How This Index is Made

ARTICLES and poems are indexed under authors and titles. A few subject headings—like Education Bill, Salaries for Teachers, and Commencements—are used. Abstracts are listed under authors only. Portraits are included in the main alphabet. Reference is given to editorials under the heading "Editorials" and to each editorial under title in the main alphabet. Illustrations are listed by titles when not connected specifically with articles.

Contents of THE JOURNAL OF THE NATIONAL EDUCATION ASSOCIATION are listed in the Readers' Guide to Periodical Literature.
