imental school in each of the forty-eight school districts for the purpose of studying changes in the method of promotion, the grading of pupils, and the courses of study.

CHARACTER EDUCATION INSTITUTION TO BE ENDOWED—Plans for the endowment of the Character Education Institution are maturing. $10,000 of securities have been deposited by the Donor as the beginning of an irrevocable endowment trust. The terms of this trust have been so drawn that the educationists who are members of the Character Education Institution will have absolute freedom in the use of the annual income to carry out the objectives in the institution's charter, but will not have control over the endowment funds. The financial trustee is the National Savings and Trust Company of Washington, D. C. When the endowment becomes very large, it will be distributed to regional trustees, one in each section of the Nation.

The original $10,000 will eventually be raised to $1,000,000, which is to run cumulatively for over a hundred and fifty years beyond the death of the Donor. One per cent of the income annually will be paid the Institution for expenses and the remainder will be added to the principal. The final endowment fund will amount to about $300,000,000 producing some twelve to fifteen millions annually for the Institution to use for character education in schools.

The membership of the Character Education Institution is restricted to the State commissioners and superintendents of education, or deputies—forty-eight in number—and nine trustees in the District of Columbia. All of the fifty-seven members are *ex officio*, chosen in some social, public way. The trustees are two from the Federal Bureau of Education, (the Commissioner and an associate appointed by himself), two from the District public schools (the superintendent and an associate appointed by himself), the secretary of the National Education Association, the secretary of The National Congress of Mothers, the dean of some school of education in the District of Columbia, the chairman of the division of psychology and anthropology of the National Research Council and the chairman of the Character Education Institution, who is also chairman of the trustees. The working nucleus for thorough research as to materials and methods in character education will be a group of research secretaries which constitutes a faculty under the chairman. Their work will be chiefly in "applied-science" problems, but they will collaborate with university professors, on the basis of special appropriations, in working out the "pure science" basis on which practical character education work in schools ought to be done.

The Institution is non-commercial, has nothing for sale and receives no royalties. Its endowment is to set it free to serve the best interests of the children and the Nation.

BARS THE BIBLE IN SCHOOLS. King James' Version is sectarian, California court holds—San Francisco, Nov. 1.—The King James version of the Bible "is the accepted Protestant version" and therefore sectarian, the supreme court has decided in an opinion made public today reversing a judgment of a superior court in Kings county which permitted the Selma Union High school district to purchase two copies of the Bible for the school library. The court held the acquisition of the Bibles by the school would be in direct violation of the school law.—From *Washington Post*, November 2.

SCHOOL TRUSTEES JAILED—Chicago Officials Begin Terms Imposed in 1919 Controversy—Chicago, Oct. 24.—James Rezny, former school board trustee; Hart Hanson, and Dr. B. Larkowski, present trustees, sentenced to jail in the school board contempt case, started to serve their sentences tonight. Mrs. Frances Thornson and Mrs. Lulu M. Snodgrass, former trustees, paid fines of $750 and $500, respectively, while Dr. Sadie B. Adair, trustee, paid a $750 fine and escaped jail sentences.

The arrests are the result of the contempt action before Judge Kickman Scanlan in 1919, when the school board was charged with violating an injunction by stripping Superintendent of Schools Charles Chadsey of his powers and forcing him to resign. The arrests followed a recent supreme court decision upholding the sentences imposed by Judge Scanlan and declaring Governor Len Small exceeded his authority in pardoning the ten men and women involved.—*Washington Post.*
