FIFTY-FIRST ANNUAL CONVENTION

Acting upon the authority conferred by the Board of Directors, the Executive Committee announces that the Fifty-first Annual Convention of the National Education Association will be held in Salt Lake City, Utah, July 5-11, 1913.

Meetings of the National Council will be held on Saturday, July 5; Educational Sunday will be observed on July 6; and the general sessions will open on July 7.

RAILROAD RATES FOR SALT LAKE CITY

Transcontinental Passenger Association.—The rates to Salt Lake City from California and North Pacific Coast points are granted by this association.

California lines have authorized for the meeting a round-trip fare of \$40.00 from San Francisco and Los Angeles; a \$46.00 fare from San Diego to Salt Lake City and return; and proportionate fares from other California points. Tickets will be sold July 1-6, going transit limit, fifteen days, final return limit, three months from date of sale, with stop-overs within those limits at all points in both directions, except that stop-overs will not be permitted in California on the going trip.

A round-trip rate of \$35.00 from San Francisco and Los Angeles, via direct lines, has been granted, ticket sales being made July 2-4, final return limit August 20, with similar stop-over privileges.

Round-trip tickets will be on sale at Portland (both ways via Huntington) for \$42.00; circuit tour (one way via Huntington and one way via San Francisco) \$58.50; circuit tour (one way via Huntington and one via Los Angeles) \$68.50. If steamer is used, add \$5.00. Rates north of Portland will add one and one-third fares to above, making the corresponding rates from Seattle \$49.50, \$66.00, and \$76.00. These tickets will be on sale June 25-28 and July 1-5, with final return limit, October 31. Stop-overs as in other cases.

Non-Association Territory.—The railroads in the states of Montana, Idaho, Wyoming, Nevada, Utah, Arizona, and New Mexico will make rates for the meeting independent of any association action. Members residing in these states should consult their local agent early.

WEST BOUND RATES

Teachers going west this summer will have their choice of four different destinations for which tickets may be purchased and used in connection with the Salt Lake meeting.

Salt Lake City Rates.—Tickets will be on sale during June and July, except as otherwise indicated in the data concerning the various associations, good to return before October 31, with stop-overs allowed on going and return trips, within the territory mentioned. These tickets will not require validation. They are based on a round-trip rate from Chicago of \$43.00, and from St. Louis, of \$38.00.

Yellowstone Park Rates.—On the same dates and under the same conditions given for the Salt Lake City rates, round-trip tickets will be sold to Yellowstone Park from Chicago for \$44.50, and from St. Louis for \$42.00, and corresponding rates from other points. The cost of a trip thru the park for stage and hotel or camp accommodations varies, according to the stay which one makes and the route chosen, from \$35.00 to \$57.50. Any ticket agent will be glad to furnish you with detailed information on this point. If you contemplate taking the park trip, buy the thru ticket and save money.

Pacific Coast Rates.—Many of our members desire to go to the coast this summer, attending the meeting on the going trip. For all such, it will be cheaper to take advantage of the following special convention rates, which are offered at the times indicated.

To San Francisco, Los Angeles, or San Diego, tickets will be on sale at Chicago from June 30 to July 7, by the usual direct routes, good to return until August 31, at \$65.00 for the round trip, and at \$62.50 from St. Louis. On the same dates, tickets will be on sale to San Francisco, returning via Portland, at \$82.50 for the round trip from Chicago and at \$80.00 from St. Louis. From June 22 to June 29, round-trip tickets will be on sale from Chicago to Portland and Seattle, via the usual routes, at \$65.00, and from St. Louis, at \$62.50, the return limit being August 22. These tickets have stop-over privileges on both going and coming trips within the final limit, but must be validated at places indicated by the ticket.

In the tables given, R-1 will stand for Salt Lake City rates; R-2 will represent the rates to Los Angeles and San Francisco, direct routes; R-3 will cover the rates to San Francisco and return via Portland; R-4 will represent the round-trip rate to Portland and Seattle via Salt Lake City.

Western Passenger Association.—The following table shows the rates from various parts of the territory covered by this association. Corresponding rates will be given from all other points.

Where different fares are shown from the same place, it is due to various routes and railroad differentials.

Southwestern Passenger Association.—Stop-overs on Salt Lake City tickets are allowed west of Chicago, St. Louis, Memphis, Vicksburg, or New Orleans. On

coast tickets, stop-overs are allowed at all points north of the Ohio River and west of the Mississippi River, and at all principal points south and east of said rivers. Free side trip to San Diego can be secured on tickets to Los Angeles, if asked for when the ticket is purchased. In the following schedule, unless otherwise shown, tickets via Chicago are same rate as by direct route.

GENERAL INFORMATION

Registration Bureau. The N. E. A. Registration Bureau will be located in the Keith-O'Brien Building, on Main Street, between Second and Third, South. This is less than three blocks from the Hotel Utah. When you register, you will receive the official program as well as your membership badge.

Reception. Members of the local Reception Committee will meet all incoming trains, and visitors will be conducted to the official N. E. A. registration and accommodation headquarters, and, if desired, from the headquarters to their places of entertainment in any part of the city. Large parties coming from a distance will greatly facilitate their reception if the local Reception Committee—Byron Cummings, chairman—is notified in advance of the date, hour, and route of intended arrival. The local committee will only assign accommodations to persons who have registered as members of the N. E. A.

Membership and Badges. On arrival at the registration room, all persons should immediately register with the N. E. A. committee, receiving their membership certificates and the official badge. This will entitle them to assignment to accommodations, admission to meetings, special entertainments, and other privileges which have been arranged for members only.

Mail and Telegrams. A special postoffice will be established during Convention week at the registration room. Mail and telegrams which cannot be addressed to hotel or street and number of temporary Salt Lake City residence should be addressed in care of the N. E. A. Post Office, Salt Lake City.

Baggage. Representatives of the local baggage transfer company will be found at the depot and also at the registration room, and arrangements can be made for the delivery of baggage when accommodations have been secured.

MEMBERSHIP

At the present time more than seven thousand of the leading teachers in the United States are active members of the Association, and nearly nine hundred institutions have enrolled under the provisions for institutional membership. Active membership implies permanent membership and continues until notice of discontinuance is sent to the Secretary. Among the many special advantages of active membership may be mentioned the following:

1. Active and permanent connection with the National Education Association and its work.
2. Publication of name (with titles of degree, if any), and educational position in the annual Yearbook, which now constitutes the most valuable educational directory issued.
3. The annual volume of proceedings without "coupon" or other conditions, together with bulletins of information, special reports and other publications issued by the Association.
4. The privilege of voting, holding office, and sharing in the business management of the Association and its departments.
5. Many special privileges at the time of the annual convention, which are extended to active members (and to such members of their families as are associate members), as the delegate and representative body of the Association.

Active members already enrolled are especially requested to announce the fact of such membership at the Registration Bureau in order that the proper certificate and badge may be issued and credit for active membership dues entered on the records.

At the general and department meetings, seats

will be reserved for active members, and such members of their families as are associate members, until five minutes before the time of opening.

Associate membership certificates and badges may be secured by persons who are not engaged in educational work, as well as by those who may be eligible to become active members, but do not choose to enroll as such. Associate members receive with the membership certificate a coupon for the annual volume of Proceedings, which will be sent, express prepaid, when published, to all associate members who send the coupon for Proceedings to the Secretary's office before October 1.

LOCAL HOSPITALITY

Monday evening, July 7, a fine concert has been prepared, which will be offered free to the members. This concert will be given in the Tabernacle, in which is located one of the finest organs in this country. The music of Salt Lake City is one of the features concerning which travelers speak with great praise. Almost daily thruout the entire year short concerts are given for the benefit of the traveling public. The program which has been prepared for this occasion is very fine.

On Tuesday, July 8, the teachers will be taken to Saltair, the famous bathing resort on Great Salt Lake, where a reception will be held. Those who have not enjoyed a bath in this lake listen with wonder to statements that the waters are so dense as to sustain the human body without effort. The statements are in no wise exaggerated, however, the presence of about 22 per cent of salt giving the water unusual buoyancy. No debilitating effects whatever follow a bath in the lake, but, on the other hand, it is most invigorating. Dinner will be served at 6:00 P. M. in the "Leviathan," a huge restaurant in the form of a ship built over the lake, and at 7:00 P. M. a reception to the teachers will be given in the Saltair pavilion on the largest unobstructed dance floor in the world. Short addresses of welcome will be made by the Governor of Utah and the Mayor of Salt Lake City, after which the band will play and the visitors may dance and enjoy the many attractions about the resort, returning to the city at their own convenience.

MEETING PLACES

The general sessions will all be held in the famous Mormon Tabernacle, which comfortably seats eight thousand persons. The department meetings will all be held within a radius of five blocks from Hotel Utah and the Tabernacle. In this respect, Salt Lake City possesses advantages superior to those of any other city in the country.

MEETINGS FOR 1914 AND 15

At the meeting of the Board of Directors, held in Chicago, July 11, 1912, an invitation for the 1914 meeting was presented by Director Vaughan, on behalf of St. Paul, Minnesota. Since that time formal invitations for the 1914 meeting have been filed with the Secretary from Atlantic City, N. J., St. Paul, Minn., and Asbury Park, N. J.

At the same meeting of the Board of Directors, Director Cloud, of California, presented a formal invitation for the Association to meet in San Francisco in 1915. Since that time plans concerning the Panama-Pacific International Exposition, to be held in San Francisco in 1915, have progressed so far that Mr. James A. Barr has been made Chief of the Department of Education, and it has been decided to hold an International Congress of Education in connection with the Exposition.

It has further been decided that the invitation for the 1915 meeting shall come from the city of Oakland, which is finishing a great auditorium that will cost a half-million dollars. This would secure quiet for all meetings of the Association and at the same time would place the entire membership present within a few minutes of the attractions of the Exposition.

It is purposed to ask the membership of the Association at its 1913 meeting to definitely fix upon Oakland as the meeting-place for 1915, and to undertake the holding of an International Congress of Education under the auspices of the Association as was done at Chicago in 1893 and at St. Louis in 1904.

COMMITTEES ON REVISION

Examination of the minutes of the meeting of active members, held at Chicago, July 10, 1912, will show that two committees on revision were authorized. To one was referred certain proposed amendments to the By-laws, to be reported on at the next annual business meeting of the active members. To the other was assigned the task of presenting to the active members at the 1913 meeting a draft of proposed changes, amendments, alterations, or other modifications in the Act of Incorporation. By the terms of the resolution the report of the second committee was to be presented to the active members not later than June 1, 1913.

President Fairchild appointed the same members to both committees: State Supt. T. H. Harris, Baton Rouge, La.; Supt. C. G. Pearse, Milwaukee, Wis.; Prin. W. B. Owen, Chicago, Ill.; Supt. F. B. Cooper, Seattle, Wash.; Pres. Joseph Swain, Swarthmore, Pa.

At a meeting of the committee held at the Auditorium Hotel, Chicago, May 10, it was decided that

in view of the important matters pending and to be discussed at the next annual meeting, the Committee deemed it inadvisable at this time to suggest specific changes in the Act of Incorporation.

SUGGESTIONS

It is not expected that this Bulletin will answer all the questions which prospective attendants upon the Salt Lake City meeting may have. The following suggestions are made as to other sources of information.

As to railroad rates, consult your local ticket agent.

As to probable special patries, consult your local agent and your state Director, or some member of his committee on co-operation.

It would be well to arrange for quarters at Salt Lake City in advance. Mr. Job P. Lyon, chairman of the committee on hotels, or Miss Margaret MacVichie, chairman of the committee on private boarding houses, would be glad to assist you. They can be reached care Commercial Club, which is the headquarters of the local committees in charge of the convention.

Any other question with regard to local arrangements or side trips will receive a prompt reply if addressed to the N. E. A. Utah Executive Committee, Commercial Club, Salt Lake City.

As far as possible, plan to arrive on Saturday. The Council will be in session that day and its meetings are open to members. The official program will contain the notices regarding Educational Sunday. The Council and many of the Departments have important meetings Monday morning.

Did you plan to do some work in a Summer School and feel that you can not give it up for the Convention? Write President J. T. Kingsbury of the University of Utah, Salt Lake City, for a copy of their summer school announcement. Classes will be closed during convention week.

This Bulletin is being mailed to all of our members, Active and Associate. It is also being sent to all persons listed in the educational directory of the United States Bureau of Education, as well as to those on the lists furnished us by the State Superintendents of Public Instruction. We should be pleased to mail one to any others whose names and addresses are furnished us or we will send a package for local distribution to any person requesting it and indicating the number desired.

D. W. SPRINGER, Secretary.

Ann Arbor, Michigan.
