in any manner, or for any cause existing against the said existing corporation, be released or impaired; and the corporation hereby incorporated is declared to succeed to the obligations and liabilities, and to be held liable to pay and discharge all of the debts, liabilities, and contracts of the said corporation so existing, to the same effect as if such new corporation had itself incurred the obligation or liability to pay such debt or damages, and no action or proceeding before any court or tribunal shall be deemed to have abated or been discontinued by reason of this act.

SEC. 11. That Congress may from time to time alter, repeal, or modify this act of incorporation, but no contract or individual right made or acquired shall thereby be divested or impaired.

JOURNAL OF PROCEEDINGS
OF THE
FIFTY-THIRD ANNUAL MEETING
OF THE
NATIONAL EDUCATION ASSOCIATION OF
THE UNITED STATES

OAKLAND, CAL., AUGUST 16-27, 1915

PRELIMINARY STATEMENT

At the Salt Lake City meeting of the National Education Association in 1913, the Board of Directors voted that the 1915 meeting be in the nature of an International Congress on Education and that it be held in Oakland, Cal., in connection with the Panama-Pacific International Exposition. The Board authorized a Commission on International Congress on Education with a membership of thirty-five. Philander P. Claxton, United States Commissioner of Education, was chairman of this Commission, and Durand W. Springer, Secretary, National Education Association, was secretary.

The work of the Commission was carried on by correspondence except that meetings were held at Richmond and Cincinnati in connection with the meetings of the Department of Superintendence and at St. Paul at the time of the 1914 meeting of the National Education Association.

This Commission appointed an Executive Committee of nine members with the same chairman and secretary, which committee took charge of the general preliminary arrangements with reference to the International Congress. This committee selected Frederic E. Farrington, of Teachers College, Columbia University, New York, N.Y., as its executive secretary having charge of the correspondence relating to the foreign representatives.

The following resolution was passed by the Sixty-third Congress of the United States:

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is hereby authorized and requested to invite foreign governments to appoint honorary vice-presidents and otherwise participate in the International Congress on Education, to be held at Oakland, California, August sixteenth to twenty-seventh, nineteen hundred and fifteen, in connection with the Panama-Pacific International Exposition.

Acting upon that resolution, invitations were sent to all foreign governments having representatives accredited to the United States. Invitations were also extended by the National Education Association to educational associations in other countries asking that delegates be appointed to represent them at the International Congress.

Thirty nations were represented by officially accredited delegates, representatives from educational associations, or speakers upon the program.

The countries sending officially accredited delegates were: Argentina, Belgium, Bolivia, Bulgaria, Canada, Chile, China, Colombia, Costa Rica, Ecuador, England, France, Guatemala, Liberia, New Zealand, Nicaragua, Peru, Portugal, South Africa, Spain, Sweden, and Venezuela.

Honduras formally accepted the invitation, but its delegate was not present.

Speakers were present representing the following countries in addition to those from which delegates were present: Australia, Cuba, Germany, India, Italy, Japan, The Netherlands, and Persia.

A large number of educational organizations held their meetings during the two weeks of the International Congress on Education in order that their members might receive the benefit of attendance upon both meetings. The organizations represented in our official program were: Association of American Agricultural Colleges and Experiment Stations; League of Teachers' Associations; State and National Club Leaders; National Vocational Guidance Association; National Council of Teachers of English; School Garden Association of America; International Congress of School Women; International Kindergarten Union; Association of State Superintendents; National Association of Executive and Administrative Women in Education; American School Peace League; National Association of Teachers' Agencies; Conference of Textbook Authors; National Council of Geography Teachers; National Congress of Mothers and Parent-Teacher Associations; Association for the Promotion of the Civic Education of Adults thru the Wider Use of Schoolhouses; American Home Economics Association; the Religious Education Association; Montessori Congress; National Association of State Universities.

Saturday, August 21, was observed as National Education Association Day at the Panama-Pacific International Exposition, and Sunday, August 22, was observed as Educational Sunday by the churches of Oakland.

DECLARATION OF PRINCIPLES

The Committee on Resolutions begs leave to present the following report for consideration and action as the message of this organization assembled in annual convention as an International Congress on Education, not only to the teachers and citizens of the

United States, but also to teachers and citizens in all those countries which have, by their participation, contributed to the success of the Congress which is now about to close.

We appreciate the coming of the delegates and speakers from so many nations and thank them heartily for their participation and words of wisdom and cheer. The messages relating to educational conditions and problems in different countries have recorded much recent progress in the expansion and perfecting of educational systems, and have revealed clearly the growth of an educational internationalism and a conception of world civilization among those engaged in educational work. The progress recorded has been important and significant and promises much for the future.

On the other hand, the virtual breakdown of civilization in Europe, which has taken place since the last meeting of this Association, has revealed to us how ineffective after all have been the systems of education upon which we have in the past placed so much dependence, in so far as the imparting of that type of education which would tend to preserve and advance the higher interests of civilization is concerned. In an age marked by so great an expansion of educational activities, such great industrial and commercial progress, such wonderful discoveries and advances in the application of science, and such progress in advancing the social welfare, we see nations heretofore devoted to the arts of peace and the advancement of civilization almost at once lapse into a barbarism which we a year ago would not have believed possible. Not only have the systems of education of Europe proved disappointing at the time of supreme test, but we cannot console ourselves that the results would have been markedly different with us had this nation engaged in such a titanic struggle.

Perhaps no greater work lies ahead of the school, in all lands and nations, than that of setting to work in an earnest endeavor to build up a more enduring type of civilization. We have made great progress in industry, commerce, and scientific work, but little as yet in establishing justice, good-will, and the reign of law among nations. Our instruction, aside from those fundamental tool subjects which underlie all educational work, has been based upon too narrow an outlook. Nationalism has been pushed to the front and emphasized rather than international justice and good-will. The heroes of each nation's history have been those who have done the greatest injury to other nations and who have killed the greatest number of foreigners rather than those who have conferred the greatest benefits on mankind. Our geography has related too much to the position, growth, and commercial progress of our own nation and too little to our relations with other peoples. Our patriotism has been too much concerned with our rights, and too little with our obligations; too much with securing advantages for ourselves, and too little with the extension of international justice and good-will. There has been too much talk in all nations of "national honor" and "rallying to the defense of the flag," and too little of national obligations and responsibilities. The discipline of our schools has been too much the discipline of the intellect and the body, untempered by larger conceptions as to justice and good-will among men.

The people of each and every nation need to sink their nationalism in a larger internationalism and to learn and teach the true place of their country among the nations of the earth. The task would not be so difficult if once it were resolutely undertaken. The people of different nationalities do not by nature hate one another and many illustrations of international friendliness manifest themselves at any opportunity. The masses of the people do not want war, but peace. International hatreds are kept up by the governing classes and those who profit by such hatreds, and the basis for national jingoism and future international strife is continually implanted in the minds of the rising generation in the schools of the different nations. In most nations today the schools are deliberately used by those in authority to instill into the minds of the young an exaggerated nationalism, which can be touched off into international hatred at such moment as the governing authorities may desire.

Perhaps the greatest task which lies ahead of the school in all lands and countries is that of bending its energies toward the creation of a new order of international friendship, justice, and good-will. Upon the public educational systems of each state and nation lies the responsibility of enlarging the national conceptions and promoting good-will among the nations of the earth. Entirely new values and standards for judging need to be created among the different peoples. In particular the school histories need to be rewritten and the teaching in history and geography in the schools needs to be entirely redirected. The emphasis now placed on the deeds of the soldier should be shifted to those who have created the best of our civilization and rendered the most lasting benefits to mankind. The emphasis now placed on wars should be shifted to the gains to civilization made in the intervals between wars, and war should be shown in its true light as a destroyer of what civilization creates. The biologic, economic, and human waste of war should be emphasized, and the fact that war is the breakdown of law and order and civilized society should be made clear to the young. Upon those who teach, but especially upon those who

organize and administer education, rests the responsibility of creating a new national life in all countries—a national life which shall prize the fruits of civilization, which shall honor most those who advance the larger interests of mankind, which believes in international justice and good-will, and which looks to friendly arbitration rather than to brute force to settle the difficulties which may arise between nations. The shaping of a new international policy among nations, looking ultimately toward international peace and good-will and the preservation of the slow gains of civilization, calls for educational statesmanship of a high order, and will require time for its accomplishment, but such represents the greater constructive task now before those who direct the work of instruction in every nation.

If the work of this International Congress on Education will in any material way contribute to the inauguration of a movement looking toward a reorganization and redirection of the instruction given in history and geography, and a broadening of the work in civics and morals; to the teaching of a new conception of friendship between nations; to the subordination of that love of dominion, still so prominent among nations; to a new conception of national rights and international justice; to the substitution of international tribunals and the reign of law and order for the present appeal to brute force and so-called national honor; to the development of an international patriotism based on the preservation rather than the destruction of the fruits of civilization; to an elimination of the lust for fighting and the love of military display among all people; to the erection of new standards for estimating the value of human service; and will help to spread the conception of world interests, world civilization, world statesmanship, and world friendship and good-will in place of the present narrow nationalism in all of these respects—it will have done much to hasten the day when the great human and economic waste of war, with its accompanying international hatreds, shall have been replaced by international law and order and good-will, and when the gains and larger possibilities of civilization will not periodically be destroyed by the lapses into barbarism of a portion of mankind.

Of all the institutions working for the unification of mankind and the improvement of the social welfare the school stands first, and, in consequence, the importance of the stand to be taken by those who direct public education and those who teach in the schools can hardly be overestimated. What our civilization will be a quarter of a century hence will depend very largely upon the attitude assumed toward these new questions of international relationships by those who are responsible for the direction of public education in all lands and nations.

The National Education Association therefore desires to put itself on record as follows:

1. The Association looks upon the war now ravaging the continent of Europe as a tragedy having no parallel in history. This war is working havoc among the best racial elements in all nations concerned, exhausting the near future, bringing impoverishment to the race, and throwing an intolerable burden of sorrow and misery on women and children. The Association expresses the fervent hope that the measures adopted at the peace settlement conference will be founded on justice, and will thereby break down militarism and free the world from the fear of another calamity like the present. The Association heartily indorses the policy of the President of the United States concerning both the European and the Mexican situations. It rejoices in his eminent services to the cause of Peace, which is the cause of Law. To the President of the United States is primarily due the fact that this Republic has remained law-abiding, despite currents of fear, hate, and excitement, and stands firm on the only basis on which civilization can be restored or peace maintained—the foundation of Law.

2. The Association reaffirms its approval of the American School Peace League, the organization of Peace Leagues among pupils, the observance of Peace Day, May 18, and the dissemination of literature bearing on international relations. The Association views with satisfaction the efforts made by the American School Peace League to secure the co-operation of teachers in other countries, and hopes that, in the future, similar school peace leagues may become active forces in the educational systems of the different countries of the world.

3. The Association deplors any attempt to militarize this country. It again declares against the establishment of compulsory military training in the schools, on the ground that this is reactionary and inconsistent with American ideals and standards. The Association expresses its approval of the policy of the Boy Scouts of America in keeping their useful work free from connection with military affairs.

4. The Association believes that the promotion of international relationships in education, science, art, industry, and social service is of fundamental importance, and that these can best be worked out by a co-ordination of the organized forces of the civilized world. To this end, international associations should have affiliated national organizations, in

each case with a central body having delegates from each affiliated nation. In the interest of permanent peace and of world research a reorganization of international organization should follow the establishment of peace in Europe. The United States, with other neutral nations, has a great duty to perform in this work of reorganization.

5. The Association feels that we have reached a time when interdependence and mutual understanding should create their proper organs of expression thru permanent officials whose duty would be to report to their home governments on the work and progress of constructive social agencies in the country of residence. The presence of military and naval attaches in all embassies and legations emphasizes the least desirable factors of international relations.

The Association believes that the constructive side of relations among nations should be emphasized, and recommends that each of the national governments which have participated in this International Congress on Education should be urged to appoint Educational Attaches as well to their legations and embassies in foreign countries.

6. The National Education Association congratulates the Panama-Pacific International Exposition on having made the official series of congresses the central feature of the Exposition. The 852 congresses and conferences meeting during the Exposition period will leave a definite impression of national and world progress. It is a matter for congratulation that education, with 129 distinctive congresses and conferences, has been made the most prominent feature of this great series of meetings.

In the interest of world harmony, we believe the splendid work of the Department of Congresses of the Panama-Pacific International Exposition should in some form be continued as a useful means of securing a concert of action among the nations and international associations.

In addition to the foregoing, relating to the promotion of international peace and good-will and the ultimate substitution of law and order for brute force—a new task before teachers and those who direct public education, and one which to this Association seems to be by far the most important matter brought before this International Congress—this Association further desires to direct attention to a few of the larger and more significant movements now under way in this country, which look toward the improvement of public education with us.

1. *Child welfare.*—Most prominent of these, perhaps, is that recent and important movement for the promotion of child welfare, which embraces all movements tending to improve conditions surrounding the morals, health, and proper development of children. Like the question of world peace and international justice and good-will, the conservation of child life is certain to appeal to all humanitarian people. Within the past two decades almost all civilized countries have become interested in this movement, which embraces infant care, child labor, the protection of the child from injurious and contaminating influences, health supervision and instruction in schools, preventative hygiene, playground activities, and the treatment of the child in accordance with the laws of his mental and physiological development. Any system of public instruction which neglects the physical and moral welfare of children and confines itself to their mental training is certain to prove inadequate to meet the needs of either the individual or society. This Association therefore expresses the hope that both the teachers and the parents of the nation may interest themselves in and study the different movements looking toward the conservation and improvement of child life.

2. *Rural education.*—Perhaps next in importance, and in a way closely akin to the problem of child welfare, is the great problem of rural education and rural welfare which surrounds and affects the lives of almost half of the people of this nation. The solution of this problem demands such a redirection and reorganization of rural education as will enable both rural and village schools to contribute much more than they now do toward the improvement of the life of the people tributary to them. A great opportunity for a new type of service awaits the normal schools of this country, if they will but seriously turn their attention to the many important problems surrounding rural life and train teachers definitely for helpful constructive service among rural people. Large opportunities for service also await those institutions which engage in agricultural extension and the promotion of the various forms of agricultural and home economics work among rural boys and girls.

3. *School supervision.*—The movement for the training of supervisory officers, as distinct from teachers, which has recently been begun by our universities, colleges, and larger normal schools, is a movement of fundamental importance for the future of public education with us. The problems of organization, administration, and the supervision of instruction are now of such importance as to demand some special study, and this Association commends to educational institutions the establishment of such courses of instruction and to the states the creation of special supervisors' certificates, based on

training and experience, which, after a certain date, shall be required of all who propose to engage in supervisory service.

This Association also believes it to be a sound educational principle that wherever a teacher is at work or a child is in school, be it in city, town, or country district, both teacher and child should have the benefit of close, personal, and professional supervision. The city teacher and child are now reasonably well cared for, but our present system of county supervision is, in most states, entirely inadequate to meet the new needs of rural and village education. We therefore express our belief that the present movement looking toward an improvement in our system of rural-school supervision, and the substitution of some larger administrative unit than the school district, is a movement which should meet with the approval of all. We also believe that, whatever the details of the system which may be eventually adopted, some adequate provision should be made for opening up rural-school supervision as a career for men and women—a career for which either might be warranted in making thoro preparation, and which either might hope to enter wholly on a basis of merit.

4. *Teachers.*—Recognizing that in the last analysis the excellence of our public schools depends upon the teachers who do the actual work of instruction, this Association believes it is of the highest importance that this work be done under the best possible conditions as to the promotion of good health, comfort, and peace of mind. To this end the Association expresses itself unequivocally in favor of adequate salaries, security of tenure, a suitable retirement annuity, and working conditions in which there shall be sufficient and helpful supervision, and at the same time freedom from arbitrary or needless restrictions or requirements, and from those "ratings" and records which unnecessarily disturb the teacher's peace and make the rendering of the best service impossible.

5. *Differentiations in instruction.*—The different attempts which are now being made to differentiate instruction and adjust school work to meet individual needs and to reorganize our educational work along new lines with a view to enabling our schools better to meet those special-group and individual needs which we have but recently come to recognize as important in public education are movements which appeal to this Association as of large importance for the future of our educational work. It seems to this Association to be a thoroly sound and just principle that every child of school age in a community should be provided with that kind of education which will be best adapted to meet his peculiar educational needs. The adoption of such an educational principle, however, calls for differentiations and adjustments in schools and in courses of instruction and for a wide diversification in our school work. What our schools have heretofore achieved for the mass, they now need to set themselves to try to accomplish for groups within the mass. Different types of schools, different emphasis in instruction for different groups, a wide range of educational opportunities, and an estimation of equivalences based more upon needs and growth than upon similar accomplishments will all be necessary. A material extension of the school day, a larger introduction of play and constructional activities, a wider use of school buildings, particularly with reference to adult education, Saturday instruction, and instruction in some form thruout the entire year, will also be necessary to the accomplishment of such an enlarged educational purpose.

6. *Enlarged scope and funds.*—With us education represents one of our greatest national interests, and in no other country in the world have the results of a system of public instruction shown forth to better advantage in the general intelligence, poise, good judgment, and productive capacity of the people. This Association, however, desires to call to the attention of our people the fact that what has met their needs in the past will not suffice for the future, and that each of the important educational movements so far mentioned can mean nothing less than a further enlargement of the work and function of the school as the constructive instrument of democracy. Each enlargement of function in turn demands increased funds, and, if our schools are to render the service expected of them, our people must be prepared to give to those responsible for the conduct of public education a larger and a larger proportion of public funds. The time is coming, perhaps in the very near future, when the enlarged scope of public instruction will probably demand one-half of the taxes paid by our people.

7. *Co-operation of other agencies.*—We recognize with pleasure the increasing interest which citizens are displaying in the work of the public schools. We commend the action of a resident of California who made it possible for this Association to offer a prize to the person presenting the best essay on "The Essential Place of Religion in Education, with an Outline of a Plan for Introducing Religious Teaching into the Public Schools" and thus to bring the attention of teachers and patrons to a vital question. We trust that the influence of the contest may be far-reaching in its after effects, and that, as a result, some method may be worked out by which the underlying principles of religion may be taught to our young people, realizing as we do that the home and the church are not covering the whole field. We also commend the action of the President of the Society for Thrift which

enables this Association to offer prizes, during the coming year, for the best essays on the subject of Thrift, with an outline of a plan by which it may be taught in the public schools. These are movements of large educational significance, and deserve further study and encouragement.

8. *United States Bureau of Education.*—In conclusion, this Association desires to express its appreciation of the co-operation extended to it in its work by the United States Bureau of Education. This Bureau, considering the very meager appropriations made for its work, has recently begun to render a service in the cause of peace and education as important as its scope is limited. This Association desires, once more, respectfully to urge upon Congress that it very materially enlarge the appropriations for the maintenance of this Bureau, and that it no longer delay placing the Bureau in a position where it can render a service to those engaged in the care and education of children, in all of the states, which shall be analogous to that which has for so long been rendered by the national government to those engaged in the care and propagation of fishes, hogs, cattle, and crops. An annual appropriation of not less than five hundred thousand dollars should be made at once to this Bureau, and this amount should be increased as fast as additional funds can be used to advantage.

RESOLUTION OF THANKS TO THE PRESIDING OFFICER

The Committee on Resolutions feels that it would not express the wishes of those who have participated in the meeting of this Association which is now drawing to so successful a close did it not propose a special resolution of thanks to our retiring president, not only for his courteous services as the presiding officer of the Congress, but also for the splendid message to the teachers which he delivered at the opening meeting, and for the excellent program of addresses which he has prepared.

The Committee therefore proposes that the members of this Association extend to David Starr Jordan a vote of thanks for his great services to the Association during the past year; that, in addition, we extend to him the best wishes of the members for many years of health and strength and continued service to the higher welfare of mankind; and that our thanks be extended by a rising vote of the members of the Association.

2. To the Oakland Chamber of Commerce and Commercial Club, the city authorities, the hotels, and those organizations of the city of Oakland who have contributed to the success of the meeting by providing meeting-places, by furnishing music, by providing for the needs of the officers of the Association, and by extending many courtesies to the strangers within their gates;

3. To the press of both Oakland and San Francisco, which has devoted much space and skill to reporting and interpreting to the people of the state the meaning and significance of this international gathering of teachers; and

4. To the postmaster of Oakland for his thoughtfulness in providing a branch post-office in the registration headquarters.

5. To those distinguished educators from abroad, and to all from within our own land, who have made the meeting of the Association a success by their addresses and their participation in its proceedings.

David B. Johnson, president, Winthrop Normal and Industrial College, Rock Hill, S.C., President-elect of the National Education Association, was introduced and spoke as follows:

I deeply appreciate the great honor you have done me in electing me President of the greatest educational association in the world, an association with a splendid record of long years of educational achievement. In all of the great educational progress of the past half-century in this country this National Education Association has had a most notable and honorable part. It has contributed no little to the improvement in public education required to enable education to meet the needs of a growing and changing civilization. It has led the way in many of the most vital educational reforms of modern times. It has helped to give a new meaning to education—that it is a preparation of the individual for the duties of life in his environment.

There was a time when it was considered anything but scholarly or high-minded for a student to choose a course of study that might by any manner of means have any direct bread-and-butter value. That time is rapidly passing thanks in great measure to the leadership of this Association, and it is now very generally seen that a bread-and-butter subject may have educational value as well as Greek or some other similar subject—and even greater educational value. This Association has dignified and elevated the teacher's calling, has secured a clearer understanding of the fact that the good teacher makes the good school, and has helped and is helping to secure for woman the place and recognition due her in all educational endeavor.

This Association has always stood for the higher standards and ideals in education, has given its powerful aid to the acceptance of that conception of education which makes it include character-building as well as intellect-training, while not ignoring the training of the hands to work and the training of the whole child for service—the head, the hand, and the heart. I hope we shall never allow our interest in the very important subjects of industrial education, manual training, agriculture, rural schools, vocational training,

and all others of equal importance to cause us to lose or lack interest in the most vital work of the schools—moral training or character-building.

Not among the least of the services rendered by the National Education Association to the betterment of the national life should be counted its contribution to the harmonizing of the sections. It has offered a common ground where the educational leaders of all sections, the North, the South, the East, and the West, could meet together and has helped materially to bring that fraternal relationship between the sections which now exists. Your placing at the head of your Association one from the original secession state of Dixie will be accepted as conclusive evidence that the dead past is forgotten in the National Education Association and those taking the lead in the new education in the South will be greatly encouraged. I am not unmindful of the great responsibility placed upon me, together with the honor bestowed.

We have had a great meeting, in numbers, character of the proceedings, and spirit of the membership, out here in the mighty West, where the wide expanse of the country seems to give breadth of view. It shall be my earnest endeavor to have the Association go forward in all of its great work this coming year, and I know that with your interest and sympathetic help we shall take no steps backward. We shall all be better in our outlook upon life's duties and for their performance for having been here in contact with the bigness, strength, progressiveness, and inherent honesty of western life and character. We shall take with us to our homes all over this broad land of ours lasting impressions of the hearty good-will of Californians and shall ever cherish in our hearts glowing memories of the perfect hospitality of this good people of this golden state of the West.

President Jordan announced the adjournment of the Fifty-third Convention of the National Education Association.

DURAND W. SPRINGER, *Secretary*

MINUTES OF THE MEETING OF ACTIVE MEMBERS OF THE NATIONAL EDUCATION ASSOCIATION FOR THE YEAR 1914-15

OAKLAND, CAL., AUGUST 20, 1915

The Association was called to order in the City Auditorium at 11:20 A.M., with Vice-President Joseph Swain in the chair.

CHAIRMAN SWAIN: The Vice-Presidents and any members needing to make a report, I will ask to come to the stage.

The Secretary has a statement to make.

SECRETARY SPRINGER: This is the first time that we have held our annual meeting in a building which had a balcony so entirely separated from the meeting-place that it would be impossible for those in the balcony to take part in the proceedings. We have had a large number of requests from associate members of the Association that they might be permitted to sit in the balcony. Under the rule that has been in vogue, of course, only active members are permitted to take part, but I agreed to ask this membership body whether they would waive the rule and allow the associate members to sit in the balcony.

CHAIRMAN SWAIN: There is a motion that this request be granted. It seems to the Chair that that might be fairly left without discussion and we might have a vote. Is the Chair sustained in that judgment? All in favor of the motion will please make it manifest by saying, "Aye." Contrary.

THOMAS E. FINEGAN, of New York: I have no objection to this motion. I shall be perfectly willing to accord the privilege of sitting in the balcony to the associate members, upon one distinct understanding, and that is that they shall not, by word, or act, or in any other way, attempt to participate in these proceedings, or to give their approval or disapproval of what may be said.

FANNIEBELLE CURTIS, of New York: Any member interested in the proceedings should be willing to become an active member and not remain an associate member.

CHAIRMAN SWAIN: After this discussion, may we vote again? All in favor of the motion please say, "Aye."

MISS CURTIS: I call for a division.

CHAIRMAN SWAIN: A division is called for. Those in favor of the motion will please rise. Those opposed will please rise. It is evident that a majority favor the associate members being admitted. They will therefore be admitted with the restriction that has been suggested.

The Secretary has a statement to make.

SECRETARY SPRINGER: A general announcement. As you rise to address the Chair on any matter of business that comes before us, please give your name and state.

The first item of business is the report of the Executive Committee.

To the Active Members of the National Education Association:

As required by the by-laws of this Association, your Executive Committee has carefully considered the request for appropriations which have been presented by the chairmen of the various committees, both general and departmental. The committee has been unable to recommend the allowance of all of the appropriations asked for, and in most cases has been obliged to recommend a smaller appropriation for the several committees than was asked for. We feel, however, that the Association can with safety appropriate the amounts named, to the following committees, to be used by them during the year 1915-16:

Committee on Salaries, Tenure, and Pensions.....	\$1,400
Committee on Health Problems in Education.....	1,000

Committee on Vocational Education and Vocational Guidance.....	\$ 750
Commission on the Reorganization of Secondary Education.....	400
Committee on the Improvement of Physics Teaching.....	200
Committee on Superintendent Problems.....	200
Committee on Economy of Time in Elementary Education.....	150
Committees from the Library Department, of which there are five, each \$25. Total.....	125
Committee on Tests and Standards of Efficiency in Schools and School Systems.....	100
Committees from the Department of School Patrons, of which there are two, \$25 each. Total.....	50
Committee on the Culture Element and Economy of Time in Education (Council Committee).....	50
Committee on Research, Standardization, and Correlation.....	50
Committee on Classification and Terminology of the Exceptional Child.....	15

In making these appropriations, your committee recommends that authority be given to the Executive Committee for next year to assume temporary responsibility in deciding which expenditures are most important in the work of these various committees; and which expenditures shall be first authorized, if in any case it shall be impracticable for all such expenditures to be allowed.

Your committee also recommends that requests from the Committee on Uniform Nomenclature in English Grammar, from the Committee on Standards That Are Agreed upon in the Proper Making of a Teacher, and from the Committee on a National University, be referred to the Executive Committee for next year, for such appropriations as may be warranted, in the judgment of the Executive Committee, by the necessities of these three committees and the condition of the finances of the Association.

Mr. Chairman, in presenting this report for the Executive Committee, perhaps one word should be added, and that is: The total appropriations suggested are \$4,490, which in the committee's judgment could be used for work of this kind the coming year. The last two clauses, giving the committee authority to decide as to importance of appropriations if finances require, are exactly the same in wording as were the clauses that have been appended to the report for the last two years.

CHAIRMAN SWAIN: This report is before you. What is your pleasure?

MISS CURTIS: I move the report be adopted.

Motion seconded and carried.

SECRETARY SPRINGER: Mr. Chairman, a second report.

Your Executive Committee, to whom is intrusted the responsibility for suggesting subjects for investigation by committees, would respectfully report:

That it received a communication from the American Society for Thrift asking that a committee be appointed to investigate the thrift problem concerning America, and to report on methods by which the subject of thrift may be taught in our public schools.

It also received a communication from S. W. Straus, the president of the Society for Thrift, in which he agreed to defray personally the expenses that would be incurred in the work of this committee. He also offered three cash prizes, in amounts of \$1,000, \$250, and \$100, which are to be awarded by the National Education Association for essays on this subject, the contest to be carried on under conditions named by the Association.

We therefore recommend that a committee be appointed to be known as the Committee on Thrift Education.

At a meeting of the Board of Directors held on Monday, August 16, the directors recommend favorable action on this suggestion. Since that time the suggestion has come that it would be well to have this committee, if authorized by you, report to the National Council of Education and be made one of its committees.

CHAIRMAN SWAIN: You have heard this report; what is your pleasure?

MEMBER: I move its adoption.

Motion seconded and carried.

SECRETARY SPRINGER: Report of the Board of Trustees.

CARROLL G. PEARSE, of Wisconsin: The report of the Trustees has been printed and is distributed. Mr. Secretary am I right about that?

SECRETARY SPRINGER: Yes, sir.

MR. PEARSE: It is necessary, perhaps, to say only a few words in connection with this.

As the members of the Association know, for the past two or three years no money has been carried over from the Current Fund to the Permanent Fund. There has been a feeling that the reduced revenue, largely due to change in railroad conditions, which has made excursion rates and tickets impossible, has made it unwise to attempt any large addition to the Permanent Fund. The Association has also felt that it was important to resume the practice of educational investigation, and a liberal appropriation has been made for the last two, or three, or four years, and is recommended this year for the purpose of investigation of educational topics of interest to the Association. These two things have kept the Association from having a surplus which could be put into the Permanent Fund. For that reason, the income from the Permanent Fund already accumulated has been carried to the current expense fund and used in the payment of current expenses. Your officials have believed that until such time as the revenues were largely increased it was wisest to use substantially the current income and the income from invested funds in carrying on the business of the Association, and in educational investigation. This, perhaps, is the only explanation needed. The facts stated are in your hands.

I move the adoption of the report of the Board of Trustees.

Motion seconded and carried.

SECRETARY SPRINGER: Report of the Treasurer.

GRACE M. SHEPHERD, of Idaho: I wish to call your attention to a fact in the summary that is interesting to us. Last year we had a balance of \$148.70. This year we have a balance of \$2,616.16. As the report is in the hands of the active members, Mr. Chairman, I move the adoption of the report of the Treasurer.

Motion seconded and carried.

SECRETARY SPRINGER: I have the following report of the auditors:

We, the undersigned, have examined the reports of the Treasurer and of the Board of Trustees, as printed, together with the original certificate from the auditors, and recommend that they be accepted.

A. E. WINSHIP

J. W. CRABTREE

CHAIRMAN SWAIN: Does that require a motion?

SECRETARY SPRINGER: I do not think so.

CHAIRMAN SWAIN: That does not seem to require a motion. That is just information, as the Chair understands. Pass to the next.

SECRETARY SPRINGER: The next would be the report of the President and Secretary, but as they do not carry with them anything more than information, and require no action by the body, I suggest that, as last year, they be passed.

The next will be the report of the Committee on Resolutions.

CHAIRMAN SWAIN: If there is no objection, we will now hear from the Committee on Resolutions.

ROBERT J. ALEY, of Maine: I am reporting for the chairman, who is unable to be present this morning.

To the Active Members of the National Education Association:

The Committee on Resolutions begs leave to submit this preliminary report and to ask of the Association that it be given further time for the submission of the usual resolutions expressing appreciation and the declaration of principles for which the Association desires to stand. This request is made for the following somewhat extraordinary reasons:

First. The present meeting, instead of the usual five-day meeting, has taken the form of an International Congress of Education, lasting two weeks. At the present time it is only one-third over, and manifestly certain resolutions would be out of place at this time.

Second. Many topics which are to come before this International Congress have not as yet been presented or discussed, and some of those certainly deserve mention in the report of this committee.

Third. The member designated as chairman of the committee, Mr. Blair, of Illinois, found himself unable to be present, necessitating the selection of another as chairman, which has, in consequence, necessitated a certain delay in the preparation of the report.

The committee therefore respectfully asks that it be given further time to prepare and submit the proper resolution and declaration of principles, and recommends that the hearing of this report be made a matter of "unfinished business," to come at the conclusion of the regular program on the morning of Friday, August 27.

Respectfully submitted,

ELLWOOD B. CUBBERLEY

Chairman of the Committee

CHAIRMAN SWAIN: As this request seems so necessary and so reasonable, unless otherwise ordered it will be granted. The Chair hearing no opposition it is granted. Next.

SECRETARY SPRINGER: The report of the Committee on By-Laws, to which there were certain unsettled matters referred last year.

MR. PEARSE: Mr. Chairman and members of the Association: A resolution was introduced by Mr. Vaile, of Chicago, and notice given that he would ask for action upon it at this meeting. I have had handed to me this morning a notice which asks that, owing to the fact that Mr. Vaile is unable to be present at this meeting, this matter be laid over again for another year. I move the request be granted.

CHAIRMAN SWAIN: Mr. Pearse moves that this request be granted, and, it being moved and seconded, are you ready for the question?

MEMBER: Let us hear the reading of it.

MR. PEARSE: The resolution is one with reference to the reform spelling matter in which Mr. Vaile is greatly interested. I do not have the text of the resolution in my hand.

CHAIRMAN SWAIN: That is all he wants. Are you ready for the question? Those in favor please say, "Aye"; those opposed, "No." It is so ordered. Next.

SECRETARY SPRINGER: There was an amendment proposed at St. Paul, viz., that the hour of the business meeting should be ten o'clock instead of eleven o'clock; also another amendment to the effect that the business meeting should be held on the fifth day instead of on the fourth day of the sessions. Both of these amendments were offered at St. Paul, and are therefore before you for consideration today.

CHAIRMAN SWAIN: Read the first one again.

SECRETARY SPRINGER: "That the hour for the annual meeting be fixed at ten o'clock instead of eleven o'clock."

CHAIRMAN SWAIN: This is before you. What is your wish?

MEMBER: I move the adoption of the amendment as read.

The motion was seconded.

CHAIRMAN SWAIN: The motion is that the hour of meeting be ten o'clock instead of eleven. Are you ready for the question?

SECRETARY SPRINGER: May I say one word? I believe that if you put the hour of the business meeting at ten o'clock you practically spoil that forenoon for any departmental sessions whatever; whereas, if it stays at eleven o'clock you are likely to spoil the lunch hour for most of you. It is therefore a question between those two situations. I think you ought to understand it when you vote.

CHAIRMAN SWAIN: Are you ready to vote on this question? The affirmative vote means "ten," the negative vote means that that it does not pass. All in favor of the motion please say "Aye." Those opposed, "No." The noes have it. The motion is defeated. Next.

SECRETARY SPRINGER: The second proposed amendment is: "That the annual meeting be held on the fifth day instead of on the fourth day."

Perhaps I had better read the reason for its introduction. This was introduced by O. S. Westcott, of Illinois, who spoke as follows:

The department over which I preside has a very important subject to discuss tomorrow. The same subject has already been discussed here, and has been made a prominent feature in the local papers, and a resolution upon the subject has been read at this meeting and indorsed by the Association. The resolution read this afternoon was couched in perfectly harmless terms, so far as I was able to judge, and I do not feel disposed to object to it, but our work tomorrow seems to me to be utterly useless after these preliminary

meetings. Personally I object to the arrangement that our work should occur after this matter has been officially disposed of.

CHAIRMAN SWAIN: What is your pleasure? I believe there is no motion before this body.

MEMBER: I move it be laid on the table.

The motion was seconded.

CHAIRMAN SWAIN: This motion is not debatable. All in favor will please say "Aye." Contrary, "No." The noes have it. It is a question of a vote on the amendment. I believe there has been no motion, however. You wish to vote on the original amendment?

MEMBER: I move the adoption of the amendment.

The motion was seconded.

CHAIRMAN SWAIN: It is moved and seconded that this amendment, that the general business meeting shall be on the fifth day instead of on the fourth day, be adopted. Are you ready for the question? All in favor please say, "Aye." Contrary, "No." The ayes have it. Next. [Cries of "Division!"] A division is called for. All in favor of this motion will please rise: that is, that the business meeting shall be on the fifth day. You may be seated. Those opposed will rise. The ayes have it. Next.

SECRETARY SPRINGER: The Committee on Necrology asks the privilege of reporting at the Friday morning meeting, in connection with the Committee on Resolutions.

CHAIRMAN SWAIN: If there is no objection, this request will be granted. The Chair hears no objection. It is granted. Next.

SECRETARY SPRINGER: At the meeting of the Board of Directors a matter was presented by W. B. Owen, and on vote of the directors it was referred to the annual meeting for favorable consideration. Mr. Owen presents this resolution, to which he wishes to speak:

Moved, That the Association authorize the appointment of a special Committee on Organization, to consist of nine active members, to consider and recommend at the next annual meeting such changes in the form of organization in the Association as will make it more truly national in the extent of its membership, the scope of its deliberations, and provisions for the conduct of its business, and that the Executive Committee of the Association be authorized to pay, out of funds not otherwise appropriated, the necessary expenses for typewriting and postage incurred by the committee.

CHAIRMAN SWAIN: The Chair recognizes Mr. Owen.

W. B. OWEN, of Illinois: I do not wish to take the time of the convention to argue as to the advisability of the action contemplated by this motion. First, I should like to call attention distinctly to the provision of the motion which provides that the committee shall conduct its deliberations during the present year, and that the report shall be made in the meeting a year from now; and further, I want to call the attention of the convention to the fact that, by a constitutional provision, the report of that committee, if it carries with it the change of a single word in our fundamental law, our constitution, will have to lie upon the table for another year. That will give us a year to consider whatever suggested advantages should come from the work of the committee. So it seems to me that we should not be taking anything like hasty action in passing the motion today. So much for the constitutional aspects of the question.

Just one further point. Somebody may ask about the general idea of the motion. It seems to me that the problem of organizing this Association so that there shall be something like an organic connection between the different state associations and the national Association should be considered, and that we should have a method of doing business that will make our deliberations really the deliberations of a national body. That plan, or the thought of producing that result, hardly needs defense, in view of the events of the last four or five years. I do not think I need to discuss this any further.

CHAIRMAN SWAIN: The Chair understands this is a motion to authorize the appointment of a committee. The committee has no power except to consider this question and

report, and that report would have to lie over for one year. Under these circumstances, are you ready to vote on the resolution?

Motion made and carried.

CHAIRMAN SWAIN: In view of the noncommittal nature of the affair, the Chair took the opportunity to consider beforehand a possible committee. Since you have passed this, I will ask the Secretary to read the Committee.

The Secretary read as follows:

William B. Owen, of Illinois, <i>Chairman</i>	Grace DeGraff, of Oregon
Payson Smith, of Maine	George M. Lynch, of Florida
Fred L. Keeler, of Michigan	Nellie Minehan, of Wisconsin
Mary Willard Rae, of New York	Arthur H. Chamberlain, of California
Reed B. Teitrick, of Pennsylvania	

CHAIRMAN SWAIN: Inasmuch as you have authorized the appointment of such a committee, the committee that has been read will be the committee to consider this resolution. The next item of business.

Resolved, That we believe that the right to vote in the various departments of the Association should be limited to those whose work is of the character indicated by the name of the department, and that we suggest that the by-laws of the Association be amended, if necessary, so as to secure such limitation.

CHAIRMAN SWAIN: These being notices require no action. The next item of business.

SECRETARY SPRINGER: The report of the Committee on Nominations.

CHAIRMAN SWAIN: Is the chairman of the Committee on Nominations ready to report?

SECRETARY SPRINGER: Mr. Chairman, I think it is due to the Association to announce that the second balcony was accorded to those associate members who were present with the distinct understanding that they were not to take part in the deliberations in any way, by applause or otherwise. CHAIRMAN SWAIN: The Chair will recognize Thomas E. Finegan, of New York.

THOMAS E. FINEGAN, of New York: Mr. Chairman, Ladies and Gentlemen: It is with some reluctance that I arise, in behalf of the state of New York, to present a minority report on nominations.

In presenting this report, I desire to state briefly the reasons which have actuated this course of procedure. First, you have heard here today from the chairman of the Board of Trustees and from the Treasurer of this Association of the great necessity of this Association being properly financed. I want to give you the opportunity to name a President of this Association whose genius for organization, whose love for the work, will place her in a position to secure more money for the treasury than was ever put into it at any single meeting of this Association. If that is done, you will then be in a position to make these investigations which are essential to the proper progress of educational affairs of this country, and your chairman of the Board of Trustees and the Treasurer of your Association will be able to say to us and to this Association: "Here are the funds with which to make the necessary investigations in educational matters, which will give this Association the standing in the nation which it should have, and the leadership in educational affairs to which it is entitled."

But there are other reasons quite as important as that which leads me to take this action today. First, I want to give you the opportunity to recognize the friend of the teacher. If you believe in increasing the social status of the teacher thruout the country; if you believe in permitting and promoting the rights of teachers; if you believe in retention in office of a teacher who is capable; if you believe in the proper retirement of teachers, so that when they have become incapacitated, either by age or by mental disability, they may be retired with a living income; if you believe that while teachers are in the service they should be paid a compensation commensurate with the services which they render—if you believe in all those things; if you want to honor the one who has stood foremost as the champion of these rights of the teacher; if you want to give her recognition in so doing; if you want to stamp your approval upon these things, in behalf of the teacher, then you will have the opportunity to do so in voting for the person who will be named in my minority report.

Second. I want to give you the opportunity, in selecting the President of this great Association, to recognize one who has always stood in the ranks. I want to give you the opportunity to bestow this great honor upon one who has been a teacher, upon one who has devoted her life to teaching, or to supervising teachers, in the elementary schools of the city in which she lives.

Third. I want to give you the opportunity to name, as President of this Association, a person who, by her education, her experience as a teacher and supervisor, her knowledge of educational work, her great ability as an organizer, her standing thruout the United States, will be recognized by every teacher in this great country—

T. M. MARSHALL, of West Virginia: I rise to a point of order.

CHAIRMAN SWAIN: What is your point of order?

MR. MARSHALL: I understood the gentleman was making a minority report, not a political speech.

CHAIRMAN SWAIN: Mr. Finegan will proceed.

MR. FINEGAN: Now, Mr. Chairman, I want to give you the opportunity to put your stamp of approval upon an action of that kind by the vote of this Association. I want to say to you that in presenting this minority report I am speaking in behalf of one-tenth of the teachers of the United States, and one-tenth of the enrolled pupils of the public schools of the United States. If we could stand up before this body today, the fifty odd thousand teachers of the state of New York who have been the recipients of the great accomplishments of the person who will be named in this minority report, you would find that they would stand here almost unanimously in favor of this report.

I present, therefore, as a minority report, a report containing all the names for the offices specified in the majority report, except for that of President, and for President I report the name of Grace C. Strachan. I now move you that the minority report be substituted for the majority report, and that the vote upon the motion shall be by ballot.

MR. PEARSE: I should like to ask information. Has a motion to adopt the report of the committee been made?

CHAIRMAN SWAIN: No.

MR. PEARSE: I move the adoption of the report.

Motion seconded.

CHAIRMAN SWAIN: The Chair understands your motion, Mr. Finegan, to be a substitute for the motion to adopt the majority report.

MARY M. FITZGERALD, of California: Speaking as an educator, or one who would like to be considered such, in behalf of an educator who has manifested business and executive ability and daring leadership that will tend to great constructive work for the coming year, I take great pleasure in seconding the nomination of Grace C. Strachan.

LOUISA F. BRAY, of California: As a member of this Association, as a teacher of long standing, I wish to add my little word to what has already been said in favor of the candidate named in the minority report.

In the last report of President Pritchard, of the Carnegie Foundation, I find these words characterizing teachers' associations: "Among elementary- and secondary-school teachers, professional conscience is nearly lacking." These are the words in the report of the president of one of the leading educational foundations for research in the world. The professional conscience of the teachers in the elementary schools is not lacking; it simply has been taking a vacation. We who have followed the New York lady, Miss Strachan, thru the work that she has done for the teachers, and thru them for the children in the elementary schools, ought to have no second thoughts as to our course in the business that is now before this meeting. I take great pleasure in seconding the motion that will put before you the name of Grace C. Strachan, of New York state, but really of the whole United States, as a candidate for the Presidency of this Association.

L. C. GEE, of Texas: I move that this report of the minority committee, or rather the motion that the minority report be adopted, be tabled.

The motion was seconded.

MR. FINEGAN: Now the only thing that we ask here is a fair show on a vote. My motion was to substitute the minority report for the majority report and that the vote thereon be taken by ballot.

MEMBER: I second the motion.

CHAIRMAN SWAIN: In accordance with our by-laws, the President, Vice-President, Treasurer, and directors of the National Education Association of the United States must be chosen by the active members by ballot at their annual business meeting, a majority of the vote cast being necessary for a choice. The motion would not delay, as I understand it.

MR. FINEGAN: What is the motion, Mr. Chairman?

CHAIRMAN SWAIN: Let me state it: There was a majority report. It was moved and seconded that this majority report be adopted. Then Mr. Finegan, of New York, moved a substitute for this, in the shape of the minority report, and Mr. Gee, of Texas, moved to table the substitute.

GRACE C. STRACHAN, of New York: May we know the names of those who moved and seconded the adoption of the majority report?

CHAIRMAN SWAIN: I understand the chairman of the committee made the report and somebody seconded it. It is the desire of the Chair to get the will of this body, and therefore we must move slowly.

MR. FINEGAN: May I make a suggestion?

CHAIRMAN SWAIN: Yes.

MR. FINEGAN: My suggestion is that the Association vote upon all names contained in the report, except that for President, as there is no opposition upon any of the other nominations, and that after that we shall have the vote by ballot for President. That is all we want, just a fair show.

CHAIRMAN SWAIN: Is that acceptable to everybody?

MR. GEE: I renew my motion that Mr. Finegan's substitute be tabled, and that we vote upon tabling his motion.

JAMES Y. JOYNER, of North Carolina: I hope the motion to table will be withdrawn by the gentleman making it, and that we will be given an opportunity here to have an honest expression of the will of this body upon these two reports; one for the adoption of the majority report of the nominating committee, and the other for the adoption of the minority report. I am sure there is no disposition on the part of any member of the Association to stifle the voice of any other member. While I am on my feet, may I ask the privilege of requesting that if we are going to have a difference of opinion on these two reports, it shall proceed with dignity becoming the reputation of this great national Association.

FRANK E. OLDER, of California: The motion of the gentleman from New York to adopt the substitute motion included another motion of a different nature, viz., to vote by ballot. I ask that the subjects be separated and put into separate motions. We cannot vote upon those two at once.

CHAIRMAN SWAIN: It would necessarily be by ballot in accordance with our by-laws, so that part can be eliminated. Now I am sure it is the wish of the Chair to get the will of this body. It seems to the Chair that it is the reasonable thing to vote upon these two motions. In order that we may act upon this, is the gentleman, in accordance with the request, willing that we go ahead with that vote?

MR. GEE: It is suggested that this be carried on with dignity. I think it is not being carried on with dignity. We have tried to vote upon the report of the nominating committee. We have always, as far as I know, accepted the report of the nominating committee. I am willing to withdraw my motion to table, provided we simply vote by ballot for one of these two people for the President of the Association.

SECRETARY SPRINGER: Will you permit me, Mr. Chairman, to suggest that we will save time if you adopt Mr. Finegan's last suggestion that we vote upon the report of the majority, except for the office of President, and get that eliminated.

GEORGE W. FRICK, of California: I move that the Secretary of this Association cast the ballot of this Association for all the officers named by the nominating committee except the office of President.

MR. FINEGAN: I second that motion.

CHAIRMAN SWAIN: Let us get this motion before the house and let it be understood. It has been moved and seconded, as a substitute, that we vote upon all these officers named by the nominating committee except the office of President, and that the Secretary cast the ballot. Are you ready to vote upon that question? It is so ordered.

SECRETARY SPRINGER: Mr. Chairman, the ballot is cast for all the officers named except for the office of President.

CHAIRMAN SWAIN: Will you make the motion again in regard to the Presidency so that it will come up regularly. There has been a motion injected. Let us be sure that the parliamentary part of it is right.

MR. WATERS: I move, with regard to the Presidency, that the majority report of the Committee on Nominations be now adopted.

The motion was seconded.

MR. FINEGAN: I move to substitute the minority report for the majority report and move its adoption.

MEMBER: I second the motion.

CHAIRMAN SWAIN: The Chair rules, in accordance with our law, that that must be by ballot.

MISS STRACHAN: It is with great regret that I find myself, at this great meeting in the state of California, where the women as well as the men have a right to be heard and to vote upon all public questions, obliged to permit this dissenting vote from the report of the nominating committee. If it were not that during the past week things have happened which seem to substantiate a statement which before coming to California I had considered a libel—

A. S. DOWNING, of New York: I rise to a point of order.

CHAIRMAN SWAIN: State the point of order.

MR. DOWNING: I hold that there is a motion before this body. We have two candidates. I do not believe it is right and proper to take the time of this body in hearing from either one of these candidates.

MISS STRACHAN: Since that point of order is raised by a member from New York, I withdraw.

WILLIAM B. OWEN, of Illinois: I should like to hear what that point of order is. I should like to ask the President if it isn't his duty as presiding officer to have go into the records a statement in plain English of what Mr. Downing's point of order is.

MR. DOWNING: I will state the point of order if the gentlemen from Chicago would like to have me do it. It is: Neither one of the candidates can talk to the point of adoption of either of these motions. That is the point of order I make.

CHAIRMAN SWAIN: As the occasion for the point of order has passed, we shall proceed with the ballot.

MR. JOYNER: I move that the privileges of the floor be extended to Miss Strachan to speak upon this question if she desires.

MR. GEE: I second the motion.

MR. FINEGAN: I move to lay that motion upon the table.

MEMBER: I second that motion.

CHAIRMAN SWAIN: The motion of Mr. Joyner, of North Carolina, was that Miss Strachan be given the privilege of making such statement as she cares to make, and the motion of Mr. Finegan was that it be laid upon the table.

MR. DOWNING: That motion to lay on the table is not debatable. Let us take the vote.

CHAIRMAN SWAIN: All in favor of that motion will say "Aye." Contrary, "No." It is so ordered. Proceed with the ballot.

PHILIP M. FISHER, of California: Please give us definite instructions as to how we are to write our ballot.

CHAIRMAN SWAIN: The Secretary will now give all definite information wanted.

SECRETARY SPRINGER: I have often said that I would prefer to give instruction to a thousand pupils, taking chances on its being followed, than I would to ten teachers, taking the chance of its being followed. I hope that you will break the record this afternoon.

MR. JOYNER: I understand that my motion has been tabled. I do not understand there is to be no opportunity to speak upon this matter before the election is ordered. I should like to have just a word.

CHAIRMAN SWAIN: We will hear from Mr. Joyner.

MR. JOYNER: Mr. Chairman, Ladies, and Gentlemen: I rise simply to make a brief argument in as dignified a way as I can for sustaining the orderly procedure, which is provided by the constitution and by-laws of this Association, which is, as I understand it, and with one solitary exception it has been followed, that a nominating committee shall be selected by the various state delegations in attendance upon this Association that shall meet on the morning preceding the meeting of the active members, and shall recommend to this Association, after careful consideration by a committee representative of

all the various states, and after a careful survey of the whole field, such man or such woman as that committee feels should be recommended for the Presidency of this Association. This procedure has been followed in this case. The representatives of these various states were selected by this nominating committee and met this morning, and, according to my information, after carefully considering the matter, thirty-six out of forty-four persons voting recommended David B. Johnson, of the state of North Carolina, for the Presidency of this Association. I have not one word to say against the qualifications of the splendid woman whose name has been presented here in this minority report. My plea is for sustaining the orderly procedure prescribed by the by-laws and the constitution of this Association, and followed as a precedent without exception, save one. My argument is that a departure from that procedure is never justified except in the nature of a revolution to correct a great injustice. I have heard no accusation that there has been any such element introduced into this today. There was such action on the part of that nominating committee and the result of that action we have had presented to us here. Certainly, when the chosen representatives of this Association express a preference for a candidate to any office in this Association I am going to stand by them.

I want to say just a word, because perhaps Mr. Johnson may not be known so well to you as he seems to have been known to the members of this nominating committee and the representatives of those various states. Without one word of reflection upon the high qualifications of the woman whose name has been presented in this minority report—

MR. FRICK: A point of order. I do not think the gentleman should talk for one candidate, when another candidate has not been permitted to talk.

MR. JOYNER: I have stood for fairness upon this floor; I stand for it now. I want to say, Mr. Chairman, that I have not one word to say against the qualifications of the other candidate that has been presented on this floor.

MR. FRICK: Keep on talking and we will change our votes from Johnson to the woman. We are for fair play.

MR. JOYNER: I only care to say one word about the qualifications of Mr. Johnson.

CHAIRMAN SWAIN: Mr. Joyner will close in half a minute. Let us have silence that we may have the benefit of what he says.

MEMBER: Let him speak.

MR. JOYNER: I do not care to speak. I simply wanted to say just a word about Mr. Johnson's qualifications, because so much has been said on the other side, and it occurred to me that some of you did not know him as well as I. I am willing to leave the matter in your hands, and will leave his recommendation, so far as his qualifications are concerned, in the vote of thirty-six representatives of thirty-six states who do know his qualifications and recommend him as a fit man for President.

SECRETARY SPRINGER: By an agreement between Mr. Finegan, representing Miss Strachan, and Mr. Walmsley, representing Mr. Johnson, the following are named tellers, unless the audience sees fit to change them: Messrs. J. Y. Joyner, J. W. Crabtree, J. Stanley Brown, E. C. Bishop, Reed B. Teitrick, William B. Owen, and George L. Towne. Unless there is objection, will those persons come forward? There is no objection.

MEMBER: Tell us how we shall vote.

SECRETARY SPRINGER: We will as soon as we get this started.

CHAIRMAN SWAIN: Let us have silence in the hall; the Secretary will give instructions.

SECRETARY SPRINGER: The tellers will take their places. As you receive these ballots, the easiest way to vote is by placing either the name of David B. Johnson—who is the majority candidate—or Grace C. Strachan—who is the minority candidate—upon the ballot. It makes it very much easier for the tellers to count the votes if they are cast in that manner. Do not say anything about the office. We know it is for President. Please distribute the ballots before any are taken up.

MISS CURTIS: I should like to call attention to the fact that just one ballot should be given to each member. I had more than I required.

CHAIRMAN SWAIN: You want some more?

MISS CURTIS: There are too many.

SECRETARY SPRINGER: When you are ready to vote, you will all be asked to stand. As the teller takes the ballot—do not fold your ballot—you will be seated. The tellers will pass from the front to the rear of the Auditorium, and will start together.

Now we understand each other, I think. At a given signal, we are all going to stand. The tellers are going to take the open ballot. Do not put it in the hat. We do not want any opportunity, when this vote is over, for anyone to go out and say someone stuffed the ballot. Simply hand your ballot to the teller, who will drop it in the hat himself. When you have handed him your ballot sit down. The tellers will know then you have voted, as they are working from both ends of the rows. Are you all ready? [Cries of "Ready!"] All right, stand.

The tellers proceeded to take the ballot.

While the ballots were being cast, the Secretary read some announcements.

CHAIRMAN SWAIN: The Report of the Committee on Salaries, Tenure, and Pensions will not be read, but will appear in the minutes.

REPORT OF THE COMMITTEE ON SALARIES, TENURE, AND PENSIONS

At the San Francisco meeting of the National Education Association held in July, 1911, a resolution was adopted authorizing the President of the National Education Association to appoint a committee of seven members to consider a report to the Association of its findings and recommendations concerning salaries, tenure, and pension of teachers. This committee consisted of Joseph Swain, President, Swarthmore College, Swarthmore, Pa., Chairman; Ernest C. Moore, Professor of Education, Harvard University, Cambridge, Mass.; Grace C. Strachan, District Superintendent of Schools, Brooklyn, N.Y.; David B. Johnson, President, Winthrop Normal and Industrial College, Rock Hill, S.C.; Harlan Updegraff, Professor of Educational Administration, University of Pennsylvania, Philadelphia, Pa.; Margaret Haley, Chicago, Ill.; and James Ferguson, San Francisco, Cal.

This Committee on Teachers' Salaries and Cost of Living presented its first report to the National Education Association in January, 1913. This report, prepared by Robert C. Brooks, Professor of Political Science, Swarthmore College, Swarthmore, Pa., the executive secretary to the committee, was published by the National Education Association. This report treats of the attempts that have been made to measure the cost of living and its probable causes, and presents the economic and social condition of teachers in five typical cities as obtained thru a detailed questionnaire answered by over 1,600 teachers. These five cities are Cincinnati and Hamilton, Ohio, Atlanta, Ga., Denver, Colo., and New Haven, Conn., four representative districts of the United States.

The following year, thru the co-operation of the United States Bureau of Education, the committee was able to present to the Association the figures covering the actual salaries paid in 1912-13 to all teachers in practically every city in the country having a population of 5,000 or more. This volume, published as a bulletin of the Bureau of Education (1914, No. 16), also contained the salary schedules of certain city school systems in that year and in previous years, thus showing their historical development. Other important features of the compilations were salaries paid in universities, colleges, state normal schools, and other state educational institutions, and the laws relating to salaries in the various states of the Union.

At the same meeting of the Association in St. Paul in 1914, the committee also presented to the Association a paper prepared by Scott Nearing, associate professor of economics in the University of Pennsylvania, Philadelphia, Pa., which dealt with the problem of determining what is a reasonable standard of living for teachers and whether present salaries are adequate to maintain teachers upon that standard. This paper is published in the *Proceedings* for that year.

At the meeting of this committee yesterday the investigations of this year were presented in the proofsheets and the completed copy will soon be printed.

In the present report, the committee is able to carry out in part one of the purposes which it has had in mind from the beginning of its labors, namely, a comparison of salaries paid in 1903-4, as recorded in the report of the committee of the National Education

Association on Salaries, Tenure, and Pensions, and salaries paid in 1912-13. Elementary-school teachers have been chosen for comparison first because they constitute the largest numbers of teachers and receive the lowest salaries.

The other features of the present report help to keep the information regarding salaries up to date and to present material which is valuable in the consideration of local questions regarding salaries. Their character may be easily seen from the table of contents.

The committee at its meeting yesterday had representatives from twelve different states before it, who gave reports as to conditions in regard to retiring allowances in these states. It is intended that at the meeting of the Department of Superintendence in Detroit next February representatives from all other states shall be invited to present reports. It is then the intention of the committee to make a thoro study of all retiring-allowance legislation in the United States, in the hope that the committee may be of service to the various states in securing better laws concerning the retiring allowances for teachers.

SECRETARY SPRINGER: The result of the ballot is: David B. Johnson, 479 votes; Grace C. Strachan, 184 votes; Fannie Fern Andrews, 1 vote. Total 664.

CHAIRMAN SWAIN: The majority vote being cast for David B. Johnson, he is duly elected President.

A motion to adjourn is in order.

Thereupon, upon motion duly made and seconded, an adjournment was taken, *sine die*.

D. W. SPRINGER, *Secretary*

Approved:

JOSEPH SWAIN, *Chairman*

This motion was seconded and carried.

SECRETARY SPRINGER: Certain directors, knowing they could not be present, have resigned and have nominated others to fill their places. The following persons have been so nominated as directors:

Emma Gardner, to take the place of Milton C. Potter, as director for Wisconsin; E. J. Bodwell, to take the place of F. M. Hunter, as director for Nebraska; W. H. Martin, to take the place of W. P. Evans, as director for Missouri; E. J. Taylor, to take the place of Charles C. Root, as director for North Dakota; and J. F. Eby, to take the place of John MacDonald, as director for Kansas.

DIRECTOR SWAIN: I move that the resignations be accepted and the names suggested substituted for them.

This motion was seconded and carried.

William J. Gaskey presented his credentials as representative of the Teachers Institute, of Philadelphia, Pa.

Total number of directors present, thirty-seven.

SECRETARY SPRINGER: The first business is the presentation of the reports of the President, Secretary, Treasurer, and Board of Trustees. As the reports of the President and Secretary are merely nominal, I suggest, in view of the lateness of the hour, that we consider them read.

PRESIDENT JORDAN: If there are no objections, it is so ordered.

DAVID STARR JORDAN

President, National Education Association

The report of the Secretary appears elsewhere in the *Yearbook*.

SECRETARY SPRINGER: The next item of business is the report of the Board of Trustees.

DIRECTOR CARROLL G. PEARSE, of Wisconsin: The report of the Board of Trustees is in print and in your hands. It will probably not be necessary to read it. A word of explanation may not be out of place. The income of the Permanent Fund has been placed in the Current Fund of the Association, and made available for current expenditures; this has been the custom for many years. During the year past, no transfer of funds has been made from the Current to the Permanent Invested Fund. This is due to the fact that income and outgo have so nearly equaled each other that it was thought inadvisable to attempt to increase the Permanent Fund. During the past year, as for several years, the work of investigation has been carried on more extensively than during several years preceding. This fact and the shrinkage of income explain the fact that the Permanent Fund has not for a few years grown in size.

DIRECTOR SWAIN: I move the acceptance of the report.

This motion was seconded and carried.

SECRETARY SPRINGER: The next business is the Treasurer's Report.

DIRECTOR GRACE M. SHEPHERD, of Idaho: It is not necessary for me to read the report, since you have it in your hands. I would call attention to the fact that at the beginning of the year we had a balance of \$148.70, while now our balance is \$2,616.67.

The motion to adopt the report was seconded and carried.

SECRETARY SPRINGER: The next item will be the election of a trustee to succeed James M. Greenwood, deceased, for the remainder of his term.

DIRECTOR PEARSE: It has been called to my attention several times within the past twelve hours that during the years in which we have been accumulating this balance, the women who are members of the Association have contributed about 80 per cent of it. It has been suggested, now that there is an opening on the Board of Trustees, that it would not be inappropriate or unreasonable that they should have a voice in the care of the fund. I take pleasure in making a nomination in accordance with that suggestion, and now nominate Miss Agnes Doherty, of St. Paul, to fill the place left vacant by the death of Mr. Greenwood.

PRESIDENT JORDAN: Are there any other nominations?

DIRECTOR WILLIAM H. CAMPBELL, of Illinois: I move that the nominations be closed and that the Secretary be instructed to cast the ballot for Miss Doherty as trustee.

The motion was seconded and carried.

SECRETARY SPRINGER: The ballot is cast.

PRESIDENT JORDAN: Miss Agnes Doherty, of St. Paul, is elected trustee.

SECRETARY SPRINGER: There is one matter that has come to the attention of the Executive Committee, and the members have suggested that it be brought before this Board for consideration. There is an organization known as the American Society for Thrift, of which S. W. Straus, of Chicago, is president. He is interested in this general subject and has presented the following communication to us:

To the National Education Association

GENTLEMEN: The International Congress for Thrift, over which I had the honor to preside during its deliberations in Festival Hall on August 11 and 12, 1915, expressed officially its belief that the one sure way of making America thrifty in the future is to teach this virtue in the schools.

I am fully convinced that this is a subject worthy the consideration of a special committee from your organization. To the end that such a committee, if you find it consistent with your policy to appoint one, shall not be hampered or restricted, I beg to say that I personally shall be very glad to defray such expense as may be incurred in the accumulation of data and the dissemination of facts and the conclusions of this committee with regard to the question of teaching thrift in the schools.

To the end also that the children of America may be brought to give thought to the subject of thrift, I beg to announce that I will give three cash prizes, as follows: first prize, \$1,000; second prize, \$250; third prize, \$100. These prizes are to be awarded by your organization in any way you desire and under any conditions you may choose to impose.

In making the humble request that you accept these proposals from me, I beg to assure you that I wish to leave the matter entirely in your hands, because I know that

your action shall be such as shall redound to the greatest good to the school children of America.

With very kindest greetings to you, I beg to subscribe myself,
Yours most respectfully,

S. W. STRAUS
President, The American Society for Thrift

When Mr. Straus first asked me if I thought it would be possible for the National Education Association to take up this subject, I told him that financially we were not in a position to do anything along this line, and that, while I believed the members would think it a subject worthy of discussion, it would be necessary for some outside source to finance the undertaking. This letter is the result of three different conversations. The members of the Executive Committee decided yesterday to recommend to the Association the appointment of such a committee under the conditions named. They thought that since it was not in the ordinary line of our work it might be well to bring it to the attention of the directors for indorsement before presenting it to the annual meeting.

DIRECTOR T. MARCELLUS MARSHALL, of West Virginia: I should like to inquire if Mr. Straus has any idea of the probable expense of such a committee.

SECRETARY SPRINGER: I told him approximately five thousand dollars, including prizes and expenses for two years.

DIRECTOR MARSHALL: How large a committee?

SECRETARY SPRINGER: That will have to be decided by another body.

DIRECTOR MARSHALL: Is it desirable then that the old Board indorse the scheme?

SECRETARY SPRINGER: I think it would be a good thing to indorse it. It will have to go to the annual meeting finally.

DIRECTOR MARSHALL: I move that we indorse this proposition and refer it to the annual meeting.

This motion was seconded and carried.

PRESIDENT JORDAN: It seems to me that it is very desirable to have people giving such sums for investigations and essays.

SECRETARY SPRINGER: Mr. Owen has a matter he wishes to bring before this body.

WILLIAM B. OWEN, of Illinois: I am not a member of this Board of Directors, but for some time I have been led by various considerations to the conclusion that the work that was begun some years ago in regard to the form of our organization ought to be carried farther. In order to see that it is done, I have written out a small motion that I want to present to the annual meeting on Thursday. I asked the Secretary if I might read this to the Board of Directors in order that it might not come before the annual meeting without the directors having heard of it.

DIRECTOR: Are we to take action on this?

MR. OWEN: I am not going to ask that action be taken. I leave that to the directors. [Reads:]

Moved, That the Association authorize the appointment of a special committee on organization to consist of nine active members to consider and recommend at the next annual meeting such changes in the form of organization of the Association as will make it more truly national in the extent of its membership, the scope of its deliberations, and provisions for the conduct of its business, and that the Executive Committee of the Association be authorized to pay out of funds not otherwise appropriated the necessary expenses for typewriting and postage incurred by the committee.

Personally, without any hesitation, altho it may seem very presumptuous for me to say so, I do not think there is any business before the Association that compares with this in its present compelling necessity, and I believe that if we as a body, as an Association, appoint the right kind of committee we could go ahead and make this Association carry on its business in a way that would be truly representative and truly national in character.

DIRECTOR MARSHALL: I do not understand what is wanted exactly. When the Council of Education was organized was not the consideration of these things to be its prime end?

MR. OWEN: That may be. I know and I think you know also that when we meet in a large city we are confronted with the fact that the local membership of this Association outnumber the membership from other parts of the country. Anybody who has had to deal with that situation and has had to bear the responsibility knows that it is not wise for a body with the power of this organization to allow its business to be conducted under such conditions. We ought to have intelligence enough and foresight enough to appoint a committee out of our own body that will go to work and work hard and come to us with a form of organization that will be truly national in its workings. That committee's report can be put in printed form, lie over for a year, and then be taken up for adoption.

DIRECTOR MARSHALL: I understand now. I think you are right. I move that the matter be referred to the annual meeting for favorable consideration.

DIRECTOR JAMES Y. JOYNER, of North Carolina: I should like to ask one question before Mr. Owen leaves. I think it a very important one and should receive the careful attention of this body. Does that resolution look to a closer organic connection between this body and the various state organizations?

MR. OWEN: That was one of the fundamental purposes of writing the motion. We have been doing something of this sort in Illinois for the last three or four years. We have raised the membership of our Association from fifteen hundred or two thousand to considerably over ten thousand, have maintained the enthusiasm in the five local associations which center around the five state normal schools, have put a paid secretary in the field, have persuaded the state legislature to raise the state appropriation for schools three millions annually, and have secured a state-wide pension law. When a person pays a membership fee in a local organization he pays membership in the state association at the same time. I believe by careful study some such provision could be made here. I wrote the resolution in a broad way so that when we came to discuss it we should not in any way hinder the work of the committee members. Let them work out the details.

DIRECTOR PEARSE: I should like to ask another question. This is rather a new proposition to us and perhaps there may be other directors who do not understand it. Is it proposed that this committee shall make a report on which the Association is to be asked to act next year, or will it present a report which shall be received, laid over for a year, and then acted upon?

MR. OWEN: It is desired that a report be presented in one year. That report will lie over for a year and then action will be taken. I did not put that provision in because I did not wish to load it down. If the report were brought in and any change, even the slightest, in constitution were suggested, it would have to lie over for a year.

DIRECTOR PEARSE: I only wondered if the Association were to be asked to act on a matter of such vital importance without opportunity for investigation.

MR. OWEN: If a committee once got to work it could make a report in a year as well as in five years. That is the only strict provision that is made.

The motion was seconded and carried.

SECRETARY SPRINGER: In view of the fact that so many foreign countries have sent official representatives to the International Congress on Education, it seemed desirable that some social attention should be paid them in addition to the formal banquet which will be tendered by the city of Oakland. With the consent of President Jordan I have made tentative arrangements for a luncheon to be held at the Old Faithful Inn, Saturday noon, August 21, at which our friends from other countries will be the guests of the Association and officers of the Association are invited to be present and pay their own bills.

DIRECTOR JOYNER: I move that the suggestion of the Secretary, which I think wise and courteous, be approved by this body.

The motion was seconded and carried.

DURAND W. SPRINGER, *Secretary*

Approved,

DAVID STARR JORDAN, *President*

PRESIDENT JOHNSON: What shall be done with this communication?

DIRECTOR CARROLL G. PEARSE, of Wisconsin: I move that the resignation be accepted and the nomination confirmed.

This motion was seconded and carried.

SECRETARY SPRINGER: There are five vacancies in the Board: New Jersey, Rhode Island, Delaware, Porto Rico, and Louisiana.

PRESIDENT JOHNSON: Is that an appointed committee or are nominations made from the floor?

DIRECTOR PEARSE: I move that the Chair appoint a committee for that purpose.

PRESIDENT JOHNSON: I am informed by Director Swain that there was a committee appointed to make suggestions and recommendations to this Board. I did not know of the existence of that committee. It seems that we have its report here.

DIRECTOR JOSEPH SWAIN, of Pennsylvania: For a number of years, in order to harmonize the suggestions of the Council and this body, and in order that there may be no duplications, it has been the custom to appoint such a committee. This committee was appointed, subject, of course, to the approval of the incoming President. Its report is here.

PRESIDENT JOHNSON: I would request that the motion made that the President appoint the committee be withdrawn and we shall then consider that the committee represented by this report has been appointed.

DIRECTOR PEARSE: As I understand the motion, it was that the President be authorized to appoint a committee to nominate members. If the Chair chooses to appoint the same committee that was appointed before, it will be in order.

PRESIDENT JOHNSON: Who were on that committee?

The names were given.

PRESIDENT JOHNSON: I appoint that committee and unless there is some objection we shall receive its report. The Secretary will read it.

SECRETARY SPRINGER [reading]:

TERMS TO EXPIRE IN 1915

Milton Bennion, of Salt Lake City, Utah, to succeed S. L. Heeter, of Minneapolis, Minn., absent from two successive meetings.

Robert H. Wright, of Greenville, N.C., to succeed Laura D. Gill, of Durham, N.C., absent from two successive meetings.

TERMS TO EXPIRE IN 1916

J. M. Gwinn, of New Orleans, La., to succeed Thomas H. Harris, of Baton Rouge, La., absent from two successive meetings.

Cora G. Lewis, of Kinsley, Kans., to succeed Randall Spaulding, of Montclair, N.J., absent from two successive meetings.

TERMS TO EXPIRE IN 1917

Howard A. Gass, of Jefferson City, Mo., to succeed James M. Greenwood, of Kansas City, Mo., deceased.

TERMS TO EXPIRE IN 1918

Albert C. Barker, of Oakland, Cal., to succeed James H. Baker, of Denver, Colo., absent from two successive meetings.

It is recommended that all other members whose terms expire in 1915 be re-elected.

PRESIDENT JOHNSON: You have heard the report; what is your pleasure?

DIRECTOR R. B. TEITRICK, of Pennsylvania: Does the name of George M. Phillips appear on that list?

SECRETARY SPRINGER: He was elected by the Council. This list covers only those members to be elected by this body.

DIRECTOR: I move the adoption of the report.

The motion was seconded and carried.

SECRETARY SPRINGER: The next item of business is the election of a trustee to succeed Robert J. Aley, whose term of office expires.

DIRECTOR TEITRICK: I move the re-election of Robert J. Aley to succeed himself.

DIRECTOR THOMAS E. FINEGAN, of New York: I should like to make the same nomination.

DIRECTOR: I move that the nominations be closed.

This motion was seconded and carried.

DIRECTOR PEARSE: I move that the Secretary cast the ballot.

This motion was seconded and carried.

SECRETARY SPRINGER: The ballot is cast. The next in order is the election of a member of the Executive Committee to succeed George B. Cook.

DIRECTOR M. P. SHAWKEY, of West Virginia: It has been said that it is not good policy to swap horses when crossing a river. That saying may apply in this case. I move the nomination of Mr. Cook to succeed himself.

This motion was seconded and carried.

MEMBER: I move that the Secretary be instructed to cast the ballot.

This motion was seconded and carried and the ballot cast.

SECRETARY SPRINGER: May I say just a word at this point? It is not very often that a member of the Board of Directors attains the position of seniority that belongs to one member by his re-election this year. So far as I can tell from the records, this is the first time in the history of the National Education Association that any director has been re-elected ten times in succession. That is the record made by Mr. Cook this year. He is the senior elected member of the Board so far as term of service is concerned.

If we follow the same order of business as in other years, the next matter before the meeting is the selection of a place of meeting. I will say that I have received written invitations from the following places: Asbury Park, N.J.; Atlantic City, N.J.; Baltimore, Md.; Boston, Mass.; Chicago, Ill.; Milwaukee, Wis.; New Haven, Conn.; New York, N.Y.; Saratoga Springs, N.Y. Some of these communications are lengthy. Any desired information contained therein not presented orally will be given at the proper time.

DIRECTOR E. E. BROWN, of New York City: I should like to move that the selection of a place be left according to custom to the Executive Committee of the Association and that the Board of Directors take a vote of preference today.

PRESIDENT JOHNSON: You have heard the motion; what is your pleasure?

The motion was seconded and carried.

DIRECTOR BROWN: New York City would like to make a few statements with regard to its invitation. If this is the proper time, I should be very glad if I might have the pleasure of presenting the president of the Borough of Manhattan, Marcus Marks, who will be glad to speak if the directors are willing to hear him.

PRESIDENT JOHNSON: How shall we proceed in this matter?

DIRECTOR PEARSE: I move that each place inviting the Association be allowed a brief time to present its invitation. I do not wish to state any definite time.

PRESIDENT JOHNSON: Any order?

DIRECTOR PEARSE: The alphabetical order is as good as any.

It was moved and seconded that the alphabetical order be followed.

PRESIDENT JOHNSON: I shall ask the Secretary to call the names alphabetically.

At this time, J. L. Kinmouth presented the invitation from Asbury Park, N.J.; Reed B. Teitrick, that of Atlantic City, N.J.; Grant Wallace, that of Baltimore; letters were read from Boston, Mass., and Chicago, Ill.; Carroll G. Pearse presented the invitation from Milwaukee, Wis.; Mary G. Moody, that from New Haven, Conn.; Marcus Marks, Elmer E. Brown, and John R. Young, that of New York City; and a letter was read from Saratoga Springs, N.Y.

PRESIDENT JOHNSON: We shall proceed to vote by ballot, each director writing the name of the place he prefers.

The Secretary announced the result of the voting to be as follows:

New York City, 26; Milwaukee, 1; Baltimore, 4; Atlantic City 4; Asbury Park, 4. Thirty-nine in all.

SECRETARY SPRINGER: The next in order is the report of the Executive Committee. This report was presented to the active members by the Executive Committee and referred by them to this Board of Directors for favorable action. I shall read the report.

As required by the by-laws of this Association, your Executive Committee has carefully considered the requests for appropriations which have been presented by the chairmen of the various committees, both general and departmental.

The committee has been unable to recommend the allowance of all the appropriations asked for and in most cases has been obliged to recommend a smaller appropriation for several committees than was asked for. We feel, however, that the Association can with safety appropriate the amounts named to the following committees to be used by them during the year 1915-16:

Committee on Salary, Tenure, and Pensions.....	\$1,400
Committee on Health Problems in Education.....	1,000
Committee on Vocational Education and Vocational Guidance.....	750
Commission on the Reorganization of Secondary Education.....	400
Committee on the Improvement of Physics Teaching.....	200

Committee on Superintendent Problems.....	\$200
Committee on Economy of Time in Elementary Education.....	150
Committees from the Library Department, five in number, \$25 each....	125
Committee on Tests and Standards of Efficiency in Schools and School Systems.....	100
Committees from Department of School Patrons, two in number, \$25 each	50
Committee on the Culture Element and Economy of Time in Education	50
Committee on Research, Standardization, and Correlation, Department of Business Education.....	50
Committee on Classification and Terminology of the Exceptional Child..	15

In making these appropriations, your committee recommends that authority be given to the Executive Committee for next year to assume temporary responsibility in deciding which expenditures are most important in the work of these various committees and which expenditures shall be first authorized, if in any case it shall be impracticable for all such expenditures to be allowed. Your committee also recommends that requests from the Committee on Uniform Nomenclature in English Grammar, the Committee on Standards That Are Agreed upon in the Proper Making of a Teacher, and from the Committee on a National University be referred to the Executive Committee for next year for such appropriations as may be warranted by the necessities of the committees and the condition of the finances of the Association.

MEMBER: I move the adoption of the report.

This motion was seconded and carried.

SECRETARY SPRINGER: The following communication signed by twenty-seven active members of the Association was presented to the Board of Directors a year ago:

We, the undersigned publishers, active members of the National Education Association, hereby make application to have a new department organized to be known as the "Educational Publishers Department of the National Education Association."

In accordance with the law governing the same, it has been on the table for one year. It is therefore up for discussion at this time.

PRESIDENT JOHNSON: What shall be done with this request?

DIRECTOR E. E. BASS, of Mississippi: In view of the fact that we have a great many departments at the present time, it seems to me that it would be a wise thing to refer this matter to a committee, possibly the Executive Committee, for consideration.

DIRECTOR GUY POTTER BENTON, of Vermont: Would it not be proper to refer this to the Executive Committee with power to act? I make that motion.

The motion was seconded.

DIRECTOR PEARSE: Have them make a report.

DIRECTOR BENTON: I had in mind when I made the motion that the Executive Committee be given power to act. If it should be thought wise to arrange for a meeting of this sort for the coming year, the Executive Committee could then do so. I think I shall make that my motion as originally stated.

DIRECTOR PEARSE: The reason I spoke up when Mr. Benton made his motion is this: I think if we establish a department for schoolbook publishers we may be asked to establish many more for other lines of business represented in our membership. We already have a great many departments and I think this matter is too important to be settled by the Executive Committee. It should be brought up for discussion before the directors and settled by them.

PRESIDENT JOHNSON: Perhaps the mover will accept that modification.

DIRECTOR BENTON: As I understand it, the Executive Committee may make arrangements for a meeting next year if it sees fit. With that understanding, I accept the amendment.

This motion was seconded and carried.

SECRETARY SPRINGER: There is another amendment proposed to the by-laws as established a year ago. I shall read it.

ARTICLE V, SECTION 9: Each department may have an associated council whose purpose it shall be to unify the organization of the teachers interested in the field of the department, to act as a national representative body to co-ordinate and co-operate with

such local teachers' organizations as shall become members of the National Education Association, and otherwise to promote the purpose and object of the corporation by all means which do not conflict with the powers of the National Council, the Executive Committee, the Board of Directors, and the Board of Trustees. Each department council may adopt its own by-laws subject to the approval of the Board of Directors of the National Education Association.

This matter should have come to the annual meeting for acceptance or rejection, but, in view of the fact that the Board of Directors recommended the appointment of a committee on reorganization, I talked with the persons who introduced this proposed amendment and suggested to them that it would be unwise to attempt to disturb the by-laws in view of this general scheme of reorganization. I suggested to them, however, that I would present the matter to the directors. I think that under the by-laws this Board has the right to give permission to the Department of Science Instruction to go ahead in this matter. That department desires a representative in each state who will work for the department. Altho the by-laws provide only for the regular officers for each department—president, vice-president, and secretary—I think by common consent we could permit the Department of Science Instruction to organize in this way. It could get a representative in each state to work up the membership next year, and we could print the list in the *Bulletin*, and then let the matter go to the general committee on reorganization. No formal action is necessary if the common consent of this body is given.

PRESIDENT JOHNSON: What is your pleasure?

DIRECTOR T. MARCELLUS MARSHALL, of West Virginia: I should like to ask the President or Secretary one question. Is there anything in the way of their doing that now without our taking action?

SECRETARY SPRINGER: The by-laws provide only for the regular officers for each department. Except in the case of the Council, there is no provision for committees except as formally authorized. This would really be outside of the list named.

DIRECTOR MARSHALL: The members of that department want one person, possibly more, in each state to aid the department. It may not be in the by-laws, but my impression is that they have a right to go ahead and do what they wish.

DIRECTOR PEARSE: I suppose the main point is that if they have such a Council they would like the list printed in the *Bulletin* of the Association. If there is no objection, I think that it might be understood that the Secretary has a right to print such a list for the use of the members of the Association. If we see that we are going to be overrun and obliged perhaps to print a dictionary, we can rule this out.

DIRECTOR MARSHALL: I think that is all right. By common consent, they may have the desired publicity.

PRESIDENT JOHNSON: We will let it go with the understanding that that may be done.

SECRETARY SPRINGER: Two other matters were brought up a year ago. One relates to the question of the time of meeting. This year, practically as an experiment, we are meeting in August. Would it be wise in the September *Bulletin* to ask members to express their opinion, when sending dues, as to whether we ought to change the time from the first week in July, when we have usually met, to the time we are now meeting, or shall we go back to the old time without asking any opinion from the members?

DIRECTOR ORSON RYAN, of Utah: I feel that this body is the one to act in this matter. The directors are more qualified to express an opinion on that matter than the teachers. I do not believe you would get many to say which way they preferred or that a proper vote could be secured by such means. I think the opinion of this body would be more valuable than the vote taken in such a way. We know the conditions better.

DIRECTOR F. B. DRESSLAR, of Tennessee: I should like to ask what handicap would be caused if the time were changed. Would it hamper the Association in any way? If not, it seems to me that a change would relieve us of a great deal of difficulty

in regard to summer schools. Summer schools have come to stay and they are rapidly growing. They prevent a great many people from coming to these meetings. I myself could not have come to this meeting if it had been held earlier. That would illustrate what might happen to others.

DIRECTOR FRED L. KEELER, of Michigan; I feel that it is a mistake to hold this meeting in August. I have heard a great many of the superintendents of Michigan say it is too late for them to attend. Many of the schools in Michigan begin next Monday. By the last Monday in August they will practically all have begun. I believe a change would be a great mistake and I therefore move that we go back to the first week of July.

This motion was seconded.

DIRECTOR MARSHALL: Probably that motion is sufficient. A referendum was made last year as I remember it and the meeting changed for only one year. I disliked the proposition, but supposed that others knew more of the circumstances calling for the change. I have been attending these meetings for a great many years and I have found that a change of this kind always makes trouble. There is a clientèle that gathers around such meetings and, when a change is made, it always causes trouble. With regard to the summer schools that seem in the way, I would say that there are not as many of them as of other schools. I have heard from a great many on this subject and believe there are many more inconvenienced by this late date of meeting than by the earlier one. I have picked up comments here and there and to my own satisfaction I am convinced that the early July meeting would come nearer accommodating everybody than a meeting held at any other time.

DIRECTOR PEARSE: There is only one thing that I would like to suggest to my friend Keeler. He might leave the matter a little more flexible. Sometimes it has been better to meet a little later than the first week in July. If he will make it the first or second week, I shall be glad to second that motion.

DIRECTOR KEELER: That is satisfactory to me.

The motion was carried.

SECRETARY SPRINGER: Following the Chicago meeting in 1893—the International meeting—and the meetings since held, it has been customary for the Board of Directors to elect as corresponding members those representatives from foreign countries who have appeared on the program. That is one of the duties of the directors. At this meeting we have had a large number of foreign representatives, some of whom are directly connected with educational institutions in their own countries. We made an attempt to get a complete list ready for today, but even as late as yesterday a new foreign delegate arrived. He was notified at a late date by his government and took the first means of transportation across. If it is not out of order, I would suggest that the Executive Committee be given power by the directors to elect our foreign representatives as corresponding members when the list is completed.

DIRECTOR PEARSE: I move the foreign representatives who have appeared before the Association this year, either as speakers or as officially accredited delegates, be made corresponding members, and that the list be compiled by the Executive Committee.

This motion was seconded and carried.

Certain directors resigned at this time, making nominations to fill the vacancies thus caused as follows: F. M. Hunter, Nebraska; John H. Finley, New York; W. H. Feagin, Alabama; Bruce R. Payne, Tennessee; F. M. Harper, North Carolina; Frank L. Glynn, Connecticut; Vaughan MacCaughy, Hawaii; Thomas H. Harris, Louisiana; D. C. Jensen, Utah.

The motion was made, seconded, and carried that the resignations be accepted and that the persons proposed as substitutes be elected to the directorate.

CARROLL G. PEARSE, *Chairman*

MINUTES OF THE MEETINGS OF THE EXECUTIVE COMMITTEE OF THE NATIONAL EDUCATION ASSOCIATION IN CONNECTION WITH THE FIFTY-THIRD ANNUAL CONVENTION IN OAKLAND, CAL.

ANN ARBOR, MICH., October 31, 1914

The Executive Committee held morning, afternoon, and evening sessions. There were present: Joseph Swain, Vice-President; Carroll G. Pearse, Chairman, Board of Trustees; Grace M. Shepherd, Treasurer; George B. Cook, member; and Robert J. Aley, Trustee, and Durand W. Springer, Secretary.

The minutes of the meetings of the Executive Committee held at St. Paul, Minn., were read and approved.

The recommendations for appropriations for the ensuing year which were referred by the new Board of Directors to the Executive Committee with power to act were allowed at the figures named. Action was deferred with regard to the appropriation desired by the Committee on Research, Standardization, and Correlation of the Department of Business Education.

The Committee directed that a warrant be drawn for five hundred dollars in favor Ella Flagg Young, being part payment of the claims of the Committee on Grammatical Nomenclature, which claims had been allowed at the Salt Lake City meeting of the Association, and referred to the Executive Committee with power to act by the Board of Directors at the St. Paul meeting.

The Secretary presented the correspondence with Thomas W. Bicknell during the preceding year, and after a discussion of the situation he was authorized to deposit the amounts he had received in a special fund.

The Secretary reported the enrolment at the St. Paul meeting as 6,548. This fell short of the guaranty given by the city of St. Paul.

The Secretary reported on his recent trip to Oakland, and the local arrangements which had been made, together with a general outline of the plans for the meeting. He presented the contract entered into with the city of Oakland, but which had not yet been signed. The Secretary was authorized to sign the same on behalf of the Association when the proper city official had signed on behalf of the city of Oakland.

Following the plan adopted for the Cincinnati meeting to use two hotels for headquarters, the Secretary recommended that four hotels be used as headquarters at Oakland, namely: the Oakland, the Harrison, the Menlo, and the St. Marks. This plan was concurred in and the officers agreed to accept assignments of rooms in any of the four named hotels.

The question as to the times of holding the meetings of the Association devoted to business in connection with the Oakland meeting, in view of the fact that the entire session covers a period of two weeks, was referred to Messrs. Pearse and Springer with power.

An appropriation was made of one thousand dollars or so much thereof as might be necessary for the expenses of speakers desired by President Jordan for the program in connection with the Oakland meeting.

Robert J. Fuller, chairman, Committee on Vocational Education and Vocational Guidance, presented a proposition to have part of the findings of his committee printed in book form in advance of our next meeting, provided a book-publisher would be willing to undertake the same. It was decided that all reports should be presented to the

Association or the proper department for action before being printed as officially representing the views of the Association.

The question as to what the Association could do to further the peace movement was discussed. It was decided that the December *Bulletin* should contain a letter from President Jordan and an article by Fannie Fern Andrews.

The Secretary was authorized to have an exhibit of the National Education Association prepared for the Panama-Pacific International Exposition, provided a suitable one could be arranged at a cost not to exceed two hundred dollars.

The Secretary was authorized to make an exchange of multigraphs, and to purchase such books as were needed to provide a working library to be utilized in connection with problems involved in publishing the *Proceedings*.

The Secretary was authorized to use any of the old reprints for which calls were not being received in any advertising campaign for members which he might inaugurate.

The committee authorized the renting of two additional rooms in the Press Building at an additional cost of one hundred dollars a year.

The Secretary was directed to extend the thanks of the Association to the Western Electrical Instrument Company for the monographs which they had prepared for distribution to the members of the Association.

The Executive Committee and the Board of Trustees having been appointed a committee by the Board of Directors to investigate the advisability of having the meetings of the National Education Association and the Department of Superintendence held at the same time, the matter was considered and laid on the table until the meeting to be held in Cincinnati.

The Secretary reported that the material for an index of the *Proceedings* up to date was ready for printing at any time the finances of the Association would warrant.

The Secretary reported that requests for meetings at the time of the meeting of the Department of Superintendence had been asked for by the Department of Higher Education, the Department of Normal Schools, the Department of Rural and Agricultural Education, and the Department of School Administration, but that, after conferences with the presidents, arrangements had been made under which these would not be necessary except in the case of the Department of Normal Schools, which department desired to have a full presentation of matters connected with the report of the President's Commission on Vocational Education. It was decided that such meeting could be held, the same to be designated as a conference.

The Secretary presented the question as to the necessity of continuing the Committee on an International Council. After an examination of the facts in connection with its appointment, it was decided that it should not be listed in the forthcoming *Yearbook*.

A communication was received from a resident of California tendering a prize of one thousand dollars for the best essay on "The Essential Place of Religion in Education, with an Outline of a Plan for Introducing Religious Teaching into the Public Schools," provided the Association was willing to conduct a prize-essay contest on that subject. The offer was accepted and the Secretary was authorized to take charge of such contest.

The Secretary presented an outline of a plan under which the place of meeting for the Association and the Department of Superintendence should be selected by the Executive Committee, the Board of Trustees, and the officers of the department. Under this plan, one or the other of the two meetings could be held in each section of the country at least every five years, the meetings being so arranged that at least once in every six years every state in the Union except Montana would either be an entertaining state or contiguous to an entertaining state.

The Secretary presented several designs of badges which had been submitted for the Cincinnati meeting. The one which included the outline of the state of Ohio and the seal of Cincinnati was chosen.

JOSEPH SWAIN, *Chairman*

DURAND W. SPRINGER, *Secretary*

CINCINNATI, OHIO, February 25, 1915

Present: Joseph Swain, Vice-President; Carroll G. Pearce, Chairman, Board of Trustees; Grace M. Shepherd, Treasurer; George B. Cook, member; and Robert J. Aley, Trustee, and Durand W. Springer, Secretary.

The minutes of the October meeting were read and approved.

Vice-President Swain was authorized to sign the bills incurred at this meeting of the Executive Committee in the absence of the President.

The Secretary presented two requests which had come to him to replace volumes of *Proceedings* which had been destroyed by fire. The committee established the rule that when such cases arise duplicate copies may be sold at one dollar a volume.

It was decided that hereafter the minutes of the meetings of the Executive Committee should be printed in the *Yearbook* and that the Declaration of Principles should be printed in the *Journal of Proceedings*.

The matter of a single meeting time for both the Association and the Department of Superintendence was considered and the only action taken was to lay it on the table until the Oakland meeting.

The Secretary was authorized to renew the contract with the University of Chicago Press for the printing of the *Proceedings* for the ensuing year.

The Secretary presented the need for equipping the office with an addressograph, and asked permission to purchase the same in case the finances of the Association would permit it to be done and show a balance of two thousand dollars at the end of the year. On motion such authority was given.

The Secretary presented the list of exchanges for the volume of *Proceedings*, which was ratified.

JOSEPH SWAIN, *Chairman*

DURAND W. SPRINGER, *Secretary*

OAKLAND, CAL., August 20, 1915

Present: David Starr Jordan, President; Joseph Swain, Vice-President; Grace M. Shepherd, Treasurer; George B. Cook, member; Robert J. Aley, Trustee, and Durand W. Springer, Secretary.

The Secretary presented the situation with regard to the admission of persons to meetings of the Association who were not members of the Association. At all the congresses which had been held in connection with the Panama-Pacific International Exposition, the public had been invited, and, in case the usual rule of the Association was adhered to, bad feeling would be created locally. The acoustics of the Oakland auditorium were such that unless the room was filled it was practically impossible to hear. The fact that this year for the first time a general meeting was to be held on Monday morning made it harder for our own members to take care of their registration prior to the first meeting than under ordinary circumstances. In view of these facts, the Secretary was authorized not to restrict admission to holders of badges the first day, and to govern his future action as conditions developed.

The Secretary presented a report on the Religious Essay Contest, and suggested that a monograph be prepared which should be sold for cost, and which should contain the winning essays, together with a synopsis of the others.

The following letter was presented, and also the letter from Mr. Straus which appears in the minutes of the Board of Directors.

SAN FRANCISCO, CAL., August 13, 1915

To the Executive Committee, National Education Association, Oakland, Cal.

GENTLEMEN:

At a session of the International Congress for Thrift held in Festival Hall, on the Panama-Pacific Exposition Grounds, Wednesday afternoon, August 11, the following action was taken: On motion of James A. Barr, Director of Congresses, Panama-Pacific

Exposition, a committee of five was appointed to report plans by which the work of introducing the teaching of thrift in the public schools of America should be started. This committee consisted of the following gentlemen: Durand W. Springer, Arthur H. Chamberlain, James A. Barr, H. R. Daniels, and Henry J. McCoy.

Deeply appreciative of the fact that your great body will deal fairly with any educational movement that is worthy of indorsement, the committee from the American Society for Thrift requests that the National Education Association take such steps as will be found necessary to acquaint the organization with conditions that render expedient the introduction, in some way, of thrift teachings in our schools. The committee begs to request that if possible your great organization appoint a committee to investigate the whole thrift problem confronting America, and to this end the thrift organization desires to lend every possible assistance to such a committee, if it is appointed. Therefore, we beg to submit herewith a letter from S. W. Straus, president of the American Society for Thrift.

We sincerely trust that, in the light of his very generous proposal, your body will find it consistent with your policy to accede to our request.

With kindest greetings to your great organization, we are,

Most respectfully yours,

AMERICAN SOCIETY FOR THRIFT
H. R. DANIELS, *Secretary*

After a discussion of the matter, the committee recommended to the Association that the request to appoint a committee be granted.

The reports of the Secretary, Treasurer, and Board of Trustees were presented and ordered transmitted to the Board of Directors.

The Secretary reported on the straw vote which had been taken with regard to the proposition to publish the *Proceedings* in both magazine and bound form, giving the members their choice. The vote was practically evenly divided.

Requests had been received from the chairmen of committees asking for appropriations for the coming year totaling \$12,882.43. After a careful study of the needs of the various committees, a tentative schedule was made out to be acted upon at another meeting to be held on the morning of August 22.

Two difficulties in connection with committees had been noticed. The first was the ease with which they were organized as compared with the difficulty in securing final reports. The second was due to the fact that oftentimes persons who had been appointed on committees failed to attend the meetings of the Association or to assist in the committee work. The following recommendation was adopted by the committee: The chairman of any committee is empowered to fill any vacancies that may arise in his committee by reason of the inability on the part of members to attend the meetings of the Association or the Department of Superintendence, where the business relating to committees must necessarily be transacted.

At a meeting held at nine o'clock on the morning of August 22, at which all the members of the Executive Committee were present, the recommendations for appropriations for the ensuing year were made as indicated in the report submitted by the Executive Committee, which appears in the minutes of the annual meeting.

DURAND W. SPRINGER, *Secretary*

DAVID STARR JORDAN, *Chairman*

OAKLAND, CAL., August 24, 1915

Present: David B. Johnson, President; David Starr Jordan, Vice-President; Carroll G. Pearce, Chairman, Board of Trustees; Grace M. Shepherd, Treasurer; George B. Cook, member; and Durand W. Springer, Secretary.

The various matters which were to be considered by the new Executive Committee were presented and informally discussed, after which an adjournment was taken to the morning of August 26, at which time action was taken by the Executive Committee as follows:

The Secretary was authorized to continue thru the *Bulletin* his investigation as to the feasibility of publishing the *Proceedings* in both magazine and volume form.

The recommendation that a monograph on Religious Education be published was concurred in.

The Secretary was authorized to prepare the list of persons to be elected as corresponding members in accordance with the action of the Board of Directors and notify them of such election.

A communication from the National Institution for Moral Instruction was laid on the table until the fall meeting of the Executive Committee.

The Secretary was authorized to make out a bill in favor of Agnes Doherty, who was elected trustee to succeed James M. Greenwood, deceased, to include her expenses at Oakland and one-half the railroad fare.

The Secretary was authorized to purchase a dictaphone and a set of the *Century Dictionary and Cyclopædia*.

The question as to the time and place of the fall meeting of the Executive Committee was left with the President to determine.

The suggestion of the Secretary that the one thousand dollars which had been advanced for expenses incurred between the close of the fiscal year, July 1, and the time of the summer meeting, which was later this year than usual, should be retained in the Secretary's office as a working capital, being treated as Impressed Cash, was concurred in.

THE NATIONAL COUNCIL OF EDUCATION

CONSTITUTION*

PREAMBLE

The National Council of Education shall have for its object the consideration and discussion of educational questions of general interest and public importance, and the presentation, thru printed reports, of the substance of the discussions and the conclusions formulated. It shall be its object to reach and disseminate correct thinking on educational questions; and, for this purpose, it shall be the aim of the Council, in conducting its discussions, to define and state with accuracy the different views and theories on the subject under consideration, and, secondly, to discover and represent fairly the grounds and reasons for each theory or view, so far as to show, as completely as possible, the genesis of opinion on the subject. It shall be the duty of the Council, in pursuance of this object, to encourage from all its members the most careful statement of differences in opinion, together with the completest statement of grounds for the same. It shall further require the careful preservation and presentation of the individual differences of opinion, whenever grounds have been furnished for the same by members of the Council. It shall invite the freest discussion and embody the new suggestions developed by such discussions. It shall prepare, thru its president, an annual report to the National Education Association, setting forth the questions considered by the Council during the previous year, and placing before the Association, in succinct form, the work accomplished. It shall embody in this report a survey of those educational topics which seem to call for any action on the part of the Association. The Council shall appoint, out of its own number, committees representing the several departments of education, and thereby facilitate the exchange of opinion among its members on such special topics as demand the attention of the profession or of the public.

REPORT OF THE SECRETARY
OF THE
NATIONAL EDUCATION ASSOCIATION OF THE
UNITED STATES

SECRETARY'S OFFICE, ANN ARBOR, MICH., July 1, 1915

To the Executive Committee of the National Education Association:

The following is submitted as an annual report for the year ending June 30, 1915.

A year ago, the cash balance was \$148.70. We close this year with a cash balance of \$2,616.67. During the year, we have expended nearly \$1,400.00 in office equipment, the same having been authorized by you, contingent upon a balance at the end of the year of \$2,000.00.

A year ago, the special appropriations authorized by the Board of Directors, following action taken by the Active Members at the annual meeting, amounted to \$3,475.00. The expenditures on these appropriations have been \$3,238.94.

There are a few unpaid bills which will be carried over, as they were not received in time to be included in the annual report.

As a result of the informal vote taken on the question of issuing the *Proceedings* in both volume and magazine form, I would suggest that the investigation be continued during the coming year. Most of those active members who have joined within recent years favor the magazine form, while active members of a longer term of membership favor the volume form. No attempt was made to secure the opinions of associate members, but those who did express themselves were practically unanimous for the magazine form. Associate memberships are largely taken out by persons in the contributing territory of the place of meeting. They would become more interested in the working of the organization if during that year they were to receive the *Proceedings* in magazine form ten times a year rather than in a single volume when the school year is half over. I believe that we should retain as members of the Association or at least as subscribers to the magazine form of the *Proceedings* about one thousand of these associate members each year.

When the Executive Committee of the National Education Association met for its October meeting in 1914, a communication was received from a resident of California offering a prize of one thousand dollars for the best essay on "The Essential Place of Religion in Education with an Outline of a Plan for Introducing Religious Teaching into the Public Schools," provided the Association was willing to carry on a prize-essay contest on that subject. The interest that the donor had in the general subject coupled with the fact that the 1915 meeting of the Association was to be held in connection with the Panama-Pacific International Exposition and was to be in the nature of an International Congress on Education were the reasons stated for the offer.

Religion was to be defined in a way not to run counter to the creeds of Protestant, Roman Catholic, or Jew. The essential points to be observed were: A Heavenly Father who holds nature and man alike in the hollow of his hand; the commandment of Hillel and Jesus of Nazareth, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and thy neighbor as thyself"; the high ethical teachings and spirit of service and sacrifice indicated in the Sermon on the Mount.

The Executive Committee authorized the contest and announcements concerning the same were printed in the *N.E.A. Bulletin* for December and sent to the various educational and religious papers.

A nation-wide interest was awakened, as shown by the fact that 1,381 persons, representing every state in the Union save one, entered the contest. The essays were limited to ten thousand words. June 1 was set as the date when essays were to be presented, and 432 essays were filed by that time. The essays were read and sorted by five preliminary sets of judges. The final Board of Judges, which had been selected with a view to representing every section of the country, every phase of education, and the various religious beliefs, was as follows:

Adelaide Steele Baylor, State Department of Education, Indianapolis, Ind.

William T. Foster, president, Reed College, Portland, Ore.

Louis Grossman, principal, Teachers Institute, Hebrew Union College, Cincinnati, Ohio.

John H. Phillips, superintendent of schools, Birmingham, Ala.

Thomas E. Shields, editor, *Catholic Educational Review*, professor of education, Catholic University of America, Washington, D.C.

The decision of the judges was announced in connection with the Friday afternoon meeting of the Association, August 27. The prize was awarded to Charles E. Rugh, professor of education, University of California, Berkeley, Cal., and special mention was made of the essays presented by

Laura H. Wild, professor of biblical history and literature, Lake Erie College, Painesville, Ohio.

Frances Virginia Frisbie, teacher, Wilkes-Barre High School, Wilkes-Barre, Pa.

Clarence Reed, minister, Unitarian Church, Palo Alto, Cal.

Anna B. West, lecturer and writer, Newburyport, Mass.

It will be noted that the writers selected by the judges represent different relationships to the educational system.

The suggestion has been made that it would be wise for the Association to print a monograph containing these five essays and also a synopsis of the points brought out by the other writers. This could be sold for an amount which would reimburse the Association for the expense incurred, and I recommend that authorization to publish the same be granted.

In addition to the report of the business of the Secretary's office for the year July 1, 1914, to June 30, 1915, attention is called to the following record of the number of Active Members enrolled for the statistical year December 31, 1914, to December 31, 1915. The enrolment at the date of this report is 7,441. There have been added since the last membership list was published 1,037 new active members. The net increase in active members for the year is 378.

*Property located at 4762 Lake Park Avenue, Chicago, was obtained by foreclosure in 1907 to secure a mortgage loan made in 1899. It was listed at \$5,500.00 but was sold for \$3,500.00, causing a shrinkage in the total amount of the Permanent Fund.

THE SECRETARY'S OFFICE

Since the establishment of an office for the Secretary, it has been the custom, under the direction of the Trustees and Board of Directors, for the Secretary to assume full charge of the collection of the annual dues and all other receipts at the annual convention, turning over the same to the Treasurer during the convention and accounting to the Treasurer directly for all money so collected. It has been the invariable custom for the Treasurer to check up all convention receipts, during the convention, from the original stubs of membership certificates issued, and to audit the same and receipt to the Secretary for all convention revenues, which revenues are, therefore, not included in the record of receipts at the Secretary's office as covered by this report.

During the remainder of the year, the Secretary has been charged by the Board of Trustees and the Board of Directors with the collection of annual dues of active members not attending the annual conventions; of enrolment fees and dues of new members enrolled at other times than during the annual convention; of receipts from the sale of back volumes, reports, committee reports, and from all other sources. The revenue from these sources is reported by the Secretary to the Treasurer monthly, and all accounts of both Secretary and Treasurer are examined and audited by an audit company at the close of each fiscal year.
