timeliness in one case should effect the timeliness of the other in about the same way.

PRESIDENT ALEY: I would say that it was determined in part by the attitude of the committee itself. The Committee on Tenure did not feel that much could be done at this time and the Committee on Organization, on the other hand, was very sure that much could be done in the coming year. Possibly the Secretary might state briefly the facts about the Committee on Organization.

SECRETARY SPRINGER: I am wondering whether the Committee on Organization is fully understood. For three or four years there has been an increast sentiment in this Association that we should get into closer touch with our state organizations of teachers, and this last winter at Kansas City there was an unofficial meeting of representatives from the various state teachers' associations, as a result of which it appeared that there was a general sentiment to the effect that conditions were about right for attempting to do in the National Education Association what has been done in the American Medical Association and in the American Bar Association, and in the National Engineers' Society, namely, secure an affiliated relation between the national body and the state bodies.

The report of this committee, which will be presented later, is somewhat general, but it reacht certain conclusions which it would like to carry out this year. It is asking the state associations to appoint committees with a little more power than last year, and it hopes a year hence to bring, not only to this Association, but to the various state associations, a method, following one or the other of the three societies named, which will result in the National Education Association greatly extending its influence, because with a larger membership we shall have more money to appropriate for special committees. In the case of the Committee on Tenure the committee itself was largely responsible for the size of that appropriation.

PRESIDENT ALEY: Is there anything further to be said? The motion before you is upon the adoption of the report of the Executive Committee. Those in favor of adopting the report may signify it by saying "aye," those opposed "nay." The ayes have it, and the motion prevails.

SECRETARY SPRINGER: The Executive Committee also recommends that the Committee on Federal Aid to Vocational Education and the Committee on Foreign Relations be discharged.

PRESIDENT ALEY: What shall be done with these two committees? You have heard the recommendation of the Executive Committee.

A MEMBER: I move the adoption of the recommendations.

ANOTHER MEMBER: I second the motion.

PRESIDENT ALEY: Is there anything to be said on the question? It has been moved and seconded that the Committee on Federal Aid to Vocational Education and the Committee on Foreign Relations be discharged. Those in favor may say "Aye." Those opposed "Nay." The committees are discharged.

SECRETARY SPRINGER: The Executive Committee also recommends that the representation of the National Education Association upon the Joint Committee on Grammatical Nomenclature be continued in order that they may cooperate in the work of that committee.

PRESIDENT ALEY: What will you do with the recommendation?

On motion seconded and carried it was adopted.

SECRETARY SPRINGER: When the National Education Association past the resolution naming eight words to be spelled in a reformed manner, it also past a resolution by which any person who desired could have his paper printed in the standard spelling. Last year the Association past another resolution still further reforming its spelling.

The Executive Committee believes that the *Proceedings* should be uniform in spelling and suggests that the resolution granting any author special privileges be rescinded unless the Association desires to rescind the resolutions by which reformed spellings were adopted. I think you can all of you see the necessity for having the articles in our *Proceedings* spelled uniformly.

PRESIDENT ALEY: Two propositions are proposed by the Executive Committee. They are alternative in form. The first one is that if the Association desires to continue its approval of certain spellings that the resolution giving to authors of papers the right to avoid these spellings be rescinded. The alternative is that the Association rescind its order for the special spellings. This calls for a motion.

A MEMBER: In the interests of efficiency I move that the simplified spelling be adopted and that the report in that respect be made uniform.

PRESIDENT ALEY: You move, in other words, that the resolution granting this special privilege to authors be rescinded by the Association?

A MEMBER: Yes.

PRESIDENT ALEY: I hear a second to the motion. Are you ready for the question or is there anything to be said on the subject? The motion is that the resolution of some years ago permitting authors of papers the right to spell in the old way be rescinded. Are you ready to vote?

SHELTON PHILLIPS, of Florida: I amend that motion by giving authority to the author of any paper who does not approve of this form of spelling the privilege of making a footnote directing attention to the fact that this spelling is in conformity with a provision made by the National Education Association and not because of his personal choice.

PRESIDENT ALEY: Is there a second to the amendment?

A MEMBER: I second it.

PRESIDENT ALEY: It has been moved and seconded that the motion be amended so that authors may have the privilege of expressing in a footnote that the spelling is in conformity with the rules of the Association, but not of their personal selection. The vote is upon the amendment. Those that are in favor of the amendment may so vote. Those that are opposed. The nays seem to have it. The nays have it. A division is called for. Those in favor of the amendment may stand. Those opposed may stand now. It is not necessary to count them. The amendment is lost. The question is now upon the original motion. The motion prevails.

PRESIDENT ALEY: The next order of business is the report of the Board of Trustees, which will be presented by Chairman Pearse.

CARROLL G. PEARSE, of Wisconsin:

There is very little to be said with reference to the report of the Board of Trustees for the present year. You will find listed in this printed report, which I hope each of you will take with you and look over as you have the opportunity, the statement of the income and a statement of the disbursements of the income from our permanent investments. Also you will find a statement of the expenditures on account of capital. There is a list of the securities showing the different kinds of bonds and the amount of each. There is a showing of the actual, that is, the face, value of these securities, and of the book value of each. The only things which it is desired to call your attention to are these: First, that during the year the income of the Association was larger than it has been for several years past, and it was possible to make further investments amounting to eleven thousand five hundred dollars ($11,500.00), and that the invested permanent funds of the National Education Association are today on the book value of the securities two hundred thousand dollars ($200,000.00).

Second, that near the close of the year, Liberty bonds became available as an investment, and while these bonds do not pay as large a return on the investment as some other bonds which could be purchast, yet the Trustees have felt that it was just and right for this Association to use such funds as might become available during the year for investment in Liberty bonds. Since the Liberty bonds became available this has been done, and it is the purpose of the Trustees, as I understand it, that any funds which become

available will be reinvested in bonds of the United States, ordinarily spoken of as Liberty bonds. Beyond this the Trustees have nothing further to report.

PRESIDENT ALEY: What shall be done with the report of the Board of Trustees?

A MEMBER: I move its adoption.

A MEMBER: I second the motion.

PRESIDENT ALEY: It has been moved and seconded that the report of the Board of Trustees be adopted. Is there anything to be said? Those in favor of that motion may signify it by saying "Aye." Those opposed "Nay." The motion prevails. The report is adopted. We will now hear the report of the Treasurer.

THOMAS E. FINEGAN, of New York: The Treasurer's report has also been printed and copies have been distributed. I shall not, therefore, read it. If there is anyone present who desires information in connection with any transaction it will be given. Your attention is called to the fact that there is a balance of four thousand one hundred and eighty-seven dollars and ten cents in the treasury ($4187.10) and that there is also the sum of one thousand dollars ($1000) in the hands of the Secretary for commercial exhibits.

PRESIDENT ALEY: Are there any questions with regard to the Treasurer's report? If not what will you do with it?

A MEMBER: I move its adoption.

ANOTHER MEMBER: I second the motion.

PRESIDENT ALEY: It has been moved and seconded that the report of the Treasurer be adopted. Is there anything to be said upon the motion? Those in favor of the motion signify it by saying "Aye." Those opposed "Nay." The motion prevails and the report is adopted.

We will now hear the report of the Auditing Committee, which is in the hands of the Secretary who will read it at this time.

SECRETARY SPRINGER:

We, the undersigned, have examined the report of the examination of accounts of the Board of Trustees for the year July 1, 1916, to June 30, 1917, made by Walton, Joplin, Langer & Co., certified public accountants, Chicago, Ill., and the report of the examination of the accounts of the Secretary and Treasurer made by Hollis, Tilton & Porte, certified public accountants, Detroit, Mich., and find that the printed reports are in conformity with the reports of the auditors.

FRANK B. COOPER, Washington
J. G. CRABBE, Colorado
ANDREW A. KINCANNON, Tennessee

PRESIDENT ALEY: It might not be understood by all of you that our By-Laws require the appointment of an auditing committee of three active members, none of whom shall be officers of the Association. Such a committee was appointed and the personnel of the committee was as read, and that committee makes the report which you have heard. What will you do with the report?

A MEMBER: I move its reception and adoption.

ANOTHER MEMBER: I second the motion.

PRESIDENT ALEY: It has been moved and seconded that the report of the Auditing Committee be received and adopted. Any question or discussion on that motion? Those in favor of the motion may signify it by saying "Aye." Those opposed say "Nay." The motion prevails and the report of the Auditing Committee is adopted.

Is there any unfinisht business?

SECRETARY SPRINGER: A year ago notice was given by the Executive Committee that at this meeting a proposal would be made to amend Section 3 of Article III, changing the date of the fiscal year from June 30 to May 31. At present we have to close our books on June 30 to get them ready for the meeting, which sometimes begins on the second day of July, and it is extremely awkward.

PRESIDENT ALEY: The matter before you for action is upon the amendment proposed one year ago to the By-Laws. The amendment changes the date of the fiscal year to May 31. If it meets with your approval, in the future your year will begin June 1 and end May 31. Is that clear? What shall be done with the proposed amendment?

HOMER H. SEERLEY, of Iowa: I move the adoption of the amendment proposed by the Executive Committee.

A MEMBER: I second the motion.

PRESIDENT ALEY: Is there any discussion?

ELLA FLAGG YOUNG, of Illinois: Why don't you make your fiscal year the fiscal year that is recognized in all banks and in almost all organizations outside of schools? Why can't they have it begin and run from January 1 to December 31? I would like to be informed as to that. This may not be the place or time to ask for information.

PRESIDENT ALEY: I presume the main facts determining the recommendation as to the change are these: that a report made December 31 would, of course, have to wait six months for action by this body unless the time of the annual meeting is changed. I agree with what has been said about the usual fiscal year, but its possibilities here are not the same. The federal government terminates some of its fiscal years at various times so that the difference is not confined to our Association by any means. Is there any other discussion or are there any further questions? Those in favor of adopting this amendment may signify it by saying "Aye." Those opposed "Nay." The motion prevails and the amendment is adopted.

SECRETARY SPRINGER: There was another amendment proposed, but it was laid on the table a year ago because of the fact that we had a Committee on Organization. It was not deemed wise to take action upon it until the committee presented its report. If it is the will of the members it will remain on the table for another year pending the report of the Committee on Organization.

PRESIDENT ALEY: Is there any objection to taking this action since we have a committee working on that very point? I hear no objection. There being none it will lay on the table.

SECRETARY SPRINGER: A year ago there were two petitions presented to the Association for the establishment of two new departments. Under the Constitution and By-Laws departments are establisht as the result of petitions, signed by twenty-five active members, which have been before the Association for the period of at least one year. One of the petitions reads:

> We, the undersigned, active members of the National Education Association, petition that the Conference of Deans of Women be incorporated as a Department of the National Education Association.

The Deans of Women have carried on meetings for two years and have met with us as an affiliated body. The petition is signed by the requisite number of active members.

The other petition reads:

> We, the undersigned, feel that the solution of the penmanship problem in the schools—the elementary, secondary, and teacher-training—would be greatly simplified by the cooperation of the National Education Association. Therefore we respectfully petition that a department be created to that end, said department to have the same rights and privileges as those already in existence. Further, we suggest that this be known as the Department of Penmanship.

This is signed by the requisite number of active members.

PRESIDENT ALEY: What shall be done with the first request from the Council of the Deans of Women?

A MEMBER: I move the creation of the department.

ANOTHER MEMBER: I second the motion.

PRESIDENT ALEY: It has been moved and seconded that we act favorably upon the petition for the establishment of a department to be known as the Department of Deans of Women. Is there anything to be said on the motion?

MR. PEARSE: There is one thing I wish to suggest. I do not want to dictate to our sisters in this matter, but it occurs to me that in the title for their department it might be made more inclusive. There are other women in administrative work—other than deans of women. If it were made a Department of Administrative Women it might answer a wider purpose.

RHODA M. WHITE, of Washington: The organization that has askt for admission as a department to be known as Deans of Women does not include any other administrative women. It is the National Conference of Deans of Women of Higher Education, rather formidable, but definite. A larger organization would not be the department petitioning.

PRESIDENT ALEY: Is there anything further to be said about the motion?

MR. SEERLEY: I would like to raise a point. Any of the members of this Association can go into the meeting of any department and vote and participate in the business pertaining to it. It takes away from the present organization the control of the society and it would put them upon a par with the rest of the divisions so that any person attending would be a voter. Is that true?

PRESIDENT ALEY: It is exactly true.

SECRETARY SPRINGER: The amendment that is before us awaiting the report of the Committee on Organization provides that the right to vote and hold office shall be restricted to the department indicated by the member when paying annual dues.

MR. PEARSE: Well, then, doesn't this absolutely destroy the purpose of this organization by allowing the opening up of their offices to others than the ones who are specifically interested in the problems which they have?

PRESIDENT ALEY: There is no question that the facts would be as you have stated. If the deans of women are willing to risk it perhaps mere men ought not to take it too seriously.

MR. SEERLEY: I think that this national organization has a special work and I am pleading now for their cause and not for ours. Thinking more of the future of their organization—I do not feel that this is a good plan, and nevertheless I am willing to vote for it if they believe it to be a good thing.

PRESIDENT ALEY: Is there anything further to be said? Those in favor of granting the petition for the establishment of a Department of Deans of Women may signify it by saying "Aye." Those opposed "Nay." The motion prevails and the petition is granted.

The other petition is for the establishment of a Department of Penmanship. What shall be done with this petition?

A MEMBER: I move that it be granted.

PRESIDENT ALEY: Is there a second to the motion?

A MEMBER: I second the motion.

PRESIDENT ALEY: Are there any remarks?

WILLIAM K. DWYER, of Montana: It seems to me that this proposed Department of Penmanship should be included in the Department of Elementary Education. We have a Department of Kindergartens, and some persons would say that it would be well to blend the two—but there is a difficulty. I think that it would be absurd for us to have a special Department of Penmanship. A provision can be made very readily in the Department of Elementary Education, and I think it would be absurd to have a special department.

PRESIDENT ALEY: Is there anything else to be said upon the petition?

SARA H. FAHEY, of New York: I want to emphasize that point. It is very important. While we do want to stress penmanship in schools, it is only a tool toward knowledge, and

to create a department in the National Education Association especially for that work, it seems to me, would be absurd.

PRESIDENT ALEY: Is there anything else to be said?

CHARLES R. FRAZIER, of Washington: It seems to me that penmanship is a specialized subject in some such sense, it is true, that art and music are. We find it necessary to employ specially trained people in those branches and also for penmanship, and if they are sufficiently interested and enterprising as to want a special department to advance their interests I am in favor of voting for it. It will do no harm and it may do good.

ARTHUR H. CHAMBERLAIN, of California: May we not put this on the table for one year inasmuch as the Committee on Organization will have much more difficulty in preparing plans for your consideration if you multiply departments at this time?

A MEMBER: I move that the motion be laid on the table for one year.

ANOTHER MEMBER: I second the motion.

PRESIDENT ALEY: It has been moved and seconded that the petition for the establishment of a Department of Penmsnahip be laid on the table for one year. Those in favor signify it by the usual sign. Those opposed "Nay." The motion is carried and the petition lies on the table for one year.

PRESIDENT ALEY: The report of the Committee on Organization. I recognize Mr. Chamberlain for that committee.

MR. CHAMBERLAIN: The Committee on Organization reports as follows:

The committee, after extensive correspondence and personal exchange of view, has reacht the conclusion that the changes in the form of organization of the National Education Association needed to make it an efficient instrument for the purpose of the teachers of the country involve the following fundamental points:

1. The Association should have an organic connection with the various state teachers' associations, so that membership in the state association should carry with it membership in the national association. The American Medical Association is organized in this fashion. Recent reorganizations of the state teachers' associations in California, Illinois, and other states involve the same principle.

2. The annual business meeting of the National Education Association should be a meeting of delegates elected by the members living in the states, a delegate being chosen for a certain number of members.

3. Active membership of the Association should be restricted to teachers actively in the profession. Others interested in the work of the Association may be granted a special membership, the privileges and duties of which may be fixt by the Association.

In view of these fundamental considerations:

1. The Committee on Organization serves notice in accordance with Article XI of the By-Laws of the Association that it hereby "substantially proposes in writing" the amendments or alterations necessary to effect this organization, in order that the final form of the changes may be acted on at the annual meeting of 1918.

2. The Committee on Organization asks authority from the National Education Association to negotiate with the various state teachers' associations as to the form of organization which might be acceptable to all parties, with the distinct understanding that the National Education Association is hereby committed to no final favorable action in the final report of the Committee on Organization.

The members of the committee present at Portland beg to recommend, further, that consideration be given to the securing of continuity in the department programs. To this end we suggest a program committee for each department, serving for a period of years. This should also result in reducing the number of speakers at each session.

I move the adoption of the report.

A MEMBER: I second the motion.

PRESIDENT ALEY: You have heard the report and the motion for its adoption, which merely puts the whole matter on the table and serves notice for action next year. Is there anything to be said?

MRS. YOUNG: Was that report of the Committee on Organization and its suggestions to do away with the large National Education Association meetings we have been holding for many years?

PRESIDENT ALEY: I think it has in mind the making of a larger meeting than heretofore.

MRS. YOUNG: I thought it provided that only delegates were to come?

PRESIDENT ALEY: No. The delegates were to have the voting power.

MR. CHAMBERLAIN: The rest of us are to be looking on. Frequently there are in attendance at this convention two, three, half a dozen, or ten active members from a state. It seems to be the desire on the part of the members of the committee to have a delegate from each state named by the state association so that every teacher in a given state has a voice in this meeting instead of three or four who are here.

PRESIDENT ALEY: Are there any other questions? I think it is a matter of such importance that it ought to receive during the year very careful consideration by all the members of the Association. Next year when the matter comes up we ought to be able to discuss it from every possible angle.

KATE D. BLAKE, of New York: I would like to ask that that report be printed and sent to each active member. It is a very momentous step we are taking.

PRESIDENT ALEY: It will be in the September *Bulletin*.

MISS BLAKE: May I ask that you call it to the attention of everybody here so that they will all read it in the September *Bulletin*. In states there are often organizations of teachers which are quite as large, or larger, than the state teachers' organizations and larger than the membership of that state in this organization. That is the case in New York City. Some of the city organizations are bigger than the state organization. I would deplore seeing such organizations excluded from such an organization as is proposed. It seems to me that an organization such as this ought to be proportionally representative, according to the number of members in the different organizations of the state.

PRESIDENT ALEY: That is a matter I am sure that the committee will have in mind in working out the details.

NINA O. BUCHANAN, of Washington: Do I understand that the membership in the state association would constitute membership in the national association? I would like that explained. Just how would that be?

PRESIDENT ALEY: I cannot tell you. The details have not been workt out. That is one of the things that they want to work on and report on next year.

MISS BUCHANAN: Then maybe their report will be printed before they meet next year, and we shall have a chance to understand what they propose.

PRESIDENT ALEY: Certainly, it will be. You will have the printed report and will have a chance to get at what their ideas are on the matter.

MISS PARKER, of Washington: Since I have been attending the meetings of this Association I have noticed a great liberalizing tendency. It appears to me that it has become very much more liberal and less conservative as time has gone on. I have attributed this to the vast number of teachers who are not on executive committees and who are walking delegates at the meetings. I would like to give warning to the women that it strikes me that this motion will tend away from the strong element that is now existing.

PRESIDENT ALEY: Is there anything further to be said? The motion is upon the acceptance of this report, which lays the matter over for a year for further consideration. Those in favor please indicate it by saying "Aye." Those opposed "Nay." The motion prevails.

SECRETARY SPRINGER: There will also be printed in the September *Bulletin* a reprint from last year's December *Bulletin* headed "Suggested Changes in the Plan of Organization." Perhaps some of you read it, and I hope that you will all read it when it reappears. Had it been possible for the Committee on Organization to have had a majority of its members present at this meeting, the probabilities are that most of it would have been incorporated in their report, for it takes up the matters in detail.

PRESIDENT ALEY: The next order of business is the report of the Committee on Resolutions, by Chairman Crabtree.

J. W. CRABTREE, of Wisconsin: The membership of the Committee on Resolutions present at this meeting consisted of the following persons: Josephine Corliss Preston, state superintendent of public instruction, Washington; C. A. Duniway, president, University of Wyoming; E. O. Holland, president, State Agricultural College, Washington; A. C. Barker, superintendent of Oakland public schools; Mary C. C. Bradford, state superintendent of public instruction, Colorado; P. L. Campbell, president, University of Oregon; Susan M. Dorsey, assistant superintendent of Los Angeles public schools; J. W. Crabtree, president, State Normal School, Wisconsin.

The action of the committee was unanimous. The committee submits its report in two parts:

1. An expression of appreciation to the Portland people for entertainment, kindness, and courtesies;

2. A declaration of principles growing out of the great preparedness and patriotic program of this meeting.

The statement of appreciation is as follows:

The members of this Association express their grateful appreciation to the Committee on Arrangements, under the leadership of Superintendent L. R. Alderman, and O. M. Plummer, of the Portland Board of Education, for the extensive measures taken for the success of this meeting; to the local press and to the representatives of the Associated Press and of the United Press for complete and reliable reports of our meetings and encouraging and valuable editorial comments on educational topics; to the special committees on entertainment, to the teachers, to the Board of Education, to the city officials, and to the citizens of Portland for the royal welcome and the whole-souled generous hospitality accorded to this Association.

I move the adoption of this part of the report.

PRESIDENT ALEY: Do I hear a second?

A MEMBER: I second the motion.

PRESIDENT ALEY: You have heard the first part of the report relating to expressing our appreciation to the people of Portland and to all the persons concerned in making our stay here so pleasant. Are you ready to vote? Those in favor of adopting that part of the report may signify it by saying "Aye." Those opposed "No." It is unanimously adopted.

CHAIRMAN CRABTREE: Permit me to make this explanation before reading the second part of the report:

After considering all questions involved, taking into account the great responsibilities which confront our nation at the present time, thinking of the important mission of the United States in this world-conflict, thinking of the patriotic desires of the teachers of America, your committee desires, in lieu of the time-honored long list of resolutions bearing on all phases of school work, to submit for your approval a brief declaration of principles built around the one all-absorbing question which is on the minds and hearts of all teachers and all citizens.

The declaration of principles is as follows:

The National Education Association, assembled in annual convention in the city of Portland under unprecedented conditions of world-war, recognizes that the first duty of the hour is whole-hearted national loyalty. Our supreme wish is to give the fullest measure of service for the sacred cause of our country and our Allies, in defense of democracy and righteousness.

We pledge to President Wilson and the national administration and to governors and other authorities of our respective states that we will conduct all educational affairs committed to our care in this spirit, putting aside for the present the consideration of all other questions, however important.

We rejoice that the young men and young women of our country have manifested such a splendid spirit of patriotic devotion to the national cause. The records of our secondary schools, colleges, and universities give proof that the American educational system has not failed to inculcate the spirit of patriotism. We are proud of the work

that our young people are doing in army, navy, training camps, hospitals, and Red Cross service.

Realizing that this is not to be a war of a few months, that victory is to be won, not so much by individual valor as by organization and full use of the resources of the nation, we are convinst that the educational system must be maintained in the highest possible state of efficiency. All are agreed that standards in the elementary, secondary, and industrial schools must not be allowed to deteriorate during this crisis, but, if possible, must be improved. Likewise collegiate and professional education must be encouraged and further developt, because one of the greatest needs of the country, both in war and in periods of national reconstruction, is trained leadership.

In this spirit we recommend to all who are responsible for educational organization and administration that they survey present conditions and evaluate the work being done, in order that the greatest possible efficiency may be immediately secured. Revision of courses of study, improvement of methods of instruction, alterations in the lengths and dates of school terms, shortening of vacations and holidays, adaptations of school days with provision for part-time work, the maintenance of continuation schools, the wider use of school plants, prompt organization and further development of industrial and other forms of vocational work—all these matters should receive immediate attention and prompt action.

Physical education, including medical inspection for all children in all schools, should be workt out wisely and emphasized as never before.

In technical institutions, colleges, and universities, where the young men are of suitable age, we recommend that the government give every encouragement to genuine military training, ample in scope and practical in character.

The nation needs the benefits of genuine thrift and conservation of all resources. To this end we recommend that all schools and institutions make definite provision for the teaching of these practical virtues. We recommend that the existing extension departments of all our land-grant colleges, normal schools, and other institutions be strengthened in order that their advantages may be brought to all the people.

We reaffirm the previous recommendations of this Association on the justice and educational value of manhood and womanhood suffrage, the establishment of a national university, the creation of a national department of education under a secretary of education, the protection of teachers and institutions from designing partisanship, and the maintenance of improved standards of salaries commensurate with conditions of living.

We urge that patriotism be taught by every teacher of whatever grade, by methods adapted to the mental and spiritual life of pupils, whether this be by heroic story, by song, by biography and history, by social ethics, or by a revised and vitalized civics.

We ask the cooperation of the National Council of Defense, state councils of defense, governors, superintendents, and all school officers, in order that these recommendations may be put into practice in the shortest possible time and in the wisest possible way.

Finally, as President Wilson has given us the vision, we ask the blessing of God upon the cause of the nations in alliance to save the world from militarism and autocracy, and we pledge again that we will work with entire devotion for the establishment of a triumphant peace after victory, a peace to be administered by a "Veritable League of Honor," an inclusive league of nations, founded upon the principle of national loyalty extended into world-citizenship.

I move the adoption of these resolutions.

PRESIDENT ALEY: Is there a second to the motion?

A MEMBER: I second the motion.

PRESIDENT ALEY: You have heard the resolutions as presented by the committee, and the motion properly made and seconded for their adoption. Is there anything to be said? All those in favor of adopting the resolutions as read may stand. Those opposed may stand. The resolutions are unanimously adopted.

CHAIRMAN CRABTREE: There is another resolution:

Resolved, That President R. J. Aley is hereby authorized to appoint such committees as he considers necessary to promote and to make effective the suggestions and recommendations embodied in these resolutions.

A MEMBER: I move the adoption of the resolution.

A MEMBER: I second the motion.

CHAIRMAN CRABTREE: You have heard the motion for the adoption of this resolution giving President Aley power to appoint such committees as he considers necessary

to promote and make effective the suggestions embodied in these resolutions. All in favor make it known. All opposed. The motion is carried.

PRESIDENT ALEY: Is there, at this time, any new business to be presented to this Association?

JULIA C. COFFEY, of California: I wish to refer to the matter under discussion this morning, that is, the report from your Committee on Organization and its suggested plan that the National Education Association shall be composed of delegates from the state associations of teachers, or workt out in some such way. I think it is a very fine plan to unite the local organizations, the state organizations, and the National Education Association. I think, too, that the plan should be given widespread circulation so that there will be an opportunity for full discussion. I hope and will see to it that my state organization will have a full opportunity to discuss it, and I feel that all other members are in the same mood. The teachers of the nation have formed splendid local organizations. From these local organizations the teachers of this nation will make a great national organization. If it is in order I would like to ask that the Secretary be instructed that a copy of the September *Bulletin* be sent to every state organization of the country, and if there is no state organization that it be sent to the largest local organizations of teachers in that state. This is so that it may come for discussion before every meeting of teachers in the United States, so that when we meet next July it may have the intelligent action of everybody.

PRESIDENT ALEY: The Secretary tells me that that is on the plan, that it will be done, and that a motion is not necessary.

MR. PEARSE: May I add just one word to what has been said? I am not in order, but I want to say a word in line with what was said by the lady from California. I have had a conversation with Chairman Owen, of this committee, and happen to know, therefore, that it is the hope and plan to take up this proposed organization with the state associations. Someone in the organization informed as to all the ideas shall, in as many instances as possible, be present at the state teachers' association meetings so that, not only from our publication, but by personal conversation, it is hoped to make this plan as familiar as possible to all the teachers in all the states of the Union. There are six hundred thousand teachers doing business in the United States, and there are less than ten thousand of them regularly members of the Association. The number of members of the National Education Association ought to be multiplied forty fold.

PRESIDENT ALEY: Before the chairman of the Nominating Committee reports, I want to make just one statement. The man, whom many of you have not seen at this meeting, but who is responsible for the splendid publicity that the meeting has had, not only in the papers of this city, but thru the Press Association to all the papers of the entire country, is Professor J. W. Searson, of Manhattan, Kans. I take this opportunity of expressing my own personal appreciation of the fine service that he has rendered. I know that in doing that I express the appreciation of all of you. He has rendered a marvelous personal service.

Mr. Kirk, chairman of the Nominating Committee, will now report for his committee.

DURAND W. SPRINGER, *Secretary*

Approved,
ROBERT J. ALEY, *President*

ANN ARBOR, MICH., OCTOBER 21, 1916

The Executive Committee met in the office of the Secretary, holding morning, afternoon, and evening sessions.

Present: Robert J. Aley, President; Thomas E. Finegan, Treasurer; Carroll G. Pearse, Chairman, Board of Trustees; George B. Cook, Member by Election; Durand W. Springer, Secretary. The minutes of the meetings of the Executive Committee held in connection with the New York meeting were read and approved. These minutes appear in the *Yearbook* for the New York meeting.

It was agreed that hereafter duplicate copies of minutes of meetings of the Executive Committee should be mailed to each member of the Committee within five days after

such meeting. If corrections are necessary the Secretary should be notified on one of the copies, which will be returned with an O.K.

The Secretary presented comparisons of the summer and winter meetings for the last five years, and the suggestion was made that attention should be called in the next *Bulletin* to the fact that the meetings of the Department of Superintendence have been more than self-supporting, whereas some members of the Association have received the impression that they were an expense to the organization.

The Secretary presented a proposed budget for the year, following a study of which the appropriations recommended by the annual meeting and the Board of Directors at New York were allowed under the conditions originally provided.

It was agreed to transfer $10,000.00 to the Board of Trustees for investment in the permanent fund.

Director Howard A. Gass, of Missouri, having died, W. H. Martin, of Kansas City, Mo., was tentatively appointed as Director from that state.

President Aley presented a request which had come to him from the Peace Committee of Philadelphia Yearly Meeting of Friends suggesting that the Association invite a number of representative Mexican educators to be present at the next meeting of the Association. It was agreed that such an invitation should be extended at the proper time.

A communication was received from Thomas W. Bicknell, president of the National Education Association in 1884, relating to some historical material in his possession. The Secretary was authorized to inform Mr. Bicknell that the Association would be pleased to secure the same at any time when he was prepared to part with it, and to thank him for calling our attention to the fact of its existence.

The Secretary presented a report relating to the meeting of the Department of Superintendence at Kansas City.

The Secretary was instructed to ascertain the cost of printing a separate *Index of the Proceedings* for the last ten years, of printing it in such a form that it could be used as an addition to the *Index* which was publisht in 1906, and of printing a complete *Index of the Proceedings from 1857 to 1916.*

The Secretary presented a detailed statement with regard to the commercial exhibits which have been held in connection with the St. Paul, Cincinnati, Detroit, and New York meetings. These exhibits have been conducted by Messrs. Hoyt & Hall as an independent affair under the general supervision of the Secretary. The Secretary was authorized to make arrangements with Messrs. Hoyt & Hall to manage the commercial exhibit in connection with the Kansas City meeting, operating the same as an official part of the National Education Association.

A request was received from the chairman of the Commission on the Reorganization of Secondary Education asking the Executive Committee to request the General Education Board to appropriate a sum not to exceed $3000.00 for the purpose of making possible meetings of the Commission and members of the various subcommittees, which in his judgment were necessary in order that a final report might be issued in 1917. The Committee declined to take any action requesting any other organization to assist in financing the Committee for the purpose of securing a report, but askt the Commission to make the best report possible with the means which had been furnisht by the Association itself.

Vice-President Johnson, being unable to be present at the meeting, requested the Executive Committee to pass the following resolution, which was done:

WHEREAS, Certain educational journals and some members have past severe strictures upon the official programs supplied for the New York meeting, and,

WHEREAS, The blame for the same has in some cases been laid upon one official and sometimes upon others, and it is desirable to have the facts in connection with the matter establisht so that this Committee may know where the fault lies, if fault there be; therefore, be it

Resolved, That the chairman of the Executive Committee appoint a subcommittee consisting of two members of this Committee to ascertain the facts in this case, and report to the Committee their findings and any recommendations which may to the subcommittee seem proper.

President Aley reported upon a tour which he had made with the Secretary in the East for the purpose of sounding out sentiment concerning the summer meeting for 1917. The Secretary presented a large number of communications on the subject which had been received. In view of the limited time which the Committee had for a discussion of the matter no vote was taken, but the chairman was authorized to call another meeting of the Committee at such time and place as he deemed wise.

D. W. SPRINGER, *Secretary*

ROBERT J. ALEY, *Chairman*

ALBANY, NEW YORK, DECEMBER 18, 1916

Kingsley, chairman of the Commission on the Reorganization of Secondary Education, presented the need of some subcommittee meetings in order that a final report might be presented at the July meeting. After a discussion of the matter it was unanimously agreed that not to exceed $400.00 of the $1000.00 appropriated at New York might be spent in the payment of the railroad fare for such subcommittees in order that the report might be completed on scheduled time.

The Secretary presented communications with reference to the work of the Committee on Economy of Time in Elementary Education which has been directed to make its final report in 1917. As this committee was authorized by the Department of Superintendence, the Secretary was directed to suggest that the Executive Committee would probably act favorably upon a request which might be presented by the Department of Superintendence concerning the work of the Committee.

The Secretary presented communications from Asbury Park, Buffalo, Cincinnati, Pittsburgh, Portland, and Washington concerning the meeting-place for the 1917 convention. The National Education Association is in winter session and adjourns Friday. It is essential to announce the summer meeting-place and railroad rates at this time if possible. Portland is the choice of the Committee contingent on satisfactory railroad rates. The prompt announcement of rates hinges on your decision with reference to a rehearing on the Shasta Differential. Permission was granted if credit for the source of the report was given.

President National Education Association

SECRETARY SPRINGER: The next is the report of the Board of Trustees.

PRESIDENT ALEY: Carroll G. Pearse, the chairman of the Board of Trustees.

DIRECTOR PEARSE: Your special attention is called to the fact that during the year the permanent fund has been increast by $11,500.00 and now amounts to $200,000.00. The Trustees have made a subscription for Liberty Bonds and intend to purchase more of them with any funds which may be available during the coming year.

PRESIDENT ALEY: The printed copy of the report is in your hands. Chairman Pearse will be glad to answer any questions you may have.

It was moved and seconded that the report be accepted, placed on file, and transmitted to the business session of the Association.

PRESIDENT ALEY: You have heard the motion that the report of the Board of Trustees be accepted and transmitted to the business session of the Association. Is there

anything to be said? Those in favor of the motion may so vote. Those opposed. The vote in favor of the motion prevails.

SECRETARY SPRINGER: The report of the Treasurer is next in order.

PRESIDENT ALEY: The Treasurer, Thomas E. Finegan, will submit his report.

DIRECTOR THOMAS E. FINEGAN, of New York: The printed report speaks for itself.

PRESIDENT ALEY: Is there any question to be askt? If not, a motion to accept will be in order.

DIRECTOR YOUNG: I have a question to ask. Did the Committee on School Patrons ask for fifteen dollars?

SECRETARY SPRINGER: That is all they spent. Twenty-five dollars was appropriated for each of their committees. About fifteen hundred dollars' worth of bills on the last appropriations did not reach us before the close of the year.

DIRECTOR YOUNG: But they are going to have the rest of it?

SECRETARY SPRINGER: Yes.

It was moved that the report be approved and transmitted. The motion was duly seconded and carried.

DIRECTOR PEARSE: There is one thing in the Treasurer's report that I thought might be of interest to the members of the Board of Directors, as it is a new thing. On the first page of the report you will notice there was received from commercial exhibits $6,992.00, and on the third page in the matter of disbursements you will find a sum nearly equal, the difference being in favor of the Association. As you know, in the past it was not the custom of the National Education Association to handle the commercial exhibits. Sometimes it was done in the local community and in other ways, and it was not satisfactory to the exhibitors. It was carried on for a few years in a semiofficial manner and was found to be more satisfactory. It was thought it would be more satisfactory still to have it done by the National Education Association and all receipts and disbursements handled by the National Education Association. That was done, the purpose being, not that it should make money, but that it was to pay its own way, and it has paid its own way. It is the answer to a need, and I thought that it might be well to have that explained.

SECRETARY SPRINGER: I think it might be well to add two other statements to what Mr. Pearse has said. Since we began this semiofficial arrangement we have not only had the commercial exhibits for which we received pay, but we have also carried, in connection therewith, other exhibits for which there was no pay, but which were educational in character, and the expense in connection with which has all been borne out of the receipts from the commercial exhibits. At the New York meeting 45 per cent of the space we used was free space. Out here in Portland it is 40 per cent.

The second statement concerns the item in the Auditor's report that there is $1000.00 on hand in the Commercial Exhibit Fund. So far as our Kansas City commercial exhibit is concerned, we made more money than is represented by the annual report, but it is probable that in Portland we shall not do as well. Instead, therefore, of carrying the balance to the regular fund we have kept $1000.00 as a reserve fund against a probable loss. The result of this exhibit, I can say now will probably show that from the two exhibits we shall have about $450.00 net.

PRESIDENT ALEY: Is there any matter any Director has to bring before this body?

A MEMBER: May I ask whether there is to be any other meeting of this Board?

PRESIDENT ALEY: Not unless one is called because some unusual matter comes up.

PRESIDENT ALEY: The following will serve as the Auditing Committee: Frank B. Cooper, of Washington; J. G. Crabbe, of Colorado; Andrew A. Kincannon, of Tennessee.

A motion to adjourn is in order if there is no other business.

On motion the meeting adjourned.

DURAND W. SPRINGER, *Secretary*

Approved,

ROBERT J. ALEY, *President*

MINUTES OF THE MEETING OF THE NEW BOARD OF DIRECTORS FOR 1917–1918

Case, of Arizona; George B. Cook, of Arkansas; Susan B. Dorsey, of California; Anna L. Force, of Colorado; William N. Sheats, of Florida; Frank W. Simmonds, of Idaho; R. O. Stoops, of Illinois; L. H. Minkel, of Iowa; Margaret Brann, of Maine; Bessie A. Tomlinson, of Minnesota; John R. Kirk, of Missouri; D. W. Hayes, of Nebraska; Theodora Richardson, of New Hampshire; Viola Ortschild, of Oregon; C. H. Skidmore, of Utah; Elmer L. Cave, of Washington; J. W. Crabtree, of Wisconsin; J. E. Burch, of Wyoming.

SECRETARY SPRINGER: I have the resignation of Eleanor Bonner, asking that A. A. Kincannon be elected as director for Tennessee.

On motion the resignation was accepted and the nomination confirmed.

SECRETARY SPRINGER: Are there any others present here now whose names I have not called?

DIRECTOR CARROLL G. PEARSE, of Wisconsin: Mr. Burch, of Wyoming, was named. Mr. Burch was a member of the nominating committee from Wyoming, and it was necessary for him to leave before action was taken by the nominating committee on directors. No one was present who knew the desire of the Wyoming delegates. Mr. Burch himself was made a director, altho it was the wish of the Wyoming people that Miss Clark should be the director.

SECRETARY SPRINGER: I have the resignation of Mr. Burch containing a nomination of Miss Clark, but as he answered the roll call and Miss Clark had not come in, I did not read it.

PRESIDENT BRADFORD: What will you do with this resignation?

On motion it was accepted, and Edith K. O. Clark was elected as director.

PRESIDENT BRADFORD: President Aley, having appointed a committee to submit names for membership in the National Council of Education, it is the pleasure of the chair to confirm that committee. We will listen to the report of the committee.

DIRECTOR PEARSE: Your committee, undersigned, begs leave to submit the following recommendations for the filling of those vacancies in the membership of the Educational Council which are to be filled by the Association:

Terms to expire in 1923: Frank A. Fitzpatrick, Boston, Mass.; William B. Owen, Chicago, Ill.; M. E. Pearson, Kansas City, Kans.; A. J. Matthews, Tempe, Ariz.; W. T. Carrington, Springfield, Mo.; William T. Burris, Cincinnati, Ohio; J. G. Crabbe, Greeley, Colo.; Margaret E. S. McNaught, Sacramento, Cal., to succeed themselves; Uel W. Lamkin, Jefferson City, Mo., to succeed Howard A. Gass, deceased; Elmer L. Cave, Bellingham, Wash., to succeed J. M. H. Frederick, lapsed.

Term to expire in 1918: L. N. Hines, Crawfordsville, Ind., to succeed Edward T. Fairchild, deceased.

Term to expire in 1919: E. G. Gowans, Salt Lake City, Utah, to succeed A. C. Matheson, lapsed.

Term to expire in 1920: Mary C. C. Bradford, Denver, Colo., to succeed Edna A. Rich Morse, lapsed.

Terms to expire in 1921: J. W. Searson, Manhattan, Kans., to succeed John MacDonald, deceased; F. L. McVey, University, N.D., to succeed George V. Buchanan, lapsed.

Owing to the fact that the records of attendance on the Council at the meetings in Detroit and New York City are not available at this time so that it is impossible to ascertain which additional members, if any, have lapsed in membership on account of non-attendance, your committee recommends that they be given authority, as soon as the record of attendance can be definitely made up, to fill any vacancies which may be found to exist in the quota of members to be elected by the Association.

PRESIDENT BRADFORD: What will you do with the report of the committee?

DIRECTOR GEORGE B. COOK, of Arkansas: I move that the report be adopted.

DIRECTOR WILLIAM N. SHEATS, of Florida: I second the motion.

PRESIDENT BRADFORD: It having been moved and seconded that the report be adopted, are you ready for the question? All those in favor make it known. Those opposed, likewise. The ayes have it. Nominations will be made for a trustee to succeed Miss Doherty.

Miss Doherty was nominated to succeed herself.

PRESIDENT BRADFORD: Are there any further nominations? The chair hears none.

DIRECTOR ROBERT J. ALEY, of Maine: I move that we authorize the Secretary to cast one vote for Agnes E. Doherty.

The motion was seconded and carried and the ballot was cast.

PRESIDENT BRADFORD: Nominations are in order for member of the Executive Committee to succeed Mr. Cook.

DIRECTOR SHEATS: I think that he is the only representative we have in that great section to the south of us and I know of no reason why Mr. Cook should not succeed himself as the only representative on our Executive Committee from the southern section of our country. I move that he succeed himself.

DIRECTOR J. W. CRABTREE, of Wisconsin: I second the nomination of Mr. Cook.

On motion made, duly seconded, and carried the Secretary was instructed to cast a unanimous ballot for George B. Cook, which ballot was cast.

PRESIDENT BRADFORD: Mr. Secretary, what is the next in order of business to come up, please?

SECRETARY SPRINGER: The consideration of invitations for a place of meeting for the next convention.

PRESIDENT BRADFORD: Will you report on what you have in the way of invitations or places to be considered?

SECRETARY SPRINGER: Within the last three months correspondence has come to the office relating to three cities. Two of those cities expected to have a personal representative present at this meeting. The invitation from the city of Chicago, which is in writing, was to have been presented by Superintendent Shoop, orally. Superintendent Davidson, of Pittsburgh, was called to Washington by order of one of the government boards after he had been designated to represent them here. There has also come correspondence from Asbury Park, but they did not indicate that they would have a representative present. We have less than usual on which to base any tentative vote.

DIRECTOR ELLA FLAGG YOUNG, of Illinois: I move that the invitation of Chicago be accepted. There will be some stir and life there, and more than that Chicago has great facilities for entertaining a large meeting. About once in every six years this Association ought to meet in Chicago. It is in the Middle West and it can reach its arms out and touch all parts of the country. Therefore I move that the invitation of Chicago be accepted.

DIRECTOR SHEATS: I move as a substitute that we accept the invitation of Pittsburgh. We have all been to Chicago. I do not know anything in the world about Pittsburgh and I do not know anybody from there, but it is in a section of the country

where this meeting has not been located or held for a great many years, and I understand that it is a fine city. We have met often in Chicago. I think that one time we were in that section for quite a long while, and I would like to see Pittsburgh and see the convention meet over in the old state of Pennsylvania. As I say, I do not know anybody over in that section of the country, but I take it upon myself to nominate Pittsburgh. I am afraid of Chicago. It is a windy place and a cold place and a dangerous place. I have been there and seen men and horses all falling in the street from heat, and again when the cold was intense I thought I would freeze to death. I would rather try Pittsburgh unsight and unseen.

DIRECTOR PEARSE: I do not know whether I shall suffer the fate of those who rush in between contending parties, but about twenty years ago the National Education Association had a meeting in Milwaukee and has not had a meeting there since that time, and it was a comfortable and successful meeting too. Sometimes it is as hot there as in Chicago. But that is not often. It is not as active there and sometimes it is smoky, just as it is in Chicago or Pittsburgh, but the people in Milwaukee would be very glad to entertain the National Education Association. While I should not wish to press the matter unduly in any way adverse to the claims of our big sister on the south or the brunette sister on the forks of the Ohio, I do wish you to know that the city of Milwaukee would be delighted to entertain the National Education Association convention next time.

PRESIDENT BRADFORD: If the chair understands the situation there was a motion by Mrs. Young to the effect that the convention be held in Chicago and a substitute motion by Mr. Sheats that the convention be held in Pittsburgh—that the name of Pittsburgh be substituted for that of Chicago, and we have no motion from Mr. Pearse, but an invitation. Neither of these two motions was seconded.

A MEMBER: I would like to second Mrs. Young's motion. I think that Chicago is an ideal summer resort with the lake breeze and everything that you can imagine, and I am sure that it is capable of handling this convention in very satisfactory manner.

PRESIDENT BRADFORD: The motion of Mrs. Young, being the only motion seconded, is the only motion before the house.

SECRETARY SPRINGER: If I may be permitted to make a suggestion it would be that the motion be withdrawn and the whole matter referred to the Executive Committee without any tentative vote being taken. Milwaukee is situated within the territory of the Western Passenger Association, Chicago is within the territory of the Central Passenger Association, Pittsburgh is within the territory of the Trunk Line Passenger Association. If we take a tentative vote I do not believe that we shall be in as good a position as we shall if you pass a motion referring it to the Executive Committee with the power to act. Nobody knows exactly how the railroad problem is going to stack up by next summer, and it may be of decided advantage to us to have the three cities as competitors without any tentative vote having been taken, as each of them is in a separate railroad-association territory. In view of the fact that we have not a large representation present at this meeting, I think it is better for the Association to take that course.

DIRECTOR YOUNG: Well, it does not make any difference what we vote anyway. The Executive Committee always does as it pleases. Last year there was but one vote for Portland and but one for Milwaukee, and I cast it, and we came to Portland on one vote.

SECRETARY SPRINGER: No, I beg your pardon. There were eighteen votes for Portland.

DIRECTOR YOUNG: No. Only one vote for Portland.

SECRETARY SPRINGER: There were twenty-five for Asbury Park, eighteen for Portland, two for Cincinnati, and one for Milwaukee.

DIRECTOR YOUNG: Don't you remember that Mrs. Dorsey arose and stated that she cast that one vote for Portland because Portland was a neighbor of hers?

SECRETARY SPRINGER: Yes. I remember the speech but not that remark.

DIRECTOR YOUNG: What do you suppose she would make a statement like that for if it were not true?

SECRETARY SPRINGER: I do not know. Don't you think that Oregon voted for Portland?

DIRECTOR YOUNG: It would not be proper for it to vote for itself.

A MEMBER: Then are you going to insist on voting for Chicago?

DIRECTOR YOUNG: I am going to vote for Chicago because Chicago will be selected anyway. The Executive Committee will do it.

DIRECTOR ELMER E. CAVE, of Washington: I am a friend of Mrs. Young's and have been for a long time. I would not like to be accused of not being patriotic. I was at the meeting of the Board of Directors to which she referred and I voted for Portland.

PRESIDENT BRADFORD: Is there anything further to be said on the motion, which is that we accept the invitation of Chicago?

DIRECTOR ALEY: I wonder, if we are going to take a vote, if it would not be better, instead of having to vote either for or against a particular city, to have a ballot and thus indicate a preference as to the various places suggested.

PRESIDENT BRADFORD: That is the form in which this matter came before the house.

DIRECTOR ALEY: They do not have to vote on just one city, but could express a preference as to all of them.

PRESIDENT BRADFORD: Does Mrs. Young and her second consent that she withdraw her motion?

DIRECTOR YOUNG: I want to think about that.

PRESIDENT BRADFORD: Otherwise the question is as to your motion that we go to Chicago.

DIRECTOR ALEY: I move, as a substitute, that the members of this board prepare ballots indicating their preference.

The motion was seconded and carried.

PRESIDENT BRADFORD: You will prepare your ballots.

PRESIDENT BRADFORD: The Secretary will announce the result of the ballot.

SECRETARY SPRINGER: Milwaukee, ten; Chicago, eight; Pittsburgh, six.

DIRECTOR ALEY: I move that this be but an indication of the preference on the part of the Board of Directors present and that the Executive Committee have the authority after taking everything into consideration to fix upon what is in their opinion the most desirable and most suitable meeting-place under the conditions.

The motion was seconded and carried.

PRESIDENT BRADFORD: The next order of business is the report of the Executive Committee.

SECRETARY SPRINGER: The report is one relating to appropriations and was read yesterday in the annual meeting, but it must be past upon by this Board of Directors. Do you care to hear the list read over again or will you simply move that the report with the appropriations it carries be adopted?

PRESIDENT BRADFORD: What is the pleasure of the meeting?

DIRECTOR CRABTREE: I move that it be adopted as a whole.

DIRECTOR YOUNG: I would like to ask why there is an appropriation of five hundred dollars made to the architects? In Illinois plans were prepared and given to the different boards of directors free of charge. Why do we appropriate five hundred dollars for those architects?

SECRETARY SPRINGER: When this question was presented to the Executive Committee it was understood that this is not pay for services, but for drawings and blueprints and things of that sort which cost money. The committee is made up of architects who are giving their services, and this is for the expenses in connection with the work and not for what they do.

DIRECTOR YOUNG: I would like to ask whether they will sell those blueprints.

SECRETARY SPRINGER: I cannot answer that.

PRESIDENT BRADFORD: Is there anything further to be said on the motion to adopt the report as a whole? If not, all those in favor of adopting the report as a whole say "Aye." All those opposed "No." The ayes seem to have it, the ayes have it, and the report is adopted as a whole. What is the next order of business, Mr. Secretary?

SECRETARY SPRINGER: New business. There is one item that needs attention. The lease on the Secretary's office expires September 1, and I think that the Board of Directors should give the Executive Committee authority to enter into such lease as in its judgment seems wise.

PRESIDENT BRADFORD: What is your pleasure?

DIRECTOR PEARSE: I move that the authority be given for such lease for quarters for the Secretary for the ensuing year as the Executive Committee may deem wise.

A MEMBER: I second the motion.

PRESIDENT BRADFORD: It has been moved and seconded that such authority for renewing or entering into a lease for the Secretary's office for the ensuing year be given to the Executive Committee to be used by them as they may think wise.

DIRECTOR YOUNG: I would like to ask what the Secretary thinks of having the headquarters moved to Washington, D.C., instead of having it in the Middle West this year. The Women's Peace Party moved its headquarters to Washington. They are very well satisfied with their move. Why should not the National Education Association, a bigger association, be in the center of government affairs instead of out in the Middle West? I wonder what the sentiment is regarding that?

SECRETARY SPRINGER: Since the question has been askt me, I will say that any move in a direction of that sort should be contemplated and discust some time before the action is taken. That idea has been in the minds of some people, but it has never focust in any way beyond this suggestion. I was askt by the Executive Committee at one time to see what the cost would probably be for suitable headquarters. It would cost us from three to four times as much to have an office in Washington, D.C., as where we now have it. We would have no better facilities either. When that fact was developt it was thought that the finances of the Association could probably be better conserved by retaining our offices where they are. If the time ever comes that we get a national university or that the National Bureau of Education has quarters of its own or the new building is erected, the Washington Memorial, in which it is proposed to house all the headquarters of national organizations, we could locate our headquarters with the other national organizations. That is a different proposition.

DIRECTOR YOUNG: The Woman's Suffrage Party moved its headquarters to Washington. We found rents there very reasonable. I was in Washington for seven months and we found headquarters for which we are paying very reasonable rents. The Woman's Suffrage Party has a beautiful house and at no enormous rent by any means. Maybe rents are cheaper now.

DIRECTOR PEARSE: I do not think that the Association ought to be tied down to any one place, and the form of the motion I made would allow the Executive Committee to enter into and make this lease or make any other lease it saw fit. I thought I put it in that way.

PRESIDENT BRADFORD: That was the understanding of the chair. Is there anything further to be said on the motion? If not, all in favor of the motion say "Aye." All opposed "No." The motion giving the Executive Committee authority to enter into such lease as it may deem wise for the Secretary's office for the ensuing year is carried. It is so ordered. Is there any other new business to come before this body?

SECRETARY SPRINGER: The last thing is the question of resignations. Miss Force, of Colorado, resigns as director of Colorado, and H. B. Smith, secretary, State Teachers' Association, is named as a substitute. That was the wish of the Colorado delegation

PRESIDENT BRADFORD: What is your pleasure?

DIRECTOR ALEY: I wonder if we cannot take them all up in one bunch?

PRESIDENT BRADFORD: That would be as well, or better. Just read them all together.

SECRETARY SPRINGER: Miss Brann, of Maine, is serving temporarily, and desires to resign in favor of the director of last year, D. H. Perkins.

DIRECTOR CRABTREE: I wish to resign in favor of J. F. Simms, who has been named by the Wisconsin delegation.

SECRETARY SPRINGER: I have John R. Kirk's resignation in favor of Uel W. Lamkin, the state superintendent of public instruction of Missouri.

PRESIDENT BRADFORD: Are there any other resignations?

DIRECTOR SHEATS: I move that the resignations be accepted and that the nominees be elected.

DIRECTOR CRABTREE: I second the motion.

The motion was carried.

DIRECTOR ALEY: May I raise the point that in view of the small attendance it might be wise for the Board of Directors to empower the Executive Committee to fill any vacancies in the list of state directors which may occur following this meeting. Do they have the power to do that now?

SECRETARY SPRINGER: No, sir. They cannot fill them unless they are given special authority.

DIRECTOR ALEY: I move that we empower the Executive Committee to fill the vacancies which may occur together with those we know of this morning, because it is rather important that all states be represented.

DIRECTOR EDITH K. O. CLARK, of Wyoming: I second the motion.

DIRECTOR PEARSE: I know that during the past year or two the Executive Committee has filled vacancies which have occurred in the Directory, and each year there have been some vacancies filled in this way, and I assumed that the Executive Committee had authority to do it, but there is no objection to giving them authority to do it, if they have not.

SECRETARY SPRINGER: In all cases that has been done tentatively, as the records show, and then they have been confirmed at the next meeting of the Board of Directors. But the constitution provides that vacancies in the Board of Directors can only be filled by the Directors.

DIRECTOR ALEY: This would imply the right to delegate that power, I am assuming?

PRESIDENT BRADFORD: It has been moved and seconded that the Executive Committee be empowered to fill these vacancies. All those in favor of this motion please say "Aye." All opposed "No." The ayes have it and it is so ordered.

PRESIDENT BRADFORD: Is there anything further to come before the Board?

A MEMBER: I would like to ask a question concerning the publication of the *Proceedings*. I do not know that the publication of these *Proceedings* could be produced any quicker this year or any earlier than were the *Proceedings* last year, but the earlier these *Proceedings* are in the hands of the members the more useful they will be. I rise for the purpose of asking about that point. I believe that we are all interested.

SECRETARY SPRINGER: The publications have usually been issued the last part of February or the first part of March. This year they were not issued until the last week in April. The fault was twofold. So far as the copy for the printers was concerned it reacht them in the usual time. The first concern that had the contract to furnish the covers and cartons for shipping them went back on their contract with the University of Chicago Press and did not do it until so late that six weeks time was lost thru no fault of theirs. People who know the condition of the paper market this last year realize that printers secured material when they could get it and were glad to obtain it even then. I do not think that it is possible to issue the Volume regularly before the latter part of

February or the first of March under the existing conditions because the material has to be edited and has to go to the authors for correction and all of that takes time.

A MEMBER: I would like to say that a number of teachers have exprest their satisfaction at receiving their monthly publication, and of course this came to us on time.

DIRECTOR PEARSE: It was formerly true that this publication came out in December or by the first of the year, but since the Salt Lake City meeting, in which year extensive editing was begun, it has required more work and more time to publish the *Proceedings*, and it has been necessary to submit the papers to the authors, and since that time it has not been issued until after the first of January or the first of February.

SECRETARY SPRINGER: I might say that inaugurating our magazine this year has proved quite successful. I am not able to tell you how many of our associate members of last year we shall be able to retain, but up to the time I left we had received renewals from associate members in the neighborhood of one thousand, and that is something that has never occurred under the old procedure of publishing simply the Volume of *Proceedings*. The purpose was to keep our associates and get them in touch with activities, and it proved a very satisfactory change. There have been three hundred of our active members—two hundred and eighty-four, I think, to be exact—that have taken the *Proceedings* in both volume and magazine form, paying the extra dollar and using the magazine form as they have gone along, and securing the bound volume for their files.

PRESIDENT BRADFORD: Is there any further business? If not, the chair will entertain a motion to adjourn.

A MEMBER: I move that we adjourn.

A MEMBER: I second the motion.

PRESIDENT BRADFORD: It has been moved and seconded that the Board of Directors adjourn. All in favor make it known. All opposed. The meeting is declared adjourned.

DURAND W. SPRINGER, *Secretary*

As required by the By-Laws of this Association your Executive Committee has carefully considered the requests for appropriations that have been presented by the chairman of the various committees, both general and departmental. In making these appropriations, your committee recommends that authority be given the Executive Committee for next year to assume temporary responsibility in deciding which expenditures are most important in the work of these various committees and also which expenditures shall be first authorized, if in any case it shall be impracticable for all such expenditures to be allowed.

The Committee also agreed to recommend that the Committee on Federal Aid to Vocational Education and the Committee on Foreign Relations be discharged. They also agreed to recommend that the representatives of the National Education Association upon the Joint Committee on Grammatical Nomenclature be continued in order that they may cooperate in the work of that committee.

The Executive Committee met in President Aley's room, Hotel Multnomah, Tuesday afternoon, July 10, at five o'clock. Present: Robert J. Aley, President; David B. Johnson, Vice-President; C. G. Pearse, Chairman, Board of Trustees; George B. Cook, member by election; and D. W. Springer, Secretary.

The Secretary presented a letter from the General Secretary of the American Association for the Advancement of Science asking that the National Education Association become an affiliated society of that Association. The matter was laid on the table for future action.

The Secretary presented a request from Guy Stanton Ford, director of the Division of Civic and Educational Cooperation, working under the Committee on Public Information, Washington, D.C., asking for suggestions regarding the contents of a *Directory of Service*, soon to be issued. It was agreed that it would be well to make announcements concerning this and similar requests in the September *Bulletin*.

Concerning the action taken at the meeting of the Executive Committee held December 18 with reference to a proposed history of the National Education Association, it was agreed that in view of the fact that the attendance at this summer meeting is not up to the average it will not be advisable to incur the expense of such a history at this time and that no recommendation should therefore be made to the annual meeting.

The Secretary reported that he had not received from the Eastern Arts Association notice of the appointment of any committee, as had been suggested by them at the time of the New York meeting.

Mr. Pearse, for the committee appointed in accordance with a resolution of October 21, presented the following report, which was received and ordered filed:

To the Chairman and Members of the Executive Committee: Your committee, consisting of the undersigned, to whom was referred a resolution relating to certain matters connected with the printing of the official program for the New York meeting, desires to report as follows:

We have, as we believe, ascertained the facts fully and are informed of the conditions surrounding the printing and turning over to the National Education Association of the

official programs referred to. We find that the transactions connected with the printing of the programs were regular and in good faith. The matter was handled by the local committee in New York. The work was done by a private agency or corporation which turned over to the local committee a certain sum as royalty or payment for the privilege of preparing the programs. Any profit which was made by advertising in the programs, above the sum referred to, was enjoyed entirely by this concern or corporation.

So far as the programs are concerned, we consider them of inferior quality and such as ought not to have been offered or accepted for the use of the National Education Association. In the printing of the program the people who did the work did not keep to the understanding which they had with the Secretary as to the way in which the advertisements in the pamphlet were to appear.

So far as the acceptance of the programs by the National Education Association is concerned it was a question of judgment as to whether or not the Association should accept the programs as they were and have the use of them from the opening of the meeting, or whether they should be rejected and the local committee compelled to print another lot for the use of the Association. The latter course would have made it impossible for the National Education Association to have any programs to use during the first two days of the meeting. Under the circumstances, it seemed the wiser thing to accept and use them, unsatisfactory as they were.

Respectfully submitted,

C. G. PEARSE
THOS. E. FINEGAN

ROBERT J. ALEY, *Chairman*

A meeting of the Executive Committee was held in the office of the Secretary, Multnomah Hotel, Saturday afternoon, July 14, at two o'clock. Present: Mary C. C. Bradford, President; Robert J. Aley, Vice-President; A. J. Matthews, Treasurer; C. G. Pearse, Chairman, Board of Trustees; George B. Cook, member by election; D. W. Springer, Secretary.

It was agreed that papers which had been read by persons other than the authors should not be printed in the *Proceedings* of the Portland meeting.

Chairman Pearse presented an oral communication from the Board of Trustees to the effect that in the judgment of the Trustees it would be wise to arrange for the transfer of the business office of the Association to Washington, D.C., at this time, if upon investigation it should prove practicable to do so.

Vice-President Aley raised the question as to the advisability of this move at this particular time owing to the added expense involved. In the discussion which followed the Secretary exprest the opinion that it would cost $1000 to move the offices and that it would be more expensive to maintain offices in Washington than where they were now located, but agreed that it would cost no more to move them now than at some future date.

After an informal discussion had been completed, it was unanimously agreed, on motion of Mr. Pearse, that the President of the Association, the Chairman of the Board of Trustees, and the Secretary be appointed a committee to secure suitable offices at Washington. The Secretary was directed to notify the owners of the property where the present offices were located that they would not be needed after September 1.

The Secretary was granted a two weeks' leave of absence following the summer meeting.

It was further agreed that the fall meeting of the Executive Committee should be held at Washington about October 20 to 25.

REPORT OF THE SECRETARY

OF THE

NATIONAL EDUCATION ASSOCIATION OF THE UNITED STATES

SECRETARY'S OFFICE, ANN ARBOR, MICH., July 1, 1917

To the Executive Committee of the National Education Association:

In submitting my fifth and last report as Secretary, I desire to call the attention of the members to certain points which have been presented to the Executive Committee and the Board of Trustees from time to time.

In the Association the division of responsibility between the Board of Trustees and the Executive Committee is such that, altho the Trustees are charged with the duty of selecting the Secretary, the Executive Committee is, as a rule, more familiar with the detailed workings of the office which he controls.

Just prior to the time of my election the Association had been passing thru a period of disagreement among its members concerning matters of a more or less political nature. The Association was also passing thru a period of reorganization in financial matters necessitated by the changed conditions under which railroad rates could be secured for our meetings.

With regard to the first proposition, the Secretary has endeavored to view every situation with which he has been confronted from the standpoint of the Association as a whole rather than from the standpoint of the individual or the proposition concerned, and while it has been necessary for him to reach conclusions which were not concurred in by persons representing both elements in the line of cleavage that was in existence at the time of his election, no person can trace a single decision to an attempt on his part to influence any action which might affect him personally.

So far as the finances of the Association are concerned, I believe that we have weathered the temporary embarrassment and that with ordinary diligence the Association can be of increast usefulness to the teaching fraternity of the country year by year.

There are some items which I desire to report by way of comparison, and in doing so I trust that no person will think for a moment that in the comparisons made there is any thought on the part of the present Secretary of discrediting in any way the wonderful work done by Dr. Shepard. It is merely the only way that I know of presenting facts in which I believe that you will be interested.

During the five years just closed the expense of conducting the Secretary's office has been $75.68 more than during the preceding five years, while the receipts of the Association thru the Secretary's office have been $10,266.97 more than during the preceding five years.

At the time of our last membership report, December 31, 1916, the active membership was the largest in the history of the Association, 7878. Securing new active members at other times than in connection with the regular meetings is a matter in which the Association is greatly interested. A checking of our active membership list thru a period of fifteen years showed that the active members who have come to us thru the Secretary's office have retained their active membership for a longer period on the average than those who joined at the times of the meetings. A comparison of the records for six years shows the value to the Association, so far as office memberships are concerned, of a period of comparative quiet in matters which might be denominated political. In the year 1910,

325 new active members were enrolled thru the office; in 1911, 248; in 1912, 151; in 1913, 197; in 1914, 277; and in 1915, 326.

Another comparison concerning the expense involved in connection with our meetings may be interesting. The cost of conducting the first four meetings of the Department of Superintendence after I became Secretary was $254.49 more than the cost of conducting the four preceding meetings of the department, and the cost of conducting the first four summer meetings was $2699.29 less than the cost of conducting the four preceding summer meetings. It is impossible to make an accurate comparison of the five meetings, as the bills for the Portland meeting cannot now be determined. The cost of the meetings of the Association is largely determined by three factors: size, publicity, and contracts with the entertaining city. Our winter meetings have doubled in size during the last four years. Our summer meetings have not been as large. This would lessen the expense for registration in connection with the summer meetings and increase it in connection with the winter meetings. We have increast to a considerable extent the publicity expenditure in connection with our summer meeting, and we have secured from the entertaining cities the payment of some expenses which had not previously been borne by them.

The change in the form of issuing the Executive Committee *Bulletins* resulted in a saving during the four-year period of $2041.91 over the previous four years, and the cost this year was less than last year by $312.13. While the *Bulletin* itself costs more than the old form, owing to the fact that we are printing six numbers as against two with an occasional third, and are issuing them in larger numbers, the saving in postage has more than offset the added cost by the amount indicated.

The change in policy with regard to the volume of *Proceedings*, under which an attempt has been made to edit the material, reducing its size and thus saving, not only in printing, but in distributing, secured a reduction of $2160.68 in the cost of distribution and $1981.39 in the cost of printing during the first four years, altho we printed seven hundred more copies than in the preceding four-year period. The first year we did not edit and thus reduce the size of the volume, and so another comparison will more correctly show the net result to the Association of the changed policy. The average cost of printing the volumes for the 1913, 1914, and 1915 meetings, which were edited, was fifteen cents less per volume than the average cost of printing the volumes for the 1910, 1911, and 1912 meetings, which were not edited, and for the volumes printed this represents a net gain to the Association of $4650. The cost of distributing the 1913, 1914, and 1915 volumes was $5761.22 less than the cost of distributing the 1910, 1911, and 1912 volumes.

Printing the *Proceedings* in both volume and magazine form this last year makes it impossible to prepare an accurate comparison of costs of volumes. However, it can be shown that, whereas we furnisht the *Proceedings* to 7800 more members this year than the year before, the cost of distributing them was $70.56 less than the distribution cost of the year before, and in spite of the increast price of paper the average cost of printing and distributing the *Proceedings* was twelve cents per member less than the preceding year.

We were able to add $11,500.00 to the Permanent Fund last year, which fund now totals $200,000.00 In a report on the finances of the National Education Association presented by me in 1911, I called attention to the fact that the Permanent Fund had been accumulated from the dues of those associate members who did not desire the *Proceedings*, most of whom were outsiders who joined to secure the special round-trip railroad rates, and that the Association had never been able, except in one year during its entire history, to add to the Permanent Fund when the *Proceedings* were printed for 70 per cent of its membership, both active and associate. During the past five years over 80 per cent of our members have askt for the *Proceedings* and during the last year nearly 90 per cent.

I have referred in the *Bulletin* to the fact that the Association spent more for the educational investigations carried on by its various committees during the last four years than in its entire history prior to that time.

Two other policies have been inaugurated which I believe have been beneficial to the Association as a whole. They are the prize-essay contests and the commercial exhibits. The Association has received a large amount of general advertising as a result of the essay contests which will surely be valuable to the cause of education. They have been conducted without any expense to the Association, altho each has taken a considerable amount of extra time and attention of the Secretary without, however, I think, any detriment to the regular work. I have had three interviews with a gentleman looking toward providing a fund which would furnish a regular income to be used by the Association for contests of this sort on subjects which the Executive Committee might think it wise to suggest.

The systematized commercial exhibit which has been carried on in connection with three summer meetings and three winter meetings has been highly spoken of by large numbers of our members, and has relieved the congestion around the headquarters which was very noticeable in the days when no attempt was made to regulate exhibits. It also affords us a place for such educational exhibition as those provided by the Child Labor Bureau, the Bureau of Education, etc., at no expense to them and without trouble to us.

Establishing the *Journal* as a means of offering the *Proceedings* of the Association to the members on the instalment plan has for the first time in the history of the Association given us what might properly be designated an official organ. It will not only enable us to conserve our associate membership, which we have not been able to do in the past, but will enable the Association to become a much more important educational factor than it has been. The first year we printed nothing in the *Journal* but the papers presented at our meetings. It had been my purpose, if consented to by the Committee on Publication, to print in each issue of the *Journal* next year at least one strong educational article which had been given at a state association meeting or at some other educational gathering. The third year the development would have taken the form of securing for each issue a specially prepared article on a timely educational topic, and in the fourth year the introduction of an editorial department would naturally follow. By this time the *Journal* would have become a powerful factor in molding educational opinion, and with the continued increase in circulation which such a magazine would secure the Association would be in a position to establish an advertising department as a result of which an income could be secured for the Association which would more than pay for the entire cost of publication so that the dues could be used exclusively for carrying on educational investigations.

During the year the committees on Federal Aid to Vocational Education, on Foreign Relations, on Military Training, and on Relation between Boards of Education and Superintendents have completed their work and been discharged.

This year, under the direction of the Committee on Thrift Education, a county thrift-essay contest was carried on under the immediate supervision of the several county superintendents of schools. The American Society for Thrift offered in each county a medal to the writer of the best essay on the subject of "Thrift." Twenty-eight states and the District of Columbia were represented by the counties conducting contests. In addition to this general scheme all of the schools in the city of New York conducted a prize-essay contest under the immediate supervision of the American Society for Thrift.

The contestants in each county were divided into two classes, that of high-school pupils and that of grade-school pupils. Each county superintendent conducting a contest sent to the National Education Association office the best essay written by a high-school pupil and the best essay written by a grade-school pupil. These essays were judged by Jason E. Hammond, former state superintendent of public instruction for Michigan; Clarence M. Vliet, superintendent of schools, Birmingham, Mich., and Sara Whedon, former head of the department of English, Ann Arbor High School.

S. W. Straus, president of the American Society for Thrift, provided the funds for the money prizes which were awarded to the writers of the best essays in each group.

The winners in the high-school contest were as follows:

1. Helen Bradshaw, Scranton, Pa.
2. Nota Edwards, Mound City, Ill.
3. Eunice Dowd, Sulphur, Okla.
4. Robert Anderson, Washington, D.C.
5. William Dighton, Monticello, Ill.
6. Elmer Stephenson, Antlers, Okla.
7. Buena Stober, Newkirk, Okla.
8. Viola M. Stom, Woodbury, N.J.

The winners in the grade-school contest were as follows:

1. Cassel Mowrey, Big Isaac, W.Va.
2. Florence Hamilton, Trees, La.
3. Clyde Wilhelm, Snow Lake, Ariz.
4. Effie Lentz, Dongola, Ill.
5. Thelma Dragon, Davant, La.
6. Mary Obermeyer, Nessen City, Mich.
7. Robert Metzgar, Junction City, Ohio.
8. Marie Bork, Remsen, Iowa.
9. Jane Roeder, Rockwell, Iowa.
10. Zelma Vaughn, Baldwin, Kans.

At the meeting of the Committee on Thrift Education held at Portland it was decided to ask county superintendents who did not conduct essay contests last year to do so this year, and to the writer of the best essay in each county a medal will be awarded.

During the year we prepared a monograph containing the prize essays in the "Thrift Contest" for the preceding year. The bibliography which the monograph contains has been referred to in a number of publications.

A careful study of the Treasurer's report will show among the expenditures an item of $5496 for the *Proceedings* for next year. The paper market was in such a condition this year that it was deemed wise to buy stock for one year in advance.

Copy for an *Index of the Proceedings* for the years 1906–16 has been prepared.

*Property located at 4762 Lake Park Avenue, Chicago, was obtained by foreclosure in 1907 to secure a mortgage loan made in 1899. It was listed at $5500 but was sold for $3500, causing a shrinkage in the total amount of the Permanent Fund.

The surplus receipts from the meetings of 1884 and 1885 and from other sources were turned over to the Board of Trustees at the time of the incorporation of the Association as the first instalment ($3400) of the Permanent Fund.

THE SECRETARY'S OFFICE

Since the establishment of an office for the Secretary, it has been the custom, under the direction of the Trustees and Board of Directors, for the Secretary to assume full charge of the collection of the annual dues and all other receipts at the annual convention, turning over the same to the Treasurer during the convention and accounting to the Treasurer directly for all money so collected. It has been the invariable custom for the Treasurer to check up all convention receipts, during the convention, from the original stubs of membership certificates issued, and to audit the same and receipt to the Secretary for all convention revenues, which revenues are, therefore, not included in the record of receipts at the Secretary's office as covered by this report.

During the remainder of the year, the Secretary has been charged by the Board of Trustees and the Board of Directors with the collection of annual dues of active members not attending the annual conventions; of enrolment fees and dues of new members enroled at other times than during the annual convention; of receipts from the sale of back volumes, reports, committee reports, and from all other sources. The revenue from these sources is reported by the Secretary to the Treasurer monthly, and all accounts

of both Secretary and Treasurer are examined and audited by a certified public accountant at the close of each fiscal year.

The aim of the retiring Secretary was to introduce one new policy each year, and so far it has not been necessary to back up on any of them. During the first year we establisht the *N. E. A. Bulletin*. During the second year the commercial exhibit was opened and we began editing the *Proceedings*. During the third year, in addition to conducting the only international convention having governmental authorization in connection with the Panama-Pacific Exposition, a prize-essay contest was inaugurated. During the fourth year a campaign was made for establishing a magazine which should ultimately become the official organ of the Association. During the fifth year the *Journal* was actually establisht.

What has been accomplisht during these five years is largely the result of a sympathetic membership. For the support which was given, the thanks of the Secretary are

herewith tendered. The members of the Association must individually be the judges as to the acceptibility of the service rendered.

Respectfully submitted,

DURAND W. SPRINGER, *Secretary*

SECRETARY'S OFFICE, WASHINGTON, D.C., February 10, 1918

To the Executive Committee of the National Education Association:

My term of service began September 1, 1917. It had been decided in July at the Portland meeting to change the headquarters of the National Education Association to Washington. The present location, 1400 Massachusetts Avenue, was decided upon early in August. The office furniture, equipment, and supplies were shipt from Ann Arbor, Mich., during the first week in September, but owing to congested freight conditions did not reach Washington until during the last week of September. Owing to the scarcity of labor the transfer company was not able to move the goods to 1400 Massachusetts Avenue until during the first and second weeks in October. It was almost impossible to secure office and other help. About the middle of October we were fortunate in securing the services of Miss Sara J. Davenport, a graduate of Missouri University, who had been connected with the Bureau of Education for a few years. Soon after we secured other competent help. Mrs. Helen Hixson, who had been Recorder for the National Education Association since the time of Secretary Shepard, was on the ground soon after September 1, and was responsible for keeping the work fairly in hand until we had additional help. Conditions have gradually improved, tho as long as the war continues its needs properly take precedence over everything else, which means handicap after handicap in the work of this office as in the work of the other offices.

The Executive Committee held a meeting October 22, 1917, at the new National Education Association headquarters. Among the items of business transacted were the following: giving Mrs. Hixson a substantial increase in salary; arranging to retain National Education Association members in military service on our lists without the payment of annual dues; authorizing a committee to select a new location for the meeting of the Department of Superintendence, owing to crowded conditions in Atlanta, Ga.; and authorizing the purchase of necessary furniture for the headquarters.

Mr. Durand W. Springer, notwithstanding his heavy work as educational director at Camp Custer, has taken time to render valuable assistance to the work of the office by promptly answering inquiries, and by making suggestions. It is necessary to consult him on many items of business. Many matters could not be satisfactorily adjusted without his help. The Secretary and office force appreciate the help which Mr. Springer has so cheerfully given during the last six months.

Mrs. Mary C. C. Bradford, president of the National Education Association, made the national headquarters a Christmas present of a fine large service flag requesting that it be hung prominently at headquarters. This flag, 10×18 feet and containing 756 stars, is one of the largest service flags in Washington. Arrangements are being made for unfurling it on Washington's Birthday as a part of the Washington program for that day.

Seven hundred fifty-six is an estimate of the number of National Education Association members in the Army and Navy. When reports are complete it may be necessary to add stars to the flag. The number will certainly go far beyond that estimate in case associate members are counted. An effort is now being made to get the names of all our members who are in military service, and to see that each one is represented by a star in this service flag.

The recognition given to the National Education Association during the past few months by the following departments and organizations is most gratifying to all friends of the National Education Association: the National Food Administration, the National

Fuel Administration, the War Savings Administration, the Liberty Loan Board Administration, the Bureau of Education, all American college and university associations, the Security League, the National Council of Defense, the League for National Unity, and the American Red Cross. Mr. A. E. Vanderlip's letter expressing the wish of the government that the Atlantic City meeting be held as scheduled, and President Wilson's personal statement urging that nothing interfere with our holding the annual meeting of the National Education Association at Pittsburgh as planned show, not only the high esteem in which the National Education Association is held by the government, but the value placed on the work of our associations and of our teachers in doing those things which the government considers necessary in order to win the war.

Just as every school in the country devotes a large share of its energies to carrying out the wishes of the government along various lines, so this office has devoted much of its energies to war work and war problems. This has been done without adding materially to operating expenses.

It was generally expected that owing to the greatly increast cost of living and other discouraging conditions there would be a decrease of 20 or 25 per cent in our active membership. Instead of this, however, our list of active members is much larger than ever before. Eight or ten times as many applied for membership during last November and December as during November and December of any previous year. It is believed that teachers see as never before the need of combined effort in order successfully to protect their own personal interests and, what is more important, to promote the interests and ideals of the profession. It is believed also that teachers thruout the country have confidence in the National Education Association and expect it to have an important part in the reconstruction of school methods and policies to meet the new conditions now upon us.

Permit me to include in this report the following appeals which have been given wide circulation by the National Education Association and which have met with an enthusiastic response from teachers thruout our country:

A CALL TO THE COLORS FOR THE TEACHERS OF THE UNITED STATES

DR. MARY C. C. BRADFORD, PRESIDENT OF THE NATIONAL EDUCATION ASSOCIATION

To the School Teachers of the United States:

You are hereby called to the Colors of the American Republic. The teaching force of the United States is summoned to serve anew in the great world-crisis that is at hand. The war for human freedom cannot be won unless the army of soldiers of the common good —the public-school army—gives the fullest measure of sacrifice and service. Still more important, a new and fairer civilization will not take the place of the one that has broken down under the stress of conflict unless the molders of the soul-stuff of the world—teachers —dedicate themselves afresh to the mighty task of rebuilding the national institutions as an expression of the highest ideal of humanity.

The schools are the laboratory of good citizenship. The children are little citizens and must be guided in such present experiences as will make certain their future dedication to the welfare of the Republic. The Junior Membership of the Red Cross, thru the School Auxiliary, offers an unsurpassable medium thru which the patriotic activities of the children can make themselves felt. Beginning with Lincoln's Birthday and lasting until Washington's Birthday a nation-wide effort is to be made in behalf of increasing the Junior Membership. This call to the Colors is for your service in this campaign.

The National Education Association offers every teacher in the land the high privilege of participation in this great campaign.

The school organization of each state needs your help in this form of character education. The President of the United States—the great teacher of the world—has given a new content to the term "Red Cross." Therefore you may consider that he calls you to the Colors in this active service for the children of the world.

You are hereby called to the Colors by all the great ideals thru which Today is acting on Tomorrow to the end that Tomorrow may see the sunrise of a world-life dedicated to straight thinking, hard work, mighty loving.

You are called to the Colors by the Spirit of America, by the needs of childhood, by the Soul of Civilization. Yours is the privilege of sacrificing, serving, and loving.

I salute you upon your great opportunity. I thank you for the way in which you are certain to rise to its farthest heights.

Soldiers of the Common Good! Rebuilders of Civilization! Molders of the Destiny of the World! Your great task is ready. Assume it.

JOIN THE JUNIOR RED CROSS—AN APPEAL TO THE BOYS AND GIRLS OF AMERICA

DR. H. N. MACCRACKEN

It was an American poet, himself of German descent and absolutely loyal to America, who addrest a little book to the boys and girls of this land, You Are The Hope of The World. That is the exact truth. You are indeed the world's hope for democracy, for justice, for international friendship. How can we make you feel this, we older people working now to help our nation in our fight for these things?

Well, one way is the Junior Red Cross. President Wilson approved it when he issued his famous proclamation, September 15, calling to the children of the schools to unite under it for patriotic service.

During the ten days between Lincoln's and Washington's birthdays, February 12 to 22, 1918, the American Red Cross is going to summon you, boys and girls of America, to respond to President Wilson's call in complete battle-line formation, the battle line of the American school.

The president of the National Education Association has issued a call to the colors which we hope will be read by every teacher in the land. Cardinal Gibbons has given his full approval to the movement and serves upon our national committee. Many others, representing every type of school and every kind of scholar, have joined us in the great movement.

What is the Junior Red Cross?

It is a department of the American Red Cross belonging to the school children of the United States thru which they can find expression in every form of patriotic service. As President Wilson says, "Learn by doing kind things under your teacher's direction to be the future good citizens of this great country which we all love."

The Junior Red Cross is unity. When a school has once joined the Junior Red Cross it can engage in any form of patriotic service which the government has approved. It can work for war saving; it can plant school gardens; it can engage in salvage work of the raw-material board; it can help the Food Administration or the Council of Defense, and all the while be acting as a part of the Junior Red Cross, which has agreed to cooperate with all these branches of the government work.

The Junior Red Cross is efficiency. It can provide you boys and girls with work to do which will be of real service, with opportunities for work which are practical and which lead to definite results, with specifications of articles to make which the Red Cross knows to be useful at this time. You can be sure that your money which goes to the Red Cross will not be wasted.

The Junior Red Cross is conservation: Every sweater that you knit, every box that you make, is just as truly a piece of conservation as money put in the War Savings or Liberty Bonds. You are helping the government by using your school time in helping to release other workers in other fields of which the government has need.

The Junior Red Cross is morale. In joining it you are joining that great army of citizens which stands back of the boys at the front. You put courage in their hearts and power in their elbows, you make them feel that their country is with them and is something to fight for and die for, if need be.

Can you think of any reason, teachers, and boys, and girls, why you should not join the Junior Red Cross? Then write to the nearest Red Cross Chapter headquarters and have your school join the rest. Make our battle cry come true, "Every School a Red Cross Auxiliary, a Center of National Service."

I am just beginning my work as secretary. Little of the work is yet in completed form. The report for the year, including the Kansas City and Portland meetings, has been given by Mr. Springer. I submit this as an additional part of the report for the year.

Respectfully submitted,

J. W. CRABTREE

Secretary since September 1, 1917
