AN HONOR SOCIETY: ITS ADMINISTRATION AND ACTIVITIES

MARGARET ANNE MacDONALD,

Sponsor of the Cheltenham Chapter of Cheltenham Township
High School, Elkins Park, Pennsylvania.

Membership in the Honor Society is not a reward for things done but a suggestion of how much more ought to be done by those who possess scholarship, leadership, service, and character to a greater than average degree. The social responsibility of the organization in the life of the school is to the individual rather than to the group. Its activities produce an atmosphere that is somewhat more colorful and a creativeness that is somewhat more challenging than felt in the activities of other organizations. The program grows out of the untraditional needs of the hour and does not develop according to prescribed patterns found elsewhere. Continuous and effective relationships resulting from such a changing program can be achieved only through the medium of regular meetings.

The Cheltenham Chapter, consisting of five members from September to March of last year and thirty-three members from March to June, met weekly after school. It was not unusual for the discussions to last one and two hours with the smaller unit. After March the meetings were limited to forty minutes. The work of the year follows below not as a record of achievement but as a suggestion of thinking and initiative awaiting expression.

FORUM: ART OF LIVING.

A long felt need existed for the opportunity to discuss problems pertaining to daily living. To meet this desire the forum was offered to the school as a club. A speaker led the group in discussion one week and the following week the group crystallized its thinking and the thinking of the speaker. The honor society members determined the phases of life they were

most perplexed about, sought the perplexities of others, contacted the speakers, and arranged the following program of discussion:

Friendship	National Problems
Athletics: General Principles	How to Budget
Health: General Principles	Our Community Responsibilities
How to Study	Recreation
Discovering Ourselves	Relationship of Public and Private Welfare Agencies
Personality	Racial Relations
Meaning of Culture	Creative Expression
Speech	Success
Religion: What is it?	How to Travel
Happiness	Know Philadelphia
Marriage	
Appreciation of the Arts	
Current Books	

PROGRAM FOR COÖPERATION WITHIN THE HOME ROOM.

A survey of honors and awards showed emphasis upon individual awards rather than group awards. The Honor Society desired to stimulate the latter by a program of education consisting of three parts: scholarship improvement in the home room, home room service to the school, and intramural participation. Points were allotted to each of these responsibilities according to the degree of achievement. The home room receiving the highest total score was honored in assembly on award day.

Scholarship improvement was determined by:

1. Listing the total number of pupils in the home room.
2. Counting the number of points of increase and decrease on each pupils' report card.
3. Multiplying the increase or decrease in each subject by the number of hours per week the subject was taken.

The result was the average improvement per working hour per pupil in the home room. The four average improvements compiled by honor society members were totaled after the fifth report. The highest total was scored one hundred and fifty points and the other totals were graded proportionately.

All facts regarding the service of the home room to the school were supplied in writing by the home room and judged on the following basis by a committee consisting of two faculty

members, two representatives from the student council, and one representative from the Honor Society.

1. Participation—

(Any piece of work which involved tangible activities such as dances, Christmas contributions, toy and jar collections, etc.)

Origin 25 points

Work involved 45

1. Number of people involved..... (35)

(One point per person)

2. Amount of time involved..... (10)

Satisfactory Completion..... 30

2. Control—

(Any piece of work which involved the control of a school situation and the re-directing of attitudes in relation to it such as clean-up, study of property destruction, study of assembly behavior, etc.)

Origin 25 points

Work involved

1. Number of people involved..... (35)

(One point per person)

2. Amount of time involved..... (50)

Satisfactory Completion..... 40

The highest score obtainable was one hundred points or one hundred and fifty points. This required a home room to create its activity and to carry it out to satisfactory completion. The home room coöperating best with another group in a collective piece of service received fifty points. The other home rooms coöperating were recognized proportionately according to their results. It was not unusual for activities to involve the coöperative service of all home rooms.

ALL-COLLEGE DAY.

The times prompted a consideration of the problems who should go to college, substitutes for college, and prerequisites for particular vocations. At the start it was evident that a schedule of individual appointments with authorities in the fields of individual desires would be impossible. The greatest good to the greatest number lay in bringing the authorities

to the school for consultation. Whether the authorities should be selected to represent certain colleges or certain professions became a question for decision. It was encouraging to have the Honor Society members object to any form of college advertising. They were eager to have the pupils of the school meet those whose personality, training, and experience could direct or redirect their educational and occupational thinking. All-College Day began with an assembly. Dean Max McConn of Lehigh University spoke on who should go to college. A luncheon followed for the guests. Men and women representing the fields of business, dramatics, fine arts, home economics, journalism, law, medicine, music, nursing, occupational therapy, social work, and teaching spent the afternoon in the library guiding and informing those who came to them with general and specific interests. The personnel department of the school followed the work of the afternoon with further attention to those pupils whose guidance by the visitors required special consideration in relation to their individual case histories.

SERVICE CERTIFICATE.

A study of service and leadership as defined by the faculty led to a more all-inclusive interpretation of those two qualifications. It then was discovered that many who lacked leadership, or scholarship and leadership served unusually well in a very quiet way. Service of that kind was too valuable a contribution to be passed by unnoticed. The honor society decided to recognize it by granting a service certificate at commencement to not more than ten per cent of the senior class whose service record throughout the senior school warranted such recognition and whose attitude and spirit had been commendable. Honor Society members were excluded from the award. A faculty committee of five considered the nominations of the Honor Society and the faculty in the light of the requisites stated above.

PUPIL-HELP CLINIC.

The moment came when the Honor Society sought more personal contacts with individuals. This ambition found an outlet in helping pupils who needed assistance with their work. There was nothing unusual about the procedure. It simply provided for the mechanics of administration.

1. Tutors were members of the Honor Society and pupil volunteers from the school at large. Their applications were approved by the chairman of the departments represented and the Honor Society as an organization.
2. Pupils desiring help made application for tutoring service to the Honor Society upon a prescribed form. Failure to keep an appointment automatically ended the responsibility of the Honor Society to the individual until another formal application was made.

TEAS.

The orientation program for the new pupils did not include the eleventh and twelfth years. The social element entered more acutely into their adjustment due to the fact that they had to break through barriers set up unconsciously while the tenth grade formed its organizations and members attached themselves to each other. A tea was given to acquaint the new eleventh and twelfth year pupils with the Honor Society members and to acquaint the Honor Society members with them. To fit into a group one must feel himself a part of it through participation. Accordingly no program was planned other than to have each guest tell those attending the tea about the kind of school from which he came.

Every organization should guard against the dead center habit of activity. An interchange of ideas with others can kindle colorful and creative enthusiasm for activities unthought of but needed. The Honor Society felt the urge to meet the members of other Honor Societies in the suburban area. It invited to tea the sponsor and two representatives from each school having such an organization. The meeting of many others who possessed similar qualifications to a more or less degree emphasized the responsibility one owed to his school and himself. Eight organizations shared their activity programs with each other. A discussion period followed for more intimate questioning relative to the details behind various plans described. Just one hour of conference revealed the limited or unlimited tendencies in the past vision of individual groups.

OTHER ACTIVITIES.

A large enrollment made it difficult to ascertain when pupils and faculty members were ill. It seemed important that they should be thought of by some organization. The Honor Society assumed this courtesy as another opportunity to do something which brought it in close touch with individuals. Throughout the year cards were sent to everyone who was ill.

The student-help fund administered by the personnel department had unusual demands to meet. Periodically its funds became dangerously low. At one of these crises the Honor Society contributed twenty-five dollars to the work.

The handbook was revised by the Honor Society. The revision committee aimed to write the material for the pupils from the pupils' point of view. The student council, home rooms, and the departments of English, fine arts, industrial arts, and commercial education coöperated in making the new handbook complete and valuable.

The student council had pledged itself to the elimination of unnecessary demands for money. To share in this economy program the Honor Society studied the existing expenses of members of class organizations, athletic association, student association, and subscribers to publications and paid performances. The results of the study were recommendations to the faculty for suggested eliminations of certain activities within the organizations mentioned above which would not impair the scope of their work. The senior members of the Honor Society were concerned about the increasing number who could not go to Washington. They discovered that a weekly savings of fifteen or twenty cents from the beginning of the tenth year would enable one to have the amount necessary for the trip by the spring of the twelfth year. The next step was a questionnaire canvass of the pupils to determine the number interested in opening such an account in the school bank if it should care to assume the responsibility. The facts obtained were presented to the principal and the manager of the bank for consideration.

Interest in debating had dwindled to the point at which stimulation of some sort by the pupils was imperative. Interclass debates were revived. The Honor Society interviewed the class advisers, English teachers, other members of the faculty, and pupils for their reactions to the plan and their

suggestions relative to subjects, dates, and arrangement of teams. Judges were secured and an open discussion was planned to take place after the second debate. The topic of intramural athletics lent itself to participation by the school at large because an intramural program was in the process of development.

The annual alumni dinner preceded class night. By request the speaker of the occasion presented his interpretation of the art of living. An account of the work of the organization and the announcement of the officers for the following year completed the dinner meeting.

DEPARTMENT MATTERS

NATIONAL HONOR SOCIETY

Over ten years ago the Department of Secondary-School Principals (then the National Association of Secondary-School Principals) organized the National Honor Society with the end in view of stimulating scholarship in the secondary schools of the United States. To-day there are over fourteen hundred chapters and these are in the best high schools in the country. The four objectives of the society are: to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character. Every high-school principal who has a chapter is enthusiastic over the productive results of this organization in his school. Direct all requests for literature to H. V. Church, 5835 Kimbark Avenue, Chicago.

WARNING

The National Honor Society has met with such great success that imitations are springing up in different parts of the country. These pseudo honor societies seem to have largely a commercial objective and plan to exploit scholarship for financial ends. Members of our department are warned to beware of any plan to sell pins or emblems to pupils under the guise of scholarship, and are urged not to lend their aid or influence to such organizations.

The Department of Secondary-School Principals recommends only the National Honor Society and the National Junior Honor Society.

FOURTH PRICE LIST OF NATIONAL HONOR EMBLEMS

The prices of emblems were lowered during the summer of 1933, but the NRA code and the rising price of gold has made two subsequent increases necessary. The latest prices are below:

Senior Emblems			
14K Charm	\$3.63	14K Pin	\$2.78
10K Charm	3.00	10K Pin	2.34
Gold Filled Charm	1.60	Gold Filled Pin	1.00

(Our jewelers say gold filled emblems will wear twenty years.)

These are remittance-with-order prices, and are post-paid. Add ten cents an emblem to the above prices if C. O. D. handling is desired. Engraved letters 3c each additional; guard with chain one dollar additional. If a guard is ordered, be sure to state whether a numeral, as '33 or '34, or an initial, is desired. (The C. O. D. fee is 25c up to \$10.00; 30c up to \$50.00; and to this should be added 25c messenger service, besides the money order fee. It is too expensive to order C. O. D. Do not do it.)

Send All Orders to H. V. CHURCH, 5835 Kimbark Avenue, Chicago.

SEALS AND MEMBERSHIP CARDS

Membership Cards—Since the organization of the National Honor Society there has been a growing demand for membership cards in the organization. Cards of membership, both for members of the National Honor Society and for the members of the National Junior Honor Society are now on sale. The cards (2½"x2¾") are engrossed on a fine quality of cardboard, have the emblem of the Society embossed upon them, and require only the insertion of the name of the member.

The price of the cards is five cents apiece.

Seals—The Seal (1¼"x1½") is a gilt embossed sticker to be affixed on the diplomas of members of chapters. A replica of the emblem is embossed on the seal.

The price of the seals is five cents apiece.

NATIONAL HONOR MEMBERSHIP CERTIFICATES

In response to repeated demands, the Department of Secondary-School Principals has prepared membership certificates (8½"x11") for members of the National Honor Society. These certificates are lithographed on artificial parchment with the die of a facsimile of the emblem stamped in gold. They sell for fifteen cents apiece post-paid. Direct orders to H. V. CHURCH, 5835 Kimbark Avenue, Chicago.

ENGRAVED STATIONERY

So many requests for National Honor stationery have come in that a supply is now on hand to meet the demands. This writing material is designed for the use of members and sponsors of the chapters of the National Honor Society. The engraved letterheads with envelopes to match come in two sizes with prices as follows:

48 engraved sheets, $7\frac{1}{4} \times 10\frac{1}{2}$	}	-----\$1.00
48 envelopes, $3\frac{3}{8} \times 7\frac{1}{2}$		
48 engraved folded note sheets, $6\frac{3}{4} \times 10\frac{1}{4}$	}	-----\$1.00
48 envelopes, 3 9-16x5 9-16		

These prices are post-paid. Remittance should accompany order, and orders must be approved by principal or by sponsor. Samples are sent on request.

Direct orders to H. V. CHURCH, 5835 Kimbark Avenue, Chicago.

THE NATIONAL JUNIOR HONOR SOCIETY

The National Junior Honor Society is patterned very closely after the Senior Honor Society. The Junior Society is designed for ninth and tenth grades in four year high schools and for eighth, ninth, and tenth grades in junior high schools. This organization is now a going concern, and already there are a number of chapters, both in senior high schools and junior high schools. The national constitution, the model constitution, and booklet of information as well as the application blank will be sent on request. Direct all applications to H. V. CHURCH, Executive Secretary, 5835 Kimbark Avenue, Chicago.

CERTIFICATES OF RECOMMENDATION

The Department of Secondary-School Principals has been distributing uniform certificates of recommendation for over ten years. At first they were sent out free to the members of the Department, but the demand for the certificates became so great that the printing and mailing charges became a burden to the treasury. Therefore, a change was made.

The blanks are used in transferring pupils from one secondary school to another and particularly from high school to college. The certificates are sent post-paid at the following prices:

NEW PRICE LIST

Mailing from	100	200	500	1000

Direct orders to H. V. CHURCH, 5835 Kimbark Avenue, Chicago.

STANDARD HIGH-SCHOOL PERSONAL RECORD BLANKS

The standard record forms which were approved by the Department of Secondary-School Principals at the meeting at Boston are now printed on cardboard suitable for vertical filing systems. This card, 5x8, is especially designed for small and medium size high schools.

Space is provided on these blanks for scholarship records for five years. The extra year is included for pupils of four-year high schools who may desire to do graduate work. It is recommended that six-year junior-senior high schools use separate cards for the records of the junior and of the senior schools.

When the guidance information called for in the lower right hand corner seems to be of a changeable nature, as would often be true of such items as "Vocational Preference" it is suggested that it be written in pencil so that it can be erased and changed when necessary.

The schedule of prices, post-paid, follows:

NEW PRICE LIST
