

INDEX TO VOLUME VI

- Ability**, to learn of children and adults, 86; of teachers dependent on salary schedule, 210; professional, of teachers, as a basis of fixing salaries, 238; economic, of school boards to provide school facilities, 288, 289.
- Ability grouping.** *See*, Homogeneous grouping.
- Acceleration**, Pupil, in supervised classes, 92, 93.
- Administration**, issues to be faced preliminary to adopting junior high school plan of, 14, 15-19; reasons for favoring junior high school plan, 15; as a function of elementary school principal, 88, 89, 90, 103-107; amount of elementary school principal's time allotted to, 89, 90, 91; work of elementary school principal, relating to, defined, 103; discipline as a function of, 103, 104; relation of, to form of school organization, 104; program making as a function of, 104; routine activities in, 104, 105; standardization of procedures in, 105; direction of janitor as a function of, 105; duties of, relating to school supplies, 106; report on teacher participation in, 124; study of principalship as a problem of, 126; bibliography, 142-143; of teachers' retirement systems, 165, 166, 168, 170, 172, 174, 176, 178, 180. *See also*, Eight-four plan; High schools; Junior high schools; Personnel administration; Six-four-four plan; Six-three-three plan.
- Adolescence**, a turning point in child's life, 5; junior high school adapted to needs of, 5, 8, 14, 15, 29, 53; characteristics of, 66.
- Almack, J. C.**, quoted, 213.
- Alabama**, plans affecting retirement legislation, 183.
- American Bankers Association**, use of banks, 270, 271; savings deposits, 281.
- American Educational Digest**, article cited, 218.
- Americanization**, study by Research Committee of Sioux City Administration Club, 124.
- Arizona**, plans affecting retirement legislation, 183.
- Arkansas**, plans affecting retirement legislation, 183.
- Art education**, objectives, in junior high school, 48, 49; content of junior high school curriculum, 48, 49; bibliography, 55-56; list of course of study bulletins, 69.
- Art Education Committee**, of Sixth Yearbook, quoted, 48.
- Associations**, types of professional, in which elementary school principals can work, 120; growth of state, local and national elementary school principals', 120; suggestions for group work by elementary school principals', 120-127; programs of elementary school principals' for improving standards of preparation, 121; steps in improving salary schedules by elementary school principals', 121, 122; development of principals' handbooks by elementary school principals', 122-124; suggested problems for research by elementary school principals', 124-126; types of publications issued by elementary school principals', 126; value of publications of elementary school principals', 127; organization of elementary school principals' for publications, 127; vote of seventy on employment of married women as teachers, 219.
- Attendance**, bibliography, 142-143; of teachers at summer schools, 228, 229; stimulated by war, 261, 262; increase in public school, 262, 285, 286, 288; weighted days', 287, 288; effect on school costs of increase, 286, 287, 288. *See also*, Enrollment.
- Automobiles**, expenditures for, 272.
- Ayres, L. P.**, on future prosperity, 281.
- Baltimore**, division of principal's time in, 90; law governing retirement of city employees, 178, 179.
- Barber**, quoted, 41.
- Berkeley, California**, first junior high schools in, 8.
- Bibliography**, junior high schools, 54-67, 69-78; art education, 55-56, 69; commercial education, 57, 69; English, 57-58, 69-71; foreign languages, 58, 71; health and physical education, 59, 72-73; home economics, 60-61, 73-74; industrial arts, 61, 74-75; Latin, 62; music, 62-63, 76; mathematics, 63, 75; science, 64, 76-77; social sciences, 64-65, 77-78; counseling and guidance, 66-67; general courses for junior high schools in city and state school systems, 71-72; penmanship, 76; suggestions for reading of elementary school principals, 116-119; on principal's work, 128-166; history, development and status of the principalship, 128; general duties and time distribution of the principal, 128-129; professional status of the principalship, 129-130; principal as supervisor, 130-131; defining supervision, 131-133; general activities in supervision, 133-134; teaching improvement, 135-136; democracy in supervision, 136; evaluating supervision, 136; rating principals and supervisors, 136; measurement in supervision, 136; class visitation, 138; demonstration lessons, 138; teachers' meetings, 138; promotion and classification, 139; marking systems, 139; curriculums, 139-140; general administration, 140-141; organization, 142; teacher in administration, 142-143; attendance, 143; character education, 143; discipline, 143-144; health education, 144; library, 144; lunchroom, 144; publicity, 144; rating of teachers, 144-145; records and reports, 145-146; community relations, 146; miscellaneous on principal's work, 146; handbooks and pamphlets concerning teacher retirement systems, 191-192; teacher retirement allowances, 195-198; pensions for industrial workers, 198-199; public service retirement systems, 200; pensions for other employees, 200-201; teachers' salaries and salary scheduling, 212; teacher training requirements, 217; married women as teachers, 221, 222; the written examination in certification, selection and promotion of teachers, 224; sabbatical year, 226-227; financial rewards for professional study and travel, 232; sick leave for teachers, 236-237; salaries of men and women teachers, 247-248.
- "Blue Laws for School Teachers,"** article in *Harpers Monthly Magazine*, quoted, 218.
- Boards of education**, issues to be faced by local, preliminary to adopting junior high school plan of organization, 15-19; weaknesses of rules and regulations of local, 122; responsibility to superannuated teachers, 158; rules of local, affecting differentiation between salaries of men and women teachers, 246, 247; percent increase in economic ability to provide school facilities, 288, 289.
- Bobbitt, F.**, quoted, 32.
- Books and reading**, children's interests in, 38; desirable and undesirable qualities in children's, 38. *See also*, Professional books and reading.
- Boy Scouts**, activities of elementary school principals relating to, 112.
- Brubacher, J. S.**, quoted, 219, 220.
- Buckingham, B. R.**, quoted, 213, 214, 215.
- Building construction**, stimulated by war, 262-263; national expenditures for, 272.
- Buildings**, junior high school, 17, 18, 19; expenditures for school, 263.
- Buswell, G. T., and Judd, C. H.**, quoted, 209.
- California**, high school enrolment, 12; plans affecting teachers' retirement legislation, 183; county tax, 267.
- Camp Fire Girls**, activities of elementary school principals relating to, 112.
- Carrothers, G. E.**, study cited, 220.
- Certification**, of junior high school teachers, 17; report of U. S. Bureau of Education, quoted, 17; state requirements for teaching, 213; of teachers, a state function, 222; use of written examination as a basis of, 222; statements from professional schools for teachers as a basis of, 222.
- Champlin, C. D.**, quoted, 214.
- Character education**, research of May and Hartschorn cited, 86; bibliography, 143; an educational aim, 265-266.
- Chicago Principals' Club**, committees on supervision and the curriculum, 124; publications, 126.
- Cincinnati**, salary investigation, 210.
- Cincinnati Principals' Club**, Committee on Administration and Supervision, 124.
- Citizenship**, an educational aim, 265.
- Citizens' Committee on Teachers' Salaries in New York City**, report quoted, 241.
- Clapp**, report cited, 37.
- Clark, J. R.**, quoted, 40, 41.
- Clerks**, duties most frequently delegated to, 110; arguments against employment in elementary schools, 111; need of in small schools, 126.
- Clothing**, percent made in the home in rural and urban communities, 51; unit of instruction in home economics courses, 51.
- Colleges.** *See*, Universities and colleges.
- Colorado**, plans affecting teachers' retirement legislation, 183.
- Columbus, Ohio**, first junior high schools in, 8; list of children's interests relating to science, 36.
- Commercial education**, curriculum variables in junior high school, 44; stages of progress in junior high school curriculum, 44; research in, 44-46; objectives, 45; methods of determining content of junior high school curriculum, 45; positions for which courses should prepare, 45-46; requirements as to quality of handwriting, 46; recommendations of Junior Commerce Curriculum Committee, 46; bibliography, 57; list of course of study bulletins, 69.
- Committee on Educational Progress**, research of, 124.
- Committee on Health and Physical Education in Junior and Senior High Schools**, report cited, 52.

- Committee on Industrial Arts in the Junior High School, report quoted, 46, 47.
- Committee on Junior High School English, report cited, 36, 39.
- Committee on Junior High School Home Economics, report cited, 50.
- Committee on Standards and Training, report cited, 112, 124.
- Community relations. *See*, Extra-professional activities.
- Conclusions, on nation's economic outlook and expenditures, 281-282.
- Connecticut, state teachers' retirement law, tabulated, 174, 175; plans affecting teachers' retirement legislation, 183.
- Connor, W. L., study cited, 91.
- Constants. *See*, Curriculums, constants.
- Coolidge, Calvin, quoted, 290.
- Core curriculums. *See*, Curriculums, constants.
- Cost of living, data essential to teachers' salary investigations, 211.
- Costs and expenditures, for high schools, 15; for elementary schools, 15; for junior high schools, 15, 19; for public elementary and secondary schools, 15, 109, 209, 210, 269, 271-273, 278, 280, 281, and 283-292; of raising teaching elementary principalships to supervisory status, 109; of providing clerical help to elementary school principals, 111; for teachers' retirement systems, 154, 155, 157, 160, 165, 166, 168, 170, 172, 174, 176, 178, 180, 182; for sabbatical year plans, 226; for sick leaves for teachers, 233; for illness in the United States, 233; for school equipment, 263; for life insurance, 271-272; building construction, 272; automobiles, 272; luxuries, 272; for schools compared with other public expenditures, 280; for schools and prosperity, 280-281; for public purposes, 283; amount of school due to growth in attendance, 285, 286, 287, 288; for days' attendance in elementary and high schools compared, 286; percent of public devoted to school, 286; increase in public school due to loss in purchasing power of dollar, 286, 287; amount of increase in school due to increased efficiency, 287, 288, 289; Federal government during the war, 290; decrease in Federal government, 290, 291; amount of Federal government, 291.
- Counseling and guidance. *See*, Educational guidance.
