The JOURNAL of the NATIONAL EDUCATION ASSOCIATION

VOLUME XVII

JANUARY - DECEMBER, 1928

IN APRIL, 1913, the National Education Association began publishing a leaflet known as the *N. E. A. Bulletin*. That bulletin developed into the present JOURNAL. The last issue of the *N. E. A. Bulletin* is Volume 9, Number 4, December, 1920. The first issue of the present JOURNAL is Volume 10, Number 1, January, 1921. It should not be confused with an earlier journal—a preprint from the Proceedings—that was published from September, 1916, to May, 1919.

A checklist of the Association's publications from 1857 to 1924 is found in its Proceedings for 1924, pages 1041-60. Additional lists are published each year in the Proceedings.

Persons binding their copies of the JOURNAL into an annual volume will use this sheet for a title page. The 1928 volume includes *nine* issues, one for each month except July, August, and September.

The Printer

THROUGH countless centuries of old time, from pyramid building to cathedral building, civilization limped along, dragging one foot wearily after the other, unmindful of passing years, ignorant of the thought world, and not suspecting the possibilities of the common man. Then came the printer, heaven-appointed prophet of the new ages to be, opening the doors to worlds unknown. Civilization leaped forward, alive and eager, romping through the years, scattering new ideas with a prodigal hand as seeds into the fertile soil of human possibility. Today, thanks to the printed word, the common man, conscious of his powers, may look upon a broader horizon than did the wisest men of old. Tomorrow, perchance, the sky will brighten into an unclouded day in human progress—a day more worthy of the cumulative efforts of the ages.

How This Index is Made

ARTICLES and poems are indexed under authors and titles. A few subject headings—like Education Bill, Salaries for Teachers, and Commencements—are used. Abstracts are listed under authors only. Portraits are included in the main alphabet. Reference is given to editorials under the heading "Editorials" and to each editorial under title in the main alphabet. Illustrations are listed by titles when not connected specifically with articles.

Contents of THE JOURNAL OF THE NATIONAL EDUCATION ASSOCIATION are listed in the Readers' Guide to Periodical Literature.
